Time: 9:00 a.m. to 3:30 p.m.

Agenda: The NIH Recombinant DNA Advisory Committee (RAC) will discuss selected human gene transfer protocols. Please view the meeting agenda at http://oba.od.nih.gov/rdna_rac/rac_meetings.html for more information.

Place: National Institutes of Health, Building 31C, 9000 Rockville Pike, 6th Floor Conference Room, Rockville, MD 20892.

Contact Person: Ch�elle George, Office of Biotechnology Activities, Office of Science Policy/OD, National Institutes of Health, 6705 Rockledge Drive, Room 750, Bethesda, MD 20892, 301-496-9838, georgec@od.nih.gov.

OBA will again offer those members of the public viewing the meeting via webcast (see OBA Meetings Page available at http://oba.od.nih.gov/rdna_rac/rac_meetings.html) the opportunity to submit comments during the public comment periods. Individuals wishing to submit comments should use the comment form, which will accommodate comments up to 1500 characters, and will be available on the OBA Web site during the meeting (see OBA Meetings Page). Please limit your comments to a statement that can be read in one to two minutes. Please include your name and affiliation with your comment. Only comments submitted through the OBA Web site will be read.

OBA will read comments into the record during the public comment periods as stated on the agenda. It is not unusual for the meeting to run ahead or behind schedule due to changes in the time needed to review a protocol. It is advisable to monitor the webcast to determine when public comments will be read. Each public comment period follows a specific discussion item. OBA will

read comments that are related to the protocol under discussion at that time. General comments unrelated to the protocol or presentation under discussion at that time. General comments unrelated to a specific agenda item will be read at the end of the meeting, time permitting. Comments submitted by email through the OBA Web site will follow any comments by individuals attending the meeting. Comments will be read in the order received and your name and affiliation will be read with the comments. Please note OBA may not be able to read every comment received in the time allotted for public comment. Comments not read will become part of the public record.

In the interest of security, NIH has instituted stringent procedures for entrance onto the NIH campus. All visitor vehicles, including taxicabs, hotel, and airport shuttles will be inspected before being allowed on campus. Visitors will be asked to show one form of identification (for example, a government-issued photo ID, driver's license, or passport) and to state the purpose of their visit. Information is also available on the Institute's/Center's home page: <http://oba.od.nih.gov/rdna/rdna.html>, where an agenda and any additional information for the meeting will be posted when available.

OMB's "Mandatory Information Requirements for Federal Assistance Program Announcements" (45 FR 39592, June 11, 1980) requires a statement concerning the official government programs contained in the Catalog of Federal Domestic Assistance. Normally NIH lists in its announcements the number and title of affected individual programs for the guidance of the public. Because the guidance in this notice covers virtually every NIH and Federal research program in which DNA recombinant molecule techniques could be used, it has been determined not to be cost effective or in the public interest to attempt to list these programs. Such a list would likely require several additional pages. In addition, NIH could not be certain that every Federal program would be included as many Federal agencies, as well as private organizations, both national and international, have elected to follow the NIH Guidelines. In lieu of the individual program listing, NIH invites readers to direct questions to the information address above about whether individual programs listed in the Catalog of Federal Domestic Assistance are affected. (Catalogue of Federal Domestic Assistance Program Nos. 93.14, Intramural Research Training Award; 93.22, Clinical Research Loan Repayment Program for Individuals from Disadvantaged Backgrounds; 93.232, Loan Repayment Program for Research Generally; 93.39, Academic Research Enhancement Award; 93.936, NIH Acquired Immunodeficiency Syndrome Research Loan Repayment Program; 93.187, Undergraduate Scholarship Program for Individuals from Disadvantaged Backgrounds, National Institutes of Health, HHS)

Dated: May 18, 2012.

Director, Office of Federal Advisory Committee Policy.
