Animal and Plant Health Inspection Service

Title: Requirements of Recognizing the Animal Health Status of Foreign Regions.

OMB Control Number: 0579-0219.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The AHPA is contained in Title X, Subtitle E, Sections 10401-18, of Public Law 107-171, May 13, 2002, the Farm Security and Rural Investment Act of 2002. The Animal and Plant Health Inspection Service (APHIS) is responsible for, among other things, protecting the health of our Nation's livestock and poultry populations by preventing the introduction and spread of serious diseases and pests of livestock and poultry and for eradicating such diseases and pests from the United States when feasible. The regulations in 9 CFR part 92, "Importation of Animals and Animal Products: Procedures for Requesting Recognition of Regions," set out the process by which a foreign government may request recognition of the animal health status of a region or approval to export animals or animal products to the United States based on the risk associated with animals or animal products from that region. Each request must include information about the region.

Need and Use of the Information: APHIS will collect information that might include: (1) The authority, organization, and infrastructure of the Veterinary Service Organization in the region; (2) disease status; (3) the status of adjacent regions with respect to the agent; (4) the extent of an active disease control program, if any, if the agent is known to exist in the region; (5) the vaccination status of the region, when was the last vaccination, what is the extent of vaccination if it is currently used, and what vaccine is being used; (6) the degree to which the region is separated from adjacent regions of higher risk through physical or other barriers; (7) the extent to which movement of animal and animal products is controlled from regions of higher risk, and the level of biosecurity regarding such movements; (8) livestock demographics and marketing practices in the region; (9) the type and extent of

surveillance in the region, e.g., is it passive and/or active, what is the quantity and quality of sampling and testing; (10) diagnostic laboratory capabilities, and (11) policies and infrastructure for animal disease control in the region, i.e., emergency response capacity. Without the information the U.S. livestock and poultry industries could suffer serious economic losses as the result of such an incursion, as the value of their products would be diminished both domestically and internationally.

Description of Respondents: Federal Government.

Number of Respondents: 3.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 120.

SUPPLEMENTARY INFORMATION:
Title: National Hunger Clearinghouse Database Form.
Form: FNS 543.

OMB Number: 0584-0474.
Expiration Date: 8/31/2012.
Type of Request: Revision of a currently approved collection.
Abstract: Section 26(d) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1769g(d)) (the Act), which was added to the Act by section 123 of Public Law 103-448 on November 2, 1994, mandated that FNS enter into a contract with a non-governmental organization to establish and maintain an information clearinghouse (named "USDA National Hunger Clearinghouse" or "Clearinghouse") for groups that assist low-income individuals or communities regarding nutrition assistance programs or other assistance. FNS awarded this contract to the national hunger advocacy organization World Hunger Year (WHY) of New York, NY. Section 26(d) was amended by section 112 of Public Law 105-336 on October 31, 1998, to extend funding for the Clearinghouse (now called "National Hunger Clearinghouse" or "Clearinghouse") through fiscal year 2003. This Act was amended again by Public Law 108-265 on June 30, 2004, and provided increased funding for the Clearinghouse through fiscal year 2008. Section 26(d) of this Act was amended again by Public Law 110-246 on October 1, 2008, to extend funding for the Clearinghouse through fiscal year 2010 with the option for four one-year renewals.

The Clearinghouse includes a database (FNS-543) of non-governmental, grassroots programs that work in the areas of hunger and nutrition, as well as a mailing list of

relevant local governmental agencies. Under the original contract, Clearinghouse staff established the database by reviewing relevant programs of organizations contained in several existing mailing lists. Program and mailing information about organizations pulled from these lists were collected and entered into the database once each contract year via a mail survey with follow up to ensure high response rates. Surveys (FNS-543) are also completed on-line at <http://www.whyhunger.org/joinTheNetwork/governmentInfo>. Survey questionnaires will continue to be sent out under the current contract. From this information collection, the following information was determined:

Estimate of the Burden: Public reporting burden for this collection of information is estimated to average Ten (10) minutes to complete the survey (the survey includes one two-page instrument). There is no recordkeeping involved.

Affected Public: Business or other for-profit, as well as non-profit organizations, and organizations providing nutrition assistance services to the public.

Estimated Number of Respondents: 1,750.

Estimated Number of Responses per Respondent: One (1) response per respondent.
