**Southwest Pennsylvania Railroad Company—Acquisition Exemption—Laurel Hill Development Corporation**

Southwest Pennsylvania Railroad Company (SPRC), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to acquire a 0.66-mile line of railroad owned by Laurel Hill Development Corporation (LHDC) (formerly Fay Penn Industrial Development Corporation) (Fay Penn).<sup>1</sup> The trackage to be acquired by SPRC is known as the Redstone Branch, extending between Rail Valuation Stations 874+34 and 839+30 in Uniontown, Pa., and more particularly described on Valuation Maps V. 23.24/16+17, containing 12.21 acres. SPRC, the current operator of the line, states that it intends to expand and upgrade wye track facilities and branch line tracks to improve operational efficiencies and to better serve its customers.

SPRC certifies that its projected annual revenues as a result of the transaction will not exceed those that would qualify it as a Class III rail carrier and will not exceed \$5 million.

The transaction may be consummated on or after June 20, 2012, the effective date of the exemption.

In *Southwest Pennsylvania Railroad Company—Lease and Operation Exemption—Lines of Westmoreland County Industrial Development Corporation and Fay-Penn Land Trust*, FD 32737 (ICC served July 21, 1995), SPRC was authorized to lease and operate that rail line.
