

interested in and/or potentially affected by the planned project.

Becoming an Intervenor

Once Corpus Christi Liquefaction files its application with the Commission, you may want to become an “intervenor” which is an official party to the Commission’s proceeding. Intervenor play a more formal role in the process and are able to file briefs, appear at hearings, and be heard by the courts if they choose to appeal the Commission’s final ruling. An intervenor formally participates in the proceeding by filing a request to intervene. Instructions for becoming an intervenor are in the User’s Guide under the “e-filing” link on the Commission’s Web site. Please note that the Commission will not accept requests for intervenor status at this time. You must wait until the Commission receives a formal application for the project.

Additional Information

Additional information about the project is available from the Commission’s Office of External Affairs, at (866) 208–FERC, or on the FERC Web site (www.ferc.gov) using the eLibrary link. Click on the eLibrary link, click on “General Search” and enter the docket number, excluding the last three digits in the Docket Number field (i.e., PF12–3–000). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208–3676, or for TTY, contact (202) 502–8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/esubscribenow.htm.

Finally, public meetings or site visits will be posted on the Commission’s calendar located at www.ferc.gov/EventCalendar/EventsList.aspx along with other related information.

Dated: June 1, 2012.

Southeastern Power Administration

Georgia-Alabama-South Carolina System of Projects

AGENCY: Southeastern Power Administration, DOE.

ACTION: Notice of extension of time to present written comments.

SUMMARY: The period for submitting written comments on Southeastern’s proposed rate adjustment is extended to June 19, 2012.

DATES: Written comments may be submitted until the close of business June 19, 2012.

ADDRESSES: Written comments should be submitted to: Kenneth E. Legg, Administrator, Southeastern Power Administration, Department of Energy, 1166 Athens Tech Road, Elberton, Georgia 30635–6711.

FOR FURTHER INFORMATION CONTACT: Virgil G. Hobbs, III, Assistant Administrator for Finance and Marketing Division, Southeastern Power Administration, Department of Energy, 1166 Athens Tech Road, Elberton, Georgia, 30635–6711 (706–213–3838).

SUPPLEMENTARY INFORMATION: On March 7, 2012, Southeastern published a Notice in the **Federal Register** at Vol. 77 FR 13594 that proposed new rate

schedules to replace the current wholesale power schedules for the Georgia-Alabama-South Carolina System for a five-year period from October 1, 2012, to September 30, 2017. The Notice outlined a public comment process that included a public information and comment forum for the Georgia-Alabama-South Carolina customers and interested parties which was held in Atlanta, Georgia, on April 24, 2012. Pursuant to 10 CFR 903.14, the public information process provided that additional written comments would be due to Southeastern on or before June 5, 2012. The Georgia-Alabama-South Carolina customers, through their representatives, have requested an extension of the comment period from June 5, 2012, to close of business on June 19, 2012. The customers state that additional time is needed in order to review the extensive materials and information provided and developed at and after the forum and to allow sufficient time for such necessary review and preparation of informed comments regarding the new proposed rates. For the reasons stated above, and as provided for in 10 CFR 903.14, Southeastern hereby extends the period for submission of written comments to the close of business June 19, 2012.

Dated: May 31, 2012.

Herbert R. Nadler,
Acting Administrator.

Agency Information Collection Activities; Proposed Collection; Comment Request; Trade Secret Claims for Emergency Planning and Community Right-To-Know Information; EPA ICR No. 1428.09

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that the Environmental Protection Agency (EPA) is planning to submit a request to renew an existing approved Information Collection Request (ICR) to the Office of Management and Budget (OMB). This ICR is scheduled to expire on November 30, 2012. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects

of the proposed information collection as described below.

DATES: Comments must be submitted on or before August 7, 2012.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-SFUND-2006-0361, by one of the following methods:

- *www.regulations.gov*: Follow the on-line instructions for submitting comments.
- Email: *superfund.docket@epa.gov*.
- Fax: (202) 566-0224.
- Mail: Superfund Docket,

Environmental Protection Agency,
Mailcode: 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460.

- *Hand Delivery:* Docket Center, EPA West Bldg., Room 3334, 1301 Constitution Avenue NW., Washington, DC 20460. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-SFUND-2006-0361 identified by the Docket ID Number provided for each item in the text. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at *www.regulations.gov*, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through *www.regulations.gov* or email. The *www.regulations.gov* Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through *www.regulations.gov* your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA

Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

FOR FURTHER INFORMATION CONTACT: Sicy Jacob, Office of Emergency Management, Mail Code 5104A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (202) 564-8019; fax number: (202) 564-2620; email address: *jacob.sicy@epa.gov*.

SUPPLEMENTARY INFORMATION:

How can I access the docket and/or submit comments?

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-SFUND-2006-0361 which is available for online viewing at *www.regulations.gov*, or in-person viewing at the Superfund Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The EPA/DC Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for the Superfund Docket is 202-566-1744.

Use *www.regulations.gov* to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified in this document.

What information is EPA particularly interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

- (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (iii) Enhance the quality, utility, and clarity of the information to be collected; and
- (iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting

electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

What should I consider when I prepare my comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Offer alternative ways to improve the collection activity.
6. Make sure to submit your comments by the deadline identified under DATES.
7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

What information collection activity or ICR does this apply to?

Docket ID No. EPA-HQ-SFUND-2006-0361.

Affected entities: Entities potentially affected by this action are manufacturers or non-manufacturers subject to reporting under Sections 303, 311/312 or 313 of the Emergency Planning and Community Right-to-Know Act (EPCRA).

Title: Trade Secret Claims for Emergency Planning and Community Right-to-Know Information.

ICR number: EPA ICR No. 1428.09, OMB Control No. 2050-0078.

ICR status: This ICR is currently scheduled to expire on November 30, 2012. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This information collection request pertains to trade secrecy claims submitted under Section 322 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA). EPCRA contains provisions requiring facilities to report to State and local authorities, and EPA, the presence of extremely hazardous substances (Section 302), inventory of hazardous chemicals (Sections 311 and 312) and manufacture, process and use of toxic chemicals (Section 313). Section 322 of EPCRA allows a facility to withhold the specific chemical identity from these EPCRA reports if the facility asserts a claim of trade secrecy for that chemical identity. The provisions in Section 322 establish the requirements and procedures that facilities must follow to request trade secrecy treatment of chemical identities, as well as the procedures for submitting public petitions to the Agency for review of the "sufficiency" of trade secrecy claims.

Trade secrecy protection is provided for specific chemical identities contained in reports submitted under each of the following: (1) Section 303 (d)(2)—Facility notification of changes that have or are about to occur, (2) Section 303 (d)(3)—Local Emergency Planning Committee (LEPC) requests for facility information to develop or implement emergency plans, (3) Section 311—Material Safety Data Sheets (MSDSs) submitted by facilities, or lists of those chemicals submitted in place of the MSDSs, (4) Section 312—Emergency and hazardous chemical inventory forms (Tier I and Tier II), and (5) Section 313 Toxic chemical release inventory form.

Burden Statement: The burden and costs stated below are from the current approved ICR. The annual public reporting and recordkeeping burden for this collection of information is estimated to average 9.8 hours per claim. Prior to submitting ICR package to OMB, the Agency will revise the costs associated with this ICR based on the current labor and wage rates provided in the Bureau of Labor and Statistics, Employer Costs for Employee Compensation.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any

previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The current approved ICR 1428.08 provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Respondents/Affected Entities: Entities potentially affected by this action are manufacturers or non-manufacturers subject to reporting under sections 303, 311/312 or 313 of the Emergency Planning and Community Right-to-Know Act (EPCRA).

Estimated total number of potential respondents: 481.

Frequency of response: Trade secret claims are submitted by facilities either annually with reports submitted under sections 312 and 313 of EPCRA or during the time the LEPC request information under section 303 of EPCRA.

Estimated total average number of responses for each respondent: One

Estimated total annual burden hours: 4,658 hours.

Estimated total annual costs: \$0, which includes \$0 annualized capital or O&M costs.

Are there changes in the estimates from the last approval?

The burden hours and costs provided here are from the current approved ICR. Prior to submitting the ICR package to OMB, EPA may revise the burden hours and costs based on the current labor and wage rates provided in the Bureau of Labor and Statistics, Employer Costs for Employee Compensation.

What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another Federal Register notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: May 30, 2012.

Director, Office of Emergency Management.

Draft Toxicological Review of Ammonia: In Support of the Summary Information in the Integrated Risk Information System (IRIS)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of public comment period and listening session.

SUMMARY: EPA is announcing a 60-day public comment period and a public listening session for the external review draft human health assessment titled "Toxicological Review of Ammonia: In Support of Summary Information on the Integrated Risk Information System (IRIS)" (EPA/635/R-11/013A). The draft assessment was prepared by the National Center for Environmental Assessment (NCEA) within the EPA Office of Research and Development (ORD). EPA is releasing this draft assessment for the purposes of public comment and peer review. This draft assessment is not final as described in EPA's information quality guidelines, and it does not represent and should not be construed to represent Agency policy or views.

EPA's Science Advisory Board (SAB) will convene an expert panel for independent external peer review of the draft assessment. The EPA SAB is a body established under the Federal Advisory Committee Act with a broad mandate to advise the Agency on scientific matters. The public comment period and the SAB peer review are separate processes that provide opportunities for all interested parties to comment on the document. The SAB will schedule one or more public peer-review meetings, which will be announced in the **Federal Register** at a later date.

EPA is also announcing a listening session to be held on Thursday, July 12, 2012, during the public comment period. The purpose of the listening session is to allow all interested parties to present scientific and technical comments on the draft IRIS health assessment to EPA and other interested parties attending the listening session. EPA welcomes the scientific and technical comments that will be provided to the Agency by the listening
