Intended Recipient of the Award:
SouthEast Alaska Regional Health Consortium.

Amount of the Award: \$700,000.00.

CFDA Number: 93.912.

Project Period: September 1, 2011 through March 31, 2013.

Authority: Section 330A of the Public Health Service Act, as amended, (42 U.S.C. 254c).

Justification

The Medicare Prescription Drug Improvement and Modernization Act of 2003 (MMA) authorized CMS to conduct a demonstration program in which FESCs would be treated as Medicare providers. The CMS demonstration took several years to develop and officially began on April 1, 2010, when the first clinic site submitted the first claim to CMS. This 3-year demonstration will run until March 2013.

In 2004, Congress appropriated funds to HRSA to undertake a demonstration project that supports the development of a FESC CMS Medicare provider type. By supplementing the award to the current recipient, there will be continued support to keep the FESC sites participating through (or close to) the end of the CMS demonstration. The CMS demonstration provides payments only for FESC services provided to Medicare beneficiaries. On average, only 20 percent of FESC services are Medicare-eligible, meaning that the clinics do not receive payment for as much as 80 percent of their FESC services. HRSA funds provide support for those services that are not reimbursed by Medicare.
