Submission for OMB Review; Comment Request

Title: Personal Responsibility Education Program (PREP) Multi-Component Evaluation—Performance Measure and Baseline Data Collection.

OMB No.: 0970–0398.

Description: The Family and Youth Services Bureau (FYSB) and the Office of Planning, Research, and Evaluation (OPRE), Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), are proposing data collection activity as part of the PREP Multi-Component Evaluation. The goals of the PREP Multi-Component Evaluation are to document how PREP programs are operationalized in the field, collect performance measure data for PREP programs, and assess the effectiveness of selected PREP-funded programs. The PREP Multi-Component Evaluation will make a significant contribution to the teen pregnancy prevention literature and will produce useful findings for state and federal policymakers, researchers, and program administrators.

The evaluation will include three primary, interconnected components or “studies”:

1. The Impact and In-depth Implementation Study (IS);
2. The Design and Implementation Study (DIS); and
3. The Performance Analysis Study (PAS).

Description on all three studies was provided in a 60-Day **Federal Register** Notice posted in Vol. 76, No. 239, p. 77538 on December 13, 2011.

This 30 Day Notice covers (a) the baseline instrument for the Impact and In-depth Implementation Study; (b) all instruments for the Performance Analysis Study; and (c) a request for OMB to waive subsequent 60-day **Federal Register** notices pertaining to the PREP Multi-Component Evaluation.

Impact and In-depth Implementation Study Respondents: Respondents to the baseline survey will be participants in PREP-funded programs, including students and other youth.

Performance Analysis Study Respondents: Performance measurement data collection instruments will be administered to individuals representing states (i.e. PREP state-level coordinators), as well as sub-awardees (i.e. program directors), program facilitators, other program staff, and program participants.

should be identified by the title of the information collection.

The Department specifically requests comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

OMB No.: 0992-0003.

Description: Collection of these data will assist legislators and policymakers in determining how effective their policymaking efforts have been over time in applying the various child support legislation to the overall child support enforcement picture. This information will help policymakers determine to what extent individuals on welfare would be removed from the welfare rolls as a result of more stringent child support enforcement efforts.

Respondents: Individuals and households.

Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Robert Sargis,
Reports Clearance Officer.
