Authority Codes on Appendix A for SLHCs; (4) deleting several Nonbanking Company Types on the Nonbanking Schedule (since these entities would now be reported on the Savings and Loan Schedule), (5) expanding data item 3 on the Large Merchant Banking or Insurance Company Investments Section for respondents to report changes to information previously reported, and (6) incorporating several instructional clarifications. In addition, the Federal Reserve proposes to collect a one-time verification of an SLHC’s organizational structure as a supplement to the FR Y–10, derived from the Federal Reserve’s National Information Center database. These data would allow the Federal Reserve to establish baseline information before SLHCs become subject to the FR Y–10 event-generated reporting.

The Federal Reserve proposes to revise the FR Y–6 reporting form and instructions by expanding the entities that must report to include nonbank financial companies supervised by the Board, SLHCs, SHCs, and DFMUs as authorized under Sections 161, 312, 618, and 809 of the Dodd-Frank Act, 12 U.S.C. 5361, 5412, 1850a(c)(1), and 5468(b)(1), respectively.

The Federal Reserve proposes to consolidate the FR Y–7 glossary definitions into the FR Y–10 glossary with the exception of the definition of “Combined Financial Statements,” which will become a footnote on RI–5. In addition, the Federal Reserve proposes incorporating several FR Y–7 instructional clarifications.

The proposed changes to the FR Y–6 and FR Y–7 reporting form and instructions would be effective with fiscal year-ends beginning December 31, 2012. The proposed FR Y–10 verification for SLHCs would require annotation of data provided by the Federal Reserve. These data would reflect information from the Federal Reserve’s National Information Center database as of October 1, 2012. Institutions would have thirty days to annotate the one-time verification. The proposed changes to the FR Y–10 reporting form and instructions would be effective December 1, 2012.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services.

ACTION: Notice.

Purpose

Beginning October 1, 2012, CDC will implement the expenditure data portion of the Federal Financial Report (FFR) in the Electronic Research Administration (eRA) Commons. The transition to use the FFR for reporting expenditure data includes new reporting dates for annual FFRs, and reporting of cumulative data only.

Background

The Office of Management and Budget has consolidated the Financial Status Report (FSR or SF–269/269A) and the Federal Cash Transaction Report (FCTR or SF–272/SF–272A) into a single form known as the Federal Financial Report (FFR or SF–425/SF–425A). Since January 1, 2010, CDC grantees have been required to report cash transaction data via the Payment Management System (PMS) using the FFR cash transaction data elements. The FSR/FFR module allows grantees to electronically submit a statement of expenditures associated with their grant to the sponsor of the grant via eRA Commons. The new eRA Commons system was piloted with 5 Federal Demonstration Partnership (FDP) institutions that assisted CDC with feedback and testing during the Third Quarter of Fiscal Year 2011.

The Electronic Research Administration (eRA) was established by the National Institutes of Health (NIH) in response to the Government Paperwork Elimination Act requiring federal agencies to pursue electronic means of production. The intent of eRA is to provide for secure receipt, review and administration of electronic grants.

The eRA Commons offers a meeting place for grantees tracking research grants administration information and applications and will now be used by grantees to submit their FFRs.

DATES: The effective date is October 1, 2012.

FOR FURTHER INFORMATION CONTACT: Technical Information Management Section (TIMS), Procurement and Grants Office, Centers for Disease Control and Prevention, 2920 Brandywine Rd, NE., Atlanta, GA 30341; telephone (770) 488–2700; email @ PGOTIM@CDC.GOV.

Implementation

All CDC Financial Expenditure data due on/after October 1, 2012 must be submitted using the FFR via the eFSR/FFR system in the eRA Commons. All Federal Reporting in the Payment Management System is unchanged. All new submissions should be prepared and submitted as FFRs.

CDC’s implementation of the FFR retains a financial reporting period that coincides with the budget period of a particular project. However, the due date for annual FFRs will be 90 days after the end of the calendar quarter in which the budget period ends. Note that this is a change in due dates of annual FFRs and may provide up to 60 additional days to report, depending upon when the budget period end date falls within a calendar quarter. For example, if the budget period ends 1/30/2012, the annual FFR is due 6/30/2012 (90 days after the end of the calendar quarter of 3/31/2012).

Due dates of final reports will remain unchanged. The due date for final FFRs will continue to be 90 days after the project period end date.

Grantees must submit closeout reports in a timely manner. Unless the Grants Management Officer (GMO) of the awarding Institute or Center approves an extension, grantees must submit a final FFR, final progress report, and
