base an impact determination. In addition to considering estimates of the number of marine mammals that might be “taken” through behavioral harassment, NMFS must consider other factors, such as the likely nature of any responses (their intensity, duration, etc.), the context of any responses (critical reproductive time or location, migration, etc.), or any of the other variables mentioned in the first paragraph (if known), as well as the number and nature of estimated Level A takes, the number of estimated mortalities, and effects on habitat.

The aforementioned additional mitigation and monitoring measures will increase the buffer zone to account for marine mammal movement and increase marine mammal visual monitoring efforts to ensure that no marine mammal would be in a zone where injury and/or mortality could occur as a result of time-delayed detonation.

In addition, the estimated exposures are based on the probability of the animals occurring in the area when a training event is occurring, and this probability does not change based on the use of TDFDs or implementation of mitigation measures (i.e., the exposure model does not account for how the charge is initiated and assumes no mitigation is being implemented). Therefore, the potential effects to marine mammal species and stocks as a result of the proposed mine neutralization training activities are the same as those analyzed in the final rules governing the incidental takes for these activities. Consequently, NMFS believes that the existing analyses in the final rules do not change as a result of the proposed LOA to include mine neutralization training activities using TDFDs.

Further, there will be no increase of marine mammal takes as analyzed in previous rules governing NMFS issued incidental takes that could result from the Navy’s training activities within these Range Complexes by using TDFDs.

Based on the analyses of the potential impacts from the proposed mine countermeasure training exercises conducted within the MIRC, especially on the proposed improvement on marine mammal monitoring and mitigation measures, NMFS has preliminarily determined that the modification of the Navy’s current LOA to include taking of marine mammals incidental to mine neutralization training using TDFD within the MIRC will have negligible impact on the marine mammal species and stocks present in these action areas, provided that additional mitigation and monitoring measures are implemented.

**ESA**

There are five marine mammal species that are listed as endangered under the ESA with confirmed or possible occurrence in the MIRC: Humpback whale, blue whale, fin whale, sei whale, and sperm whale.

Pursuant to Section 7 of the ESA, NMFS has begun consultation internally on the issuance of the modified LOAs under section 101(a)(5)(A) of the MMPA for these activities. Consultation will be concluded prior to a determination on the issuance of the modified LOAs.

**National Environmental Policy Act (NEPA)**

NMFS participated as a cooperating agency on the Navy’s Final Environmental Impact Statements (FEIS’s) for the MIRC. NMFS subsequently adopted the Navy’s EIS’s for the purpose of complying with the MMPA. For the modification of the LOA, which include TDFDs, but also specifically add monitoring and mitigation measures to minimize the likelihood of any additional impacts from TDFDs, NMFS has determined that there are no changes in the potential effects to marine mammal species and stocks as a result of the proposed mine neutralization training activities using TDFDs. Therefore, no additional NEPA analysis will be required, and the information in the existing EIS’s remains sufficient.

**Preliminary Determination**

Based on the analysis contained herein of the likely effects of the specified activity on marine mammals and their habitat and dependent upon the implementation of the mitigation measures, NMFS preliminarily finds that the total taking from Navy mine neutralization training exercises utilizing TDFDs in the MIRC will have a negligible impact on the affected marine mammal species or stocks. NMFS has proposed issuing the modified LOA to allow takes of marine mammals incidental to the Navy’s mine neutralization training exercises using TDFDs, provided that the proposed improvements to the monitoring and mitigation measures are implemented.

Dated: June 1, 2012.

Helen M. Golde,
Acting Director, Office of Protected Resources, National Marine Fisheries Service.

**CONSUMER PRODUCT SAFETY COMMISSION**

**Sunshine Act Meeting**

**TIME AND DATE:** Wednesday, June 13, 2012, 10 a.m.—11 a.m.

**PLACE:** Room 420, Bethesda Towers, 4330 East West Highway, Bethesda, Maryland.

**STATUS:** Commission Meeting—Open to the Public.

**MATTERS TO BE CONSIDERED:**
**Briefing Matter:** Play Yards—Final Rule.

A live webcast of the Meeting can be viewed at www.cpsc.gov/webcast.

For a recorded message containing the latest agenda information, call (301) 504—7948.

**CONTACT PERSON FOR MORE INFORMATION:**
Todd A. Stevenson, Office of the Secretary, U.S. Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814, (301) 504—7923.

**Dated:** June 5, 2012.

Todd A. Stevenson,
Secretary.

**DEPARTMENT OF DEFENSE**

**Office of the Secretary**

[Docket No. USA–2007–0014]

**Submission for OMB Review; Comment Request**

**ACTION:** Notice.

The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

**DATES:** Consideration will be given to all comments received by July 9, 2012.

**Title and OMB Number:** Assessing Human Response to Military Impulse Noise; OMB Control Number 0710–TBD.

**Type of Request:** Reinstatement.

**Number of Respondents:** 958.

**Average Burden per Respondent:** 15.64.

**Annual Responses:** 14,983.

**Annual Burden Hours:** 0.0792 hours.

**Annual Burden Hours:** 1,187.

**Needs and Uses:** This information collection requirement is necessary to obtain information on the relationship between community annoyance and complaints, related to impulsive noise from military installations. The
information will provide the necessary tools and guidance for military installations to effectively balance the need for training operations at military installations with public safety and welfare.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent’s Obligation: Voluntary.

OMB Desk Officer: Mr. Jim Laity.

Written comments and recommendations on the proposed information collection should be sent to Mr. Laity at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

You may also submit comments, identified by docket number and title, by the following method:

Instructions: All submissions received must include the agency name, docket number and title, the Federal Register document. The general policy is to make these submissions available for public viewing on the Internet at http://www.regulations.gov as they are received without change, including any personal identifiers or contact information.

DOD Clearance Officer: Ms. Patricia Toppings.

Written requests for copies of the information collection proposal should be sent to Ms. Toppings at WHS/ESD/Information Management Division, 4800 Mark Center Drive, East Tower, Suite 02G09, Alexandria, VA 22350–3100.

Patricia L. Toppings,

OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001–06–P

DEPARTMENT OF EDUCATION

Applications for New Awards;

Disability and Rehabilitation Research Projects and Centers Program;

National Data and Statistical Center for the Burn Model Systems

AGENCY: Office of Special Education and Rehabilitative Services, Department of Education.

ACTION: Notice.

Overview Information

National Institute on Disability and Rehabilitation Research (NIDRR)—Disability and Rehabilitation Research Projects and Centers Program—Disability and Rehabilitation Research Projects (DRRPs)—National Data and Statistical Center for the Burn Model Systems (National BMS Data Center). Notice inviting applications for new awards for fiscal year (FY) 2012.

Catalog of Federal Domestic Assistance (CFDA) Number: 84.133A–4.

Dates:

Date of Pre-Application Meeting: June 28, 2012.

Deadline for Transmittal of Applications: August 6, 2012.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the Disability and Rehabilitation Research Projects and Centers Program is to plan and conduct research, demonstration projects, training, and related activities, including international activities, to develop methods, procedures, and rehabilitation technology that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency of individuals with disabilities, especially individuals with the most severe disabilities and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended (Rehabilitation Act).

Disability and Rehabilitation Research Projects (DRRPs)

The purpose of DRRPs, which are funded under NIDRR’s Disability and Rehabilitation Research Projects and Centers Program, is to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended, by developing methods, procedures, and rehabilitation technologies that advance a wide range of independent living and employment outcomes for individuals with disabilities, especially individuals with the most severe disabilities. DRRPs carry out one or more of the following types of activities, as specified and defined in 34 CFR 350.13 through 350.19: Research, training, demonstration, development, dissemination, utilization, and technical assistance. Additionally information on DRRPs can be found at: www.ed.gov/rschstat/research/pubs/res-program.

Priority: NIDRR has established two absolute priorities for this competition. Absolute Priorities: The General DRRP Requirements priority, which applies to all DRRP competitions, is from the notice of final priorities for the Disability and Rehabilitation Research Projects and Centers Program, published in the Federal Register on April 28, 2006 (71 FR 25472), The National Data and Statistical Center for the Burn Model Systems (National BMS Data Center) priority is from the notice of final priority for this program, published elsewhere in this issue of the Federal Register.

For FY 2012 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3) we consider only applications that meet these priorities.

These priorities are: General Disability Rehabilitation Research Projects (DRRP) Requirements and National Data and Statistical Center for the Burn Model Systems (National BMS Data Center).

Note: The full text of these priorities is included in the pertinent notice of final priority published in the Federal Register and in the application package for this competition.

Program Authority: 29 U.S.C. 762(g) and 764(a).

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 80, 81, 82, 84, 86, and 97. (b) The Education Department suspension and debarment regulations in 2 CFR part 3485. (c) The regulations for this program in 34 CFR part 350. (d) The notice of final priorities for the Disability and Rehabilitation Research Projects and Centers program, published in the Federal Register on April 28, 2006 (71 FR 25472). (e) The notice of final priority for this program, published elsewhere in this issue of the Federal Register.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education (IHES) only.

II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds: $350,000.

Maximum Award: We will reject any application that proposes a budget exceeding $350,000 for a single budget period of 12 months. The Assistant Secretary for Special Education and Rehabilitative Services may change the budget period.

Project Period: Up to 60 months.
