SUPPLEMENTARY INFORMATION:

A. Purpose

The policies implemented at FAR 37.115, Uncompensated Overtime, are based on Section 834 of Public Law 101-510 (10 U.S.C. 2331). The policies require insertion of FAR provision 52.237-10, Identification of Uncompensated Overtime, in all solicitations valued above the simplified acquisition threshold, for professional or technical services to be acquired on the basis of the number of hours to be provided. The provision requires that offerors identify uncompensated overtime hours, in excess of 40 hours per week, and the uncompensated overtime rate for direct charge Fair Labor Standards Act—exempt personnel. This permits Government contracting officers to ascertain cost realism of proposed labor rates for professional employees and discourages the use of uncompensated overtime.
