SUPPLEMENTARY INFORMATION:

How can I access the docket and/or submit comments?

EPA has established a public docket for this ICR under Docket ID No. EPA–HQ–RCRA–2011–0280, which is available for online viewing at www.regulations.gov or in person viewing at the RCRA Docket in the EPA Docket Center homepage at http://www.epa.gov/epahome/dockets.htm.

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) evaluate the accuracy of the Agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) enhance the quality, utility, and clarity of the information to be collected; and

(iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

In addition, EPA is requesting comments on some proposed changes to the Hazardous Waste Report form and instructions designed to clarify long-standing points of confusion. Some of these changes are scheduled for the 2011 booklet, some for the 2013 booklet. The proposed changes can be found in a draft Hazardous Waste Report Form and Instructions booklet in the docket for this notice.
