

varying backgrounds. It is anticipated that awards will be given every two years. The winners are presented plaques at an awards ceremony.

Respondents: Anyone who has used Federal Highway funding sources in the fifty states, the District of Columbia and Puerto Rico.

Frequency: The information will be collected biennially.

Estimated Average Burden per Response: 8 hours per respondent per application.

Estimated Total Annual Burden

Hours: It is expected that the respondents will complete approximately 150 applications for an estimated total of 1200 annual burden hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued On: June 19, 2012.

Steven Smith,

Chief, Information Technology Division.

[Docket No. FHWA-2012-0054]

Agency Information Collection

Activities: Request for Comments for a New Information Collection

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice and request for comments.

SUMMARY: The FHWA invites public comments about our intention to request the Office of Management and Budget's (OMB) approval for a new information collection, which is summarized below under **SUPPLEMENTARY INFORMATION**. We published a **Federal Register** Notice with a 60-day public comment period

on this information collection on March 30, 2012. We are required to publish this notice in the **Federal Register** by the Paperwork Reduction Act of 1995.

DATES: Please submit comments by July 23, 2012.

ADDRESSES: You may send comments within 30 days to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street NW., Washington, DC 20503, Attention DOT Desk Officer. You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burden; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. All comments should include the Docket number FHWA-2012-0054.

FOR FURTHER INFORMATION CONTACT:

Mark Ferroni, 202-366-9237, Office of Natural Environment, Federal Highway Administration, Department of Transportation, 1200 New Jersey Avenue SE., Washington, DC 20590. Office hours are from 8 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Title: Possible Inclusion of Specific Pavement Types in the FHWA Traffic Noise Model: Regulatory and Procedural Changes.

Background: The Federal Highway Administration (FHWA) has been actively involved in what today; the highway noise industry refers to as "quieter pavements." In 2003, FHWA entered into the Quiet Pavement Pilot Program with the Arizona Department of Transportation, co-sponsored the 2004 International Scan on "Quieter Pavement Systems in Europe," and funded several national workshops, trainings, and informational outreach pieces on this topic. In 2005, the FHWA began funding the "Pavement Effects Implementation Study" (PEI) to see how more specific pavement types could be incorporated into the FHWA Traffic Noise Model (FHWA TNM). The incorporation of specific pavement types into TNM would require State Departments of Transportation to use these more specific pavement types in TNM and would result in additional regulatory and procedural changes.

The PEI currently is out of funding but an interim report will soon be released. Before additional time, effort and funding are put into completing the

PEI, it is important to conduct a user-needs analysis to determine whether our stakeholders, primarily State Departments of Transportation, still want us to complete this research, knowing that it would result in regulatory and procedural changes. The information collected would cover the topics of: (1) Being required to use a more specific pavement type(s); (2) Being required to maintain the specific pavement type selected; and (3) being required to call a project a Type I project if the original pavement is replaced or overlaid with a louder pavement.

Respondents: Approximately 60 entities.

Frequency: Once.

Estimated Average Burden per Response: Approximately 30 minutes.

Estimated Total Annual Burden

Hours: Approximately 30 hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued On: June 19, 2012.
