Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2–1, paragraph (34)(g), of the Instruction. This rule involves establishing a temporary safety zone. An environmental analysis checklist and a categorical exclusion determination will be available in the docket where indicated under ADDRESSES.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, and Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 subpart C as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

2. Add §165.T05–0377, to read as follows:

§165.T05–0377 Safety Zone, Fourth of July Fireworks Event, Pagan River, Smithfield, VA.

(a) Regulated Area. The following area is a safety zone: specified waters of the Captain of the Port Sector Hampton Roads zone, as defined in 33 CFR 3.25–10, within 420 feet of position 36°59′18″ N/076°37′45″ W (NAD 1983) in the vicinity of Clontz Park in Smithfield, VA.

(b) Definition. For purposes of enforcement of this section, Captain of the Port Representative means any U.S. Coast Guard commissioned, warrant or petty officer who has been authorized by the Captain of the Port, Hampton Roads, Virginia to act on his behalf.

(c) Regulation. (1) In accordance with the general regulations in 165.23 of this part, entry into this zone is prohibited unless authorized by the Captain of the Port, Hampton Roads or his designated representatives.

(2) The operator of any vessel in the immediate vicinity of this safety zone shall:

(i) Stop the vessel immediately upon being directed to do so by any commissioned, warrant or petty officer on board a vessel displaying a U.S. Coast Guard Ensign; and

(ii) Proceed as directed by any commissioned, warrant or petty officer on board a vessel displaying a U.S. Coast Guard Ensign.

(d) Enforcement period: This rule will be enforced from 9 p.m. until 10 p.m. on July 3, 2012, with a rain date of July 4, 2012 from 9 p.m. until 10 p.m.

Mark S. Ogle,
Captain, U.S. Coast Guard, Captain of the Port Hampton Roads.

BILLING CODE 9110–10–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG–2011–1007]

RIN 1625AA00

Safety Zone; F/V Deep Sea, Penn Cove, WA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a safety zone around the Fishing Vessel (F/V) Deep Sea, located in Penn Cove, WA. This action is necessary to ensure the safety of the maritime public by preventing contact with potential debris and or hazardous material and allow emergency on-scene vessels to respond to the incident by prohibiting vessels from entering or remaining in the safety zone unless authorized by the Captain of the Port or his Designated Representative.

DATES: This rule is effective in the CFR on June 15, 2012 until 11:59 p.m. on June 15, 2012. This rule is effective with actual notice for purposes of enforcement from May 19, 2012 until June 15, 2012.

ADDRESSES: Documents mentioned in this preamble are part of docket USCG–2011–1007. To view documents mentioned in this preamble as being available in the docket, go to http://www.regulations.gov, type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE.,
The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking with respect to this rule because publishing an NPRM would be impracticable since immediate action is necessary to protect maritime public and response vessels in or around Penn Cove, WA, from hazards created by a sunken fishing vessel, which may include debris and other potentially hazardous materials, and requires emergency response and salvage operations.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. Normal notice and comment procedures cannot be followed due to the immediate threat of collision and/or exposure to hazardous debris and/or materials associated with the sunken F/V Deep Sea.

B. Basis and Purpose

On the evening of May 13, 2012, the F/V Deep Sea, sank after catching fire. Containment and absorbent boom is being used to mitigate any impact to the environment from released hazardous wastes. Multiple assets are on-scene responding to contain and clean up hazardous material, assess potential environmental impact and/or response and coordinate salvage operations. As a result the Coast Guard is establishing a safety zone around the F/V Deep Sea, located in Penn Cove, WA. The safety zone created by this rule is necessary to help ensure the safety of maritime public and the personnel involved in response and salvage operations with regard to the sunken F/V Deep Sea. It prevents navigation in areas where response and salvage vessels may be operating and that may contain debris or hazardous materials produced from and as a result of the sunken F/V Deep Sea.

C. Discussion of the Final Rule

The Coast Guard is establishing a safety zone which encompasses all waters within 200 yards of the F/V Deep Sea, sunken in Penn Cove, WA. Vessels wishing to enter the zone must request permission for entry by contacting on-scene patrol craft on VHF CH 13 or Joint Harbor Operation Center at (206) 217–6001. Once permission for entry is granted, vessels must proceed at a minimum speed necessary for safe navigation.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 14 of these statutes or executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. This rule is not a significant regulatory action due to being limited in size and duration.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities, some of which may be small entities: the owners or operators vessels intending to transit the affected waterway during the period mentioned. This safety zone will not have a significant economic impact on a substantial number of small entities because the zone established in this rule is limited in size and vessels may transit through area with permission from the COTP.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.
7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in an expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions Concerning Regulations Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of an emergency safety zone. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination will be available in the docket where indicated under ADDRESSES. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and Recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

§ 165.13–220 Safety Zone; F/V Deep Sea, Penn Cove, WA.

(a) Location. The following area is designated as a safety zone: All waters encompassing 200 yards of the Fishing Vessel Deep Sea located at approximately 48°13′18″ N, 122°47′42″ W, Penn Cove, WA.

(b) Regulations. In accordance with the general regulations in 33 CFR 165, Subpart C, vessels wishing to enter the zone must request permission for entry by contacting the Joint Harbor Operation Center at (206) 217–6001 or the on-scene patrol craft on VHF CH 13. Once permission for entry is granted vessels must proceed at a minimum speed necessary for safe navigation.

(c) Enforcement period. This rule will be effective from 12 a.m. on May 19, 2012 until 11:59 p.m. on June 15, 2012 unless cancelled sooner by the Captain of the Port.

Dated: May 18, 2012.

S.J. Ferguson,
Captain, U.S. Coast Guard, Captain of the Port, Puget Sound.

[Docket Number USCG–2012–0488]

RIN 1625–AA00

Safety Zones; Multiple Firework Displays in Captain of the Port, Puget Sound Zone

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing safety zones in Boston Harbor, Holmes Harbor, Port Gardner and Port Townsend for various summer fireworks displays. The safety zones are necessary to help ensure the safety of the maritime public during the displays and will do so by prohibiting all persons and vessels from entering the safety zones unless authorized by the Captain of the Port or his designated representative.

DATES: This rule is effective from 5 p.m. on July 3, 2012, until 1 a.m. on July 5, 2012.

ADDRESSES: Documents mentioned in this preamble are part of docket USCG–2012–0488. To view documents mentioned in this preamble as being available in the docket, go to http://www.regulations.gov, type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email ENS Anthony P. LaBoy, Coast Guard Sector Puget Sound, Waterways Management Division; telephone 206–217–6323, email SectorPugetSoundWWM@uscg.mil.
