

consisting of two zones of short loop routes.

Alternative 4A—Destination Focus: Park features and attractions are the focus of this Alternative with the trail system serving as the main visitor access to these features. Expansion of the primitive hiking experience occurs to the greatest extent in Alternative 4A.

Alternative 4B—Destination Focus with Mountain Bike Trails: Alternative 4B is the same as Alternative 4B with the addition of new mountain bike trails. The mountain bike trail system consists of a long point-to-point trail with shorter loop trails to provide a variety of lengths and experiences to the mountain bike user.

Alternative 5—Re-Use, Recreation & Destination: Preferred Alternative. Alternative 5 combines trail elements from all of the Alternatives and proposed trail facilities that will best fit the park. Alternative 5 proposes the following trail elements: (1) Implementing 45 additional miles of trail, including a new 10-mile mountain bike trail; (2) incorporating actions common to all action alternatives including restoration of trails, Sustainable Trail Guidelines, and expansion and improvement of trail facilities; (3) improvement of 10 existing parking areas and the introduction of 4 new parking areas; and (4) establishment of expanded community partnerships to establish 30+ miles of bike lanes on public roads within CVNP.

This information is needed for determination of compensation benefits in accordance with Longshore and Harbor Workers' Compensation Act section 10. The ICR is classified as a revision, because the OWCP has made minor cosmetic changes to the form—such as adding the DOL Seal and removing a reference to the no longer existent Employment Standards Administration—that should not affect respondent burden.

A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0025. The current approval is scheduled to expire on June 30, 2012; however, it should be noted that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional information, see the related notice published in the **Federal Register** on March 20, 2012 (77 FR 16266).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of publication of this notice in the **Federal Register**.
