

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 1 hour per response.

Respondents: Federal animal health authorities of certain regions that export live poultry, poultry meat, and other poultry products; importers.

Estimated annual number of respondents: 11.

Estimated annual number of responses per respondent: 19.272727.

Estimated annual number of responses: 212.

Estimated total annual burden on respondents: 212 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 21st day of May 2012.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2012-0018]

Notice of Request for Extension of Approval of an Information Collection; Importation of Papaya From Colombia and Ecuador

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with regulations for the importation of commercial shipments of fresh papaya from Colombia and Ecuador into the continental United States.

DATES: We will consider all comments that we receive on or before July 24, 2012.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!documentDetail;D=APHIS-2012-0018-0001>.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2012-0018, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2012-0018> or

in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on regulations for the importation of commercial shipments of fresh papaya from Colombia and Ecuador, contact Ms. Dorothy Wayson, Regulatory Coordination Specialist, Regulatory Coordination and Compliance, PPQ, APHIS, 4700 River Road Unit 156, Riverdale, MD 20737; (301) 851-2036. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

SUPPLEMENTARY INFORMATION:

Title: Importation of Papaya from Colombia and Ecuador.

OMB Number: 0579-0358.

Type of Request: Extension of approval of an information collection.

Abstract: The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. Regulations authorized by the PPA concerning the importation of fruits and vegetables into the United States from certain parts of the world are contained in "Subpart—Fruits and Vegetables" (7 CFR 319.56-1 through 319.56-56).

Under these regulations, commercial shipments of fresh papaya from Colombia and Ecuador are subject to certain conditions before entering the continental United States to prevent the

introduction of plant pests into the United States. The regulations include requirements for approved production locations; field sanitation; hot water treatment; procedures for packing and shipping the papayas; and fruit fly trapping in papaya production areas. In order to document that these requirements have been met, the regulations require the use of phytosanitary certificates and recordkeeping.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.5 hours per response.

Respondents: National plant protection organizations of Colombia and Ecuador and importers of papaya.

Estimated annual number of respondents: 3.

Estimated annual number of responses per respondent: 100.666.

Estimated annual number of responses: 302.

Estimated total annual burden on respondents: 151 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 21st day of May 2012.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF AGRICULTURE

Economic Research Service

Notice of Intent To Request Revision and Extension of a Currently Approved Information Collection

AGENCY: Economic Research Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and Office of Management and Budget (OMB) implementing regulations, this notice announces the Economic Research Service's (ERS) intention to request renewal of approval for an annual information collection on supplemental food security questions in the Current Population Survey (CPS), commencing with the December 2013 survey. These data will be used: to monitor household-level food security and food insecurity in the United States; to assess food security and changes in food security for population subgroups; to assess the need for, and performance of, domestic food assistance programs; to improve the measurement of food security; and to provide information to aid in public policy decision making.

DATES: Comments on this notice must be received by July 24, 2012 to be assured of consideration.

ADDRESSES: Address all comments concerning this notice to Mark Nord, Food Assistance Branch, Food Economics Division, Economic Research Service, Room 5-232, 1400 Independence Ave. SW., Mail Stop 1800, Washington, DC 20050-1800. Submit electronic comments to marknord@ers.usda.gov. Comments will also be accepted through the Federal eRulemaking Portal. Go to <http://www.regulations.gov>, and follow the online instructions for submitting comments electronically.

FOR FURTHER INFORMATION CONTACT: Mark Nord at the address in the preamble. Tel. 202-694-5433.

SUPPLEMENTARY INFORMATION:

Title: Current Population Survey Food Security Supplement.

OMB Number: 0536-0043.

Expiration Date of Approval: December 31, 2012.

Type of Request: Intent To Seek Approval To Extend an Information Collection for 3 Years.

Abstract: In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13) and OMB regulations at 5 CFR part 1320 (60 FR 44978, August 29, 1995), this notice announces the ERS intention to request renewal of approval for an annual information collection. The U.S. Census Bureau will supplement the December CPS, beginning in 2013, with questions regarding household food shopping, use of food and nutrition assistance programs, food sufficiency, and difficulties in meeting household food needs. A similar supplement has been appended to the CPS annually since 1995. The last collection was in December 2011.

ERS is responsible for conducting studies and evaluations of the Nation's food and nutrition assistance programs that are administered by the Food and Nutrition Service (FNS), U.S. Department of Agriculture. The Department currently spends about \$103 billion each year to ensure access to nutritious, healthful diets for all Americans. The Food and Nutrition Service administers the 15 food assistance programs of the USDA including the Supplemental Nutrition Assistance Program (SNAP), formerly called the Food Stamp Program, the National School Lunch Program, and the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC). These programs, which serve 1 in 4 Americans, represent our Nation's commitment to the principle that no one in our country should lack the food needed for an active, healthy life. They provide a safety net to people in need. The programs' goals are to provide needy persons with access to a more nutritious diet, to improve the eating habits of the Nation's children, and to help America's farmers by providing an outlet for the distribution of food purchased under farmer assistance authorities.

The data collected by the food security supplement will be used to monitor the prevalence of food security and the prevalence and severity of food insecurity among the Nation's households. The prevalence of these conditions as well as year-to-year trends in their prevalence will be estimated at the national level and for population subgroups. The data will also be used to monitor the amounts that households spend for food and their use of community food pantries and emergency kitchens. These statistics along with research based on the data will be used to identify the causes and

consequences of food insecurity, and to assess the need for, and performance of, domestic food assistance programs. The data will also be used to improve the measurement of food security and to develop measures of additional aspects and dimensions of food security. This consistent measurement of the extent and severity of food insecurity will aid in policy decision-making.

The supplemental survey instrument was developed in conjunction with food security experts nationwide as well as survey method experts within the Census Bureau and was reviewed in 2006 by the Committee on National Statistics of the National Research Council. This supplemental information will be collected by both personal visit and telephone interviews in conjunction with the regular monthly CPS interviewing. Interviews will be conducted using Computer Assisted Personal Interview (CAPI) and Computer Assisted Telephone Interview (CATI) methods.

Authority: Legislative authority for the planned data collection are 7 U.S.C. 2204(a) and 7 U.S.C. 2026(a)(1) of the Food and Nutrition Act of 2008. This latter section authorizes the Secretary to enter into contracts with private and public institutions to collect data to undertake research that would improve the administration and effectiveness of the SNAP in delivering nutrition-related benefits.

Estimate of Burden: Public reporting burden for this data collection is estimated to average 7.7 minutes (after rounding) for each household that responds to the labor force portion of the CPS. The estimate is based on the number of households that were asked each question in recent survey years and typical reading and response times for the questions.

Respondents: Individuals or households.

Estimated Total Number of Respondents: 53,935.

Estimated Total Annual Burden on Respondents: 6,927 hours. Copies of this information collection can be obtained from Mark Nord at the address in the preamble.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of
