

issue identification during the scoping process. Such issues include: direct, indirect, and cumulative environmental impacts, protection of the East Lynn Lake including surface and groundwater water quality, integrity of the dam, cultural, social science, and economic impacts associated with commercial leasing of the Federal coal.

The Notice of Intent (NOI) to prepare a LUA/EIS for Federal coal leasing administered by the BLM in Wayne County, West Virginia was published in the **Federal Register** on July 14, 2005 (70 FR 40723). As originally stated in the NOI, the LUA/EIS is to evaluate the potential impacts associated with the commercial leasing of Federal coal in the East Lynn Lake Project area. A notice announcing the availability of the Draft LUA and Draft EIS and Notice of Public Hearing was published in the **Federal Register** by the EPA on June 27, 2008. A 90-day comment period on the Draft LUA/Draft EIS commenced with publication of the EPA's notice of availability, which would have ended on September 24, 2008. On September 9, 2008, a Notice of Extension was published in the **Federal Register** to extend the comment period an additional 45 days and this period ended on November 10, 2008. The BLM's **Federal Register** notice announced the date and time of the public hearing, which was held on July 31, 2008, in Wayne, West Virginia. The purpose of the hearing was to solicit comments on the Draft LUA/Draft EIS, the fair market value, and the maximum economic recovery of the Federal coal. Seven statements were given as testimony at the public hearing; they are summarized in an appendix in the Final LUA/Final EIS. During the Draft LUA/Draft EIS comment period, the BLM received 48 comment letters, included in an appendix to the Final LUA/Final EIS with BLM's responses to the comments. Comments on the Draft LUA/Draft EIS received from the public and internal BLM review were considered and incorporated as appropriate into the document. Public comments resulted in the addition of clarification text, but did not significantly change the Final LUA/Final EIS.

Instructions for filing a protest with the Director of the BLM regarding the Final LUA/Final EIS may be found in the Dear Reader Letter of the East Lynn Lake Project Final LUA/Final EIS and at 43 CFR 1610.5-2. Emailed and faxed protests will not be accepted as valid protests unless the protesting party also provides the original letter by either regular or overnight mail postmarked by the close of the protest period. Under

these conditions, the BLM will consider the emailed or faxed protest as an advance copy and the comment will receive full consideration. If you wish to provide the BLM with such advance notification, please direct faxed protests to the attention of the BLM protest coordinator at (202) 912-7212, and emails to bhudgens@blm.gov.

All protests, including the follow-up letter (if emailing or faxing) must be in writing and mailed to the appropriate address, as set forth in the **ADDRESSES** section above.

Before including your phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us in your protest to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Mike Pool,

Acting Director.

National Register of Historic Places; Notification of Pending Nominations and Related Actions

Nominations for the following properties being considered for listing or related actions in the National Register were received by the National Park Service before May 12, 2012. Pursuant to section 60.13 of 36 CFR Part 60, written comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation. Comments may be forwarded by United States Postal Service, to the National Register of Historic Places, National Park Service, 1849 C St. NW., MS 2280, Washington, DC 20240; by all other carriers, National Register of Historic Places, National Park Service, 1201 Eye St. NW., 8th floor, Washington, DC 20005; or by fax, 202-371-6447. Written or faxed comments should be submitted by June 26, 2012. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal

identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: May 22, 2012.

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

Environmental Documents Prepared for Oil, Gas, and Mineral Operations by the Gulf of Mexico Outer Continental Shelf (OCS) Region

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Notice of the availability of environmental documents prepared for OCS mineral proposals by the Gulf of Mexico OCS Region

SUMMARY: BOEM, in accordance with Federal Regulations that implement the National Environmental Policy Act (NEPA), announces the availability of NEPA-related Site-Specific Environmental Assessments (SEAs), Environmental Assessments (EAs), and Findings of No Significant Impact (FONSIs). These EAs were prepared during the period January 1, 2012, through March 30, 2012, for oil, gas, and mineral-related activities that were proposed on the Gulf of Mexico, or more specifically described in the Supplementary Information Section of this notice.

FOR FURTHER INFORMATION CONTACT: Public Information Unit, Information Services Section at the number below.

Bureau of Ocean Energy Management, Gulf of Mexico OCS Region, Attention: Public Information Office (MS 5034), 1201 Elmwood Park Boulevard, Room 250, New Orleans, Louisiana 70123-2394, or by calling 1-800-200-GULF.

SUPPLEMENTARY INFORMATION: BOEM prepares SEAs and FONSIs for proposals that relate to exploration, development, production, and transport of oil, gas, and mineral resources on the Federal OCS. These SEAs examine the potential environmental effects of activities described in the proposals and present BOEM conclusions regarding the significance of those effects. The EAs are used as a basis for determining whether or not approval of the proposals constitutes a major Federal action that significantly affects the quality of the human environment in accordance with NEPA Section 102(2)(C). A FONSI is prepared in those instances where BOEM finds that approval will not result in significant effects on the quality of the human environment. The FONSI briefly presents the basis for that finding and includes a summary or copy of the SEA.

This notice constitutes the public notice of availability of environmental documents required under the NEPA Regulations.

Activity/operator	Location	Date
GX Technology, Geological & Geophysical Survey, SEA L11-022.	Located in the Central Planning Area of the Gulf of Mexico	1/5/2012
Noble Energy, Inc., Exploration Plan, SEA R-5295.	Located southeast of Venice, Louisiana, 67 miles from the nearest Louisiana shoreline, in Plaquemines Parish, Louisiana.	1/9/2012
