BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9695-7]

Request for Nominations to the Great Lakes Advisory Board (GLAB)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Request for nominations to the Great Lakes Advisory Board (GLAB).

SUMMARY: The U.S. Environmental Protection Agency (EPA) is seeking nominations from a diverse range of qualified candidates to be considered for appointment as members of its Great Lakes Advisory Board (GLAB). The GLAB will provide advice and recommendations to the EPA Administrator, in her capacity as Chair of the Great Lakes Interagency Task Force, on matters pertaining to Great Lakes restoration and protection. Vacancies are expected to be filled by September 2012. Sources in addition to this **Federal Register** Notice may be used in the solicitation of nominees.

DATES: Nominations must be postmarked by July 30, 2012.

ADDRESSES: Submit nominations electronically with the subject line "GLAB Nomination 2012" to cestaric.rita@epa.gov. You may also submit nominations by mail to: Rita Cestaric, Designated Federal Officer, US Environmental Protection Agency, Great Lakes National Program Office, 77 W. Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Rita Cestaric, Designated Federal Officer, US Environmental Protection Agency, 77 W. Jackson, Chicago, IL 60604; email address: cestaric.rita@epa.gov; telephone number: (312) 886-6815.

SUPPLEMENTARY INFORMATION: On May 31, 2012, EPA published in the **Federal Register** a notice of intent to establish the GLAB under the authority of the Federal Advisory Committee Act (FACA), Public Law 92-463. The GLAB will provide advice and recommendations to the EPA Administrator, in her capacity as Chair of the Great Lakes Interagency Task Force, on matters pertaining to Great Lakes restoration and protection. The GLAB will conduct business in accordance with FACA and related regulations.

The GLAB will be composed of approximately 15 members appointed by the EPA Administrator. In selecting members, EPA will consider candidates representing or serving as liaison to a broad range of interests across the Great Lakes, that may include, but are not limited to, environmental groups, business, agricultural groups, youth groups, foundations, environmental justice groups, academia and state, local and tribal governments. Members will be appointed for two year terms and are eligible for reappointment.

The GLAB will meet approximately two times a year. Additionally, members may be asked to participate in teleconference meetings. The average workload for members will be approximately 4 to 6 hours per month. We are unable to provide honoraria or compensation for service on the GLAB. However, you may receive travel and per diem allowances where appropriate and according to applicable federal travel regulations.

Nominations: The EPA welcomes and values diversity. In an effort to obtain nominations of diverse candidates, the agency encourages nominations of women and men of all racial and ethnic groups. All nominations will be fully considered, but applicants need to be aware of the specific representation sought as outlined in the **SUPPLEMENTARY INFORMATION** section above.

Other criteria used to evaluate nominees will include:

- The background and experiences that would help members contribute to the diversity of perspectives on the GLAB (e.g., economic, social, cultural, educational background, professional affiliations and other considerations);
- Demonstrated experience with Great Lakes issues;
- Leadership experience in Great Lakes organizations, businesses and workgroups;
- Excellent interpersonal and consensus-building skills;
- Ability to volunteer time to attend approximately two in-person meetings a year, participate in teleconference meetings, attend listening sessions with senior-level federal officials, develop policy recommendations and prepare reports and letters of advice; and
- Willingness to commit time to the committee and demonstrated ability to work constructively and effectively on committees.

How to Submit Nominations: Any interested person or organization may nominate qualified persons to be considered for appointment to the GLAB. Individuals may self-nominate. Nominations can be submitted in

electronic format (preferred) or in hard copy format (see **ADDRESSES** section above). To be considered, nominations should include:

- Current contact information for the nominee, including the nominee's name, organization (and position within that organization), current business address, email address and daytime phone number;
- Brief statement describing the nominee's interest in serving on the GLAB;
- Resume and a short biography (no more than two paragraphs) describing the professional and educational qualifications of the nominee, including a list of relevant activities and any current or previous service on advisory committees; and
- Letter(s) of recommendation from a third party supporting the nomination. Letter(s) should describe how the nominee's experience and knowledge will bring value to the work of the GLAB.

To help the Agency in evaluating the effectiveness of its outreach efforts, please tell us how you learned of this opportunity.

Dated: June 21, 2012.

Susan Hedman,

Great Lakes National Program Manager.

FEDERAL COMMUNICATIONS COMMISSION

[AU Docket No. 12-25; DA 12-990]

Mobility Fund Phase I Auction Updated Data For Auction 901

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In this document, the Wireless Telecommunications and Wireline Competition Bureaus (Bureaus) announce updated data files of census blocks eligible for the Mobility Fund Phase I support to be offered in Auction 901, which is to be held on September 27, 2012.

DATES: Short-form applications to participate in Auction 901 are due prior to 6:00 p.m. on July 11, 2012.

FOR FURTHER INFORMATION CONTACT: Wireless Telecommunications Bureau, Auctions and Spectrum Access Division: Lisa Stover at (717) 338-2868.

SUPPLEMENTARY INFORMATION: This is a summary of the *Auction 901 Data Files Public Notice* released on June 22, 2012. The *Auction 901 Data Files Public*

Notice and its associated attachment as well as related Commission documents may be purchased from the Commission's duplicating contractor, Best Copy and Printing, Inc. (BCPI), 445 12th Street SW., Room CY-B402, Washington, DC 20554, telephone 202-488-5300, fax 202-488-5563, or you may contact BCPI at its Web site: <http://www.BCPIWEB.com>. When ordering documents from BCPI, please provide the appropriate FCC document number, for example, DA 12-990. The *Auction 901 Data Files Public Notice* and related documents also are available on the Internet at the Commission's Web site: <http://wireless.fcc.gov/auctions/901/> or by using the search function for AU Docket No. 12-25 on the Commission's Electronic Comment Filing System (ECFS) Web page at <http://www.fcc.gov/cgb/ecfs/>.

1. The *Auction 901 Data Files Public Notice* announces the availability of certain files that have been updated to conform to decisions previously announced by the Wireless Telecommunications Bureau and Wireline Competition Bureau (Bureaus). In the *Auction 901 Procedures Public Notice*, 77 FR 32092, May 31, 2012, the Bureaus described how they identified census blocks eligible for the Mobility Fund Phase I support to be offered in Auction 901. With the *Auction 901 Procedures Public Notice*, the Bureaus released Attachment A, a summary of the final list of eligible census blocks, and they concurrently provided more detailed Attachment A files in electronic format only. Subsequent to the release of the *Auction 901 Procedures Public Notice*, the Bureaus provided updates to some of the Attachment A files in two public notices. The Bureaus have since found that they need to correct some of these files to accurately reflect the determinations made in the *Auction 901 Procedures Public Notice*. Accordingly, the Bureaus are releasing a new Attachment A to replace the one released with the *Auction 901 Procedures Public Notice*, and they are updating some of the corresponding Attachment A files.

2. The files for which the Bureaus now announce updates are available via the link for Attachment A Files at <http://wireless.fcc.gov/auctions/901/>. Specifically, the All Eligible Census Blocks file; the Biddable Items file; and the state spreadsheet files for Maryland, Oklahoma, and Nevada have been updated. Interested parties should use these files instead of previously-released versions.

3. Concurrent with the release of *Auction 901 Procedures Public Notice*,

the Bureaus released an interactive map of the eligible census blocks. The map is a visual representation of data from the Attachment A files, which contain more information and generally more detail than is displayed on the map. The Bureaus subsequently released geographic information system (GIS) formats of the data shown in the interactive map. The interactive map and the related GIS data formats will be updated in the near future to match the corrections in the Attachment A files. Once updated, the link for the map and each of the GIS data links will be displayed with a notation of when they were updated.

Federal Communications Commission.

Deputy Chief, Auctions and Spectrum Access Division, WTB.

I. Introduction

1. In the Public Notice (Notice), the Wireline Competition Bureau (Bureau) identifies several significant threshold model design decisions and seeks comment on specific proposals for the design of the model and data inputs to be used. This is not an exhaustive list of such issues, but represents the next step in the open, deliberative process to determine the design of the model the Bureau will ultimately adopt. The Bureau also seeks comment on commenters' identification of additional issues that need to be developed in the record of this proceeding.

2. The Notice first seeks comment on what wireline network technology and design the model should use to calculate costs. This question includes the important threshold matters of whether the model should presume green-field or brown-field deployment and whether the model should estimate the costs of Fiber-to-the-Premises (FTTP) or Digital Subscriber Line (DSL) (including Fiber-to-the-Node (FTTN)) technology. Closely related is the question of what terminal value to assign to the modeled network—book
