[Release No. 34-67231; File No. SR-CBOE-2012-057]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Increase the Class Quoting Limit for Options on Facebook

June 21, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on June 15, 2012, the Chicago Board Options Exchange, Incorporated (the "Exchange" or "CBOE") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to amend the Class Quoting Limit ("CQL") for options on Facebook. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary and at the Commission's Public Reference Room.

OMX Group, Inc., dated April 30, 2012; and Jennifer Green Setzenfand, Chairman of the Board and James Toes, President and CEO, Security Traders Association, dated June 8, 2012.

² 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

A CQL is the maximum number of Trading Permit Holders ("TPHs") that may quote electronically in a given product.³ CBOE Rule 8.3A, Interpretation .01 states that the CQL for products trading on the Exchange's Hybrid Trading System ("Hybrid") is 50.⁴ However, the President of the Exchange may increase the CQL for an existing or new product if he determines that it would be appropriate.⁵ Such an increase can be accomplished by submitting to the Commission a rule filing pursuant to Section 19b(3)(A) of the Act and announcing the increase to TPHs via Information Circular.⁶ The Exchange has previously increased the CQLs for other products to 60 via rule filing.⁷

Since the Exchange recently began electronically trading options on Facebook, trading volume and TPH interest in quoting on that product has increased rapidly. As such, CBOE's President has determined that it would be appropriate to increase the CQL for Facebook from 50 to 60. The Exchange has prepared an Information Circular to inform TPHs of this change, and hereby submits this proposed rule filing to effect such change. The Exchange has the system capacity to manage the proposed increase.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations
