**DEPARTMENT OF DEFENSE****Department of the Army, Corps of Engineers****Notice of Availability for the Final Environmental Impact Statement/ Environmental Impact Report for Proposed Berths 302-306 American President Lines (APL) Container Terminal Project, Port of Los Angeles, Los Angeles County, CA****AGENCY:** Department of the Army—U.S. Army Corps of Engineers, DoD.**ACTION:** Notice of Availability.

**SUMMARY:** The U.S. Army Corps of Engineers, Los Angeles District Regulatory Division (Corps), in coordination with the Los Angeles Harbor Department/Port of Los Angeles, has completed a Final Environmental Impact Statement/Environmental Impact Report (EIS/EIR) for the Berths 302-306 American Presidents Line (APL) Container Terminal Project. This Notice serves as the 30-day Notice of Availability for the Final EIS/EIR for the project, which will conclude on July 16, 2012.

Berths 302-305 are currently operational and encompass approximately 291 acres of land and water including 12 container cranes, a 4,000-foot-long wharf, utility infrastructure, truck gates, intermodal rail, and terminal buildings to support operations. The Project would result in

an additional 12 container cranes distributed among Berths 302–306 with eight new cranes proposed at Berth 306, a new 1,250-foot-long wharf at Berth 306, and development of 41 acres of backlands for container storage and distribution, including installation of utility infrastructure to support future automation at Berth 306 and the 41 acre backland. The Project would result in an approximately 347-acre marine container terminal, and would include the following construction and operational elements: Dredging, wharf construction, additional container cranes; expanded container yard and associated structures and utilities; modification of truck gates, associated structures, and roadwork.

The Port of Los Angeles (Port) requires authorization pursuant to Section 10 of the Rivers and Harbors Act, and Section 103 of the Marine Protection, Research, and Sanctuaries Act, to implement regulated activities in and over waters of the U.S. associated with expanding the existing APL container terminal. The Corps and the Port as the state lead agency prepared an EIS/EIR in order to optimize efficiency and avoid duplication. The EIS/EIR is intended to be sufficient in scope to address federal, state, and local requirements and environmental issues concerning the proposed activities and permit approvals. The following proposed activities require authorization from the Corps: (1) Construction of a new 1,250-foot-long concrete pile-supported wharf at Berth 306 which is immediately adjacent to the existing 4,000-foot-long wharf at Berths 302–305, (2) installation of 12 new gantry cranes between Berths 302–306 with at least eight (8) new cranes at Berth 306 associated with development and operation of the 41-acre backlands at Berth 306, (3) dredging of approximately 20,000 cubic yards (cy) of sediment from Berth 306 to increase the depth to – 55 feet mean lower low water (MLLW) plus an additional two feet of overdepth dredging to – 57 feet MLLW, and (4) disposal of dredged material in Berth 243–245 confined disposal facility (CDF), the Cabrillo Shallow Water Habitat Area, or at LA–2 (unconfined ocean disposal).

### Full Text of Announcement

#### I. Funding Opportunity Description

**Purpose of Program:** The Arts in Education National Program (AENP) supports national-level high-quality arts education activities and services for children and youth, with special emphasis on serving children from low-income families (as defined in this notice) and children with disabilities (as defined in this notice).

**Priorities:** This notice includes one absolute priority and four competitive preference priorities.

The absolute priority is from the notice of final priority, requirements, definitions, and selection criteria for this program, published elsewhere in this issue of the **Federal Register**.

**Absolute Priority:** For FY 2012 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this

priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

*Model Projects.*

One or more high-quality projects that are designed to develop and implement, or expand, initiatives in arts education and arts integration (as defined in this notice) on a national level for pre-kindergarten-through-grade-12 children and youth, with special emphasis on serving children from low-income families (as defined in this notice) and children with disabilities (as defined in this notice). In order to meet this priority, an applicant must demonstrate that the project for which it seeks funding will provide services and develop initiatives in multiple schools and school districts throughout the country, including in at least one urban, at least one rural, and at least one high-need community (as defined in this notice).

*Competitive Preference Priorities:*

These four priorities are from the notice of final supplemental priorities and definitions for discretionary grant programs, published in the **Federal Register** on December 15, 2010 (75 FR 78486), and corrected on May 12, 2011 (76 FR 27637). For FY 2012 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities. Applicants may choose to address one or more of these competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional 20 points to an application, depending on how well the application meets one or more of these priorities.

These priorities are:

*Turning Around Persistently Lowest-Achieving Schools* (up to an additional 5 points).

Projects that are designed to address one or more of the following priority areas:

(a) Improving student achievement (as defined in this notice) in persistently lowest-achieving schools (as defined in this notice).

(b) Providing services to students enrolled in persistently lowest-achieving schools (as defined in this notice).

**Note:** For the purposes of this priority, the Department considers schools that are identified as Tier I or Tier II schools under the School Improvement Grants Program (see 75 FR 66363) as part of a State's approved FY 2009 or FY 2010 applications to be persistently lowest-achieving schools. A list of these Tier I and Tier II schools can be found on the Department's Web site at <http://www2.ed.gov/programs/sif/index.html>.
