### Announcement of Requirements and Registration for "Blue Button Mash Up Challenge"

**AGENCY:** Office of the National Coordinator for Health Information Technology, HHS.

*Award Approving Official:* Farzad Mostashari, National Coordinator for Health Information Technology.

**ACTION:** Notice.

**SUMMARY:** The Office of the National Coordinator for Health Information Technology (ONC) and the Department of Veterans Affairs are working to empower individuals to be partners in their health through health information technology (health IT). Giving patients access to information about them related to the care they receive from doctors and other healthcare providers is in itself valuable, but it is also important to enable patients to use that information to make informed decisions.

Individuals should be able to access and use their basic health information together with other information to take action: To better understand their current health status, use decision support software to choose treatments, anticipate and consider the costs of different options, and target and modify the everyday behaviors that have the greatest impact on their health. Inspired by the well-known "three-part aim" for improvement of the health care system, this challenge requires participants to help individuals to take action based on combining their health information with additional information that puts it into a more meaningful context.

The statutory authority for this challenge competition is Section 105 of the America COMPETES Reauthorization Act of 2010 (Pub. L. 111-358).

**DATES:** Effective on June 5, 2012. Challenge submission period ends September 5, 2012, 11:59 p.m. et.
