SUPPLEMENTARY INFORMATION: On March 23, 2010, the President signed into law the Affordable Care Act (ACA), Public Law 111-148. The ACA is designed to improve and expand the scope of health care coverage for Americans. Cost savings through disease prevention is an important element of this legislation and the ACA has established a Prevention and Public Health Fund (PPHF) for this purpose. Specifically, the legislation states in Section 4002 that the PPHF is to "provide for expanded and sustained national investment in prevention and public health programs to improve health and

help restrain the rate of growth in private and public sector health care costs." The ACA and the Prevention and Public Health Fund make improving public health a priority with investments to improve public health.

The PPHF states that the Secretary shall transfer amounts in the Fund to accounts within the Department of Health and Human Services to increase funding, over the fiscal year 2008 level, for programs authorized by the Public Health Service Act, for prevention, wellness and public health activities including prevention research and health screenings, such as the Community Transformation Grant Program, the Education and Outreach Campaign for Preventative Benefits, and Immunization Programs.

The ACA legislation affords an important opportunity to advance public health across the lifespan and to improve public health by supporting the Tracking Network. This network builds on ongoing efforts within the public health and environmental sectors to improve health tracking, hazard monitoring and response capacity. Therefore, increasing funding available to applicants under this FOA using the PPHF will allow them to expand and sustain their existing tracking networks, utilize tracking data available on networks for potential public health assessments which is consistent with the purpose of the PPHF, as stated above, and to provide for an expanded and sustained national investment in prevention and public health programs. Further, the Secretary allocated funds to CDC, pursuant to the PPHF, for the types of activities this FOA is designed to carry out.

Dated: June 6, 2012.

Director, Procurement and Grants Office, Centers for Disease Control and Prevention.

AGENCY: Centers for Medicare & Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the

Centers for Medicare & Medicaid Services (CMS) is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* State Health Insurance Assistance Program (SHIP) Client Contact Form, Public and Media Activity Report Form, and Resource Report Form. *Use:* Section 4360(f) of the Omnibus Budget Reconciliation Act (OBRA) 1990 requires the Secretary to provide a series of reports to the U.S. Congress on the performance of the program and its impact on beneficiaries and to obtain important informational feedback from beneficiaries. Further, in response to requirements of the Balanced Budget Act of 1997, CMS launched a comprehensive five-year campaign, the National Medicare Education Program (NMEP), to raise awareness among beneficiaries about their Medicare health plan options and help them assess the advantages and disadvantages each choice holds for them. The Medicare Modernization Act (MMA) of 2003 required State Health Insurance Assistance Programs (SHIPs) to be actively engaged in the implementation of the Medicare Prescription Drug Program (Part D). MIPPA legislation and Affordable Care Act legislation required SHIPs to provide enrollment assistance for the Limited Income Subsidy (LIS) and Medicare Savings Program (MSP). The goal is to ensure that beneficiaries are making an informed choice, regardless of whether they stay in Original Medicare or choose new options. CMS is responsible to Congress for demonstrating improvement over time in the level of awareness and understanding beneficiaries have about health plan options. The SHIPs are an integral component of this initiative.

The information collected is used to fulfill the reporting requirements described in Section 4360(f) of OBRA 1990. The data will be accumulated and

analyzed to measure SHIP performance in order to determine whether and to what extent the SHIPs have met the goals of improved CMS customer service to beneficiaries and better understanding by beneficiaries of their health insurance options. Further, the information will be used in the administration of the grants, to measure performance and appropriate use of the funds by the state grantees, to identify gaps in services and technical support needed by SHIPs, and to identify and share best practices.

The overall burden of hours and expected number of respondents increase is based on projected future service growth and projected future increases in staffing to accommodate the increased demand to utilize the SHIP network to raise awareness about new CMS policies, outreach initiatives, or both. *Form Number:* CMS-10028 (OCN: 0938-0850); *Frequency:* Occasionally; *Affected Public:* State, Local, or Tribal Governments; *Number of Respondents:* 17,838; *Total Annual Responses:* 2,346,465. *Total Annual Hours:* 195,642.
