Overview of This Information Collection

(1) *Type of Information Collection:* Extension of a currently approved collection.

(2) *Title of the Form/Collection:* Victims of Crime Act, Victim Assistance Grant Program, State Performance Report.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form number: 1121-0115. Office for Victims of Crime, Office of Justice Programs, U.S. Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: State government. Other: None. The VOCA, Crime Victim Assistance Grant Program, State Performance Report is a required annual submission by state grantees to report to the Office for Victims of Crime (OVC) on the uses and effects VOCA victim assistance grant funds have had on services to crime victims in the State, to certify compliance with the eligibility requirement of VOCA, and to provide a summary of supported activities carried out within the State during the grant period. This information will be aggregated and serve as supporting documentation for the Director's biennial report to the President and to the Congress on the effectiveness of the activities supported by these grants.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The information to compile these reports will be drawn from victim assistance program data to the 56 respondents (grantees). The number of victim assistance programs varies widely from state to state. A state could be responsible for compiling subgrant data for as many as 436 programs (California) to as few as 12 programs (District of Columbia). Therefore, the estimated clerical hours can range from 1 to 70 hours.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The current estimated burden is 1,176 (20 hours per respondent (estimate median) + 1 hour per respondent for recordkeeping × 56 respondents = 1,176 hours). There is a decrease in the annual recordkeeping and reporting burden. This decrease is a result of a change in the number of respondents reporting.
