I. Abstract

This request is for a new information collection.

The NOAA Office of Education's Bay Watershed Education and Training (B-WET) program seeks to contribute to NOAA's mission by supporting education efforts to create an environmentally literate citizenry with the knowledge, attitudes, and skills needed to protect watersheds and

related ocean, coastal, and Great Lakes ecosystems. B-WET currently funds projects in seven regions (California, Chesapeake Bay, Great Lakes, Gulf of Mexico, Hawaii, New England, and the Pacific Northwest). B-WET proposes to create an across-region, internal evaluation system to provide ongoing feedback on program implementation and outcomes to ensure maximum quality and efficiency of the B-WET program. The evaluation system will be sustained by B-WET staff with occasional assistance from an outside contractor.

B-WET awardees and the awardees' professional development teacher-participants will be asked to voluntarily complete an online survey form to provide evaluation data. One individual from each awardee organization will be asked to complete a form once per year of the award, and the teacher-participants will be asked to complete one form at the end of their professional development program. In addition, B-WET seeks approval of an item bank that awardees can choose to use to construct surveys for youth participants (ages 10-17) in B-WET-funded programs.

II. Method of Collection

Respondents will submit their information electronically on Web-based survey forms.
