

275 separate comments. A response to each of these comments is included in the Final EIS.

The Final EIS is intended to accomplish the following: Inform the public of the proposed action and alternatives; disclose the direct, indirect, and cumulative environmental effects of the proposed action and each of the alternatives; and indicate any irreversible commitment of resources that would result from implementation of the proposed action.

Alternatives

The Final EIS analyzes the FGS proposal and three alternatives. Under the proposed action, the Services would issue the ITPs and FGS would implement its proposed HCP on approximately 152,178 acres of the FGS commercial timberlands. The ownership consists of three management units: Klamath River (65,339 acres), Scott Valley (39,153 acres), and Grass Lake (47,686 acres). Under the No Action Alternative, the ITPs would not be issued, there would be no HCP, and FGS would remain subject to the prohibition on unauthorized taking of listed species. Under Alternative A, the ITPs would be issued by both agencies, and northern spotted owl conservation areas would be based on the Northwest Forest Plan (NWFP) system of late-successional reserves (LSRs), and the Aquatic Species Conservation Program would be based on concepts outlined in the NWFP for the protection of aquatic habitats. Under Alternative B, FWS would issue an ITP for northern spotted owl, with spotted owl conservation based on management of foraging and dispersal habitat across the Plan Area. Under Alternative B, no ITP would be issued by NMFS and there would be no Aquatic Species Conservation Program implemented.

National Environmental Policy Act

The proposed permit issuance triggers the need for compliance with the National Environmental Policy Act (NEPA) and accordingly the Services have prepared a joint NEPA document. The Services are Co-Leads and are responsible for compliance under NEPA. As NEPA Co-Lead agencies, the Services are providing notice of the availability of the Final EIS and are making available for public review the responses to comments on the Draft EIS.

Public Review

The Services invite the public to review the Final EIS, HCP and IA during a 45-day wait period from June 22, 2012 to August 6, 2012. Any comments received, including names and addresses, will become part of the

administrative record and may be made available to the public. You may submit your comments to the address listed in the **ADDRESSES** section of this document. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The Services will evaluate the applications, associated documents, and comments submitted in preparation of the two Records of Decisions that the Services must prepare in response to the ITP applications. Permit decisions will be made no sooner than 45 days after the publication of EPA's notice of the Final EIS and completion of the Records of Decisions.

Additions

On 4/13/2012 (77 FR 22289-22290) and 4/20/2012 (77 FR 23665-23666), the Committee for Purchase From People Who Are Blind or Severely Disabled published notices of proposed additions to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the products and services and impact of the additions on the current or most recent contractors, the Committee has determined that the products and services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501-8506 and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the products and services to the Government.

2. The action will result in authorizing small entities to furnish the products and services to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501-8506) in connection with the products and services proposed for addition to the Procurement List.

End of Certification
