

marketing and advertising. ETCs are required to explain that Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program. The Commission seeks approval of these marketing requirements as adopted in the order.

The order further modifies the audit requirements of 47 CFR 54.420(a) by adopting a new requirement whereby ETCs drawing more than an aggregate of \$5 million annually from the Lifeline fund, on a holding company basis, must conduct biennial independent audits and present audit reports to the Administrator, the Commission, and any applicable state or Tribal government agency within 90 days of the issuance of the audit report. The Commission seeks approval of the biennial audit requirements as adopted in the order.

The order authorizes up to \$25 million for funding of the Broadband Pilot Program to be disbursed directly to ETCs for up to 12 months of subsidized broadband service either through bundles of voice and broadband services or as standalone broadband service. To receive reimbursement for approved subsidies, ETCs selected to participate in the Broadband Pilot Program will have to complete the Low Income Broadband Reimbursement Form on a monthly basis and submit to USAC (i) any monthly discount of broadband service; (ii) applicable discount amount for voice telephony service if the broadband subscriber is also subscribing to voice telephony service under the Lifeline program; and (iii) any non-recurring fees for broadband provided to subscribers participating in the Pilot Program and approved as part of the pilot program. The Commission seeks approval of the Low Income Broadband Reimbursement Form for carriers participating in the pilot program.

The order also requires ETCs selected to participate in the Pilot Program to commit to data gathering and sharing of subscribers' anonymized data. USAC will be tasked with collecting data from ETCs regarding the ETCs' projects, and subscriber demographics and broadband usage pursuant to a uniform set of questions set forth in the Low Income Broadband Pilot Program Reporting Form. ETCs may collect the data from subscribers themselves and submit to USAC, or may request that USAC collect the subscriber data directly from ETCs' subscribers. The Commission seeks approval of the Low Income Broadband Pilot Program Reporting Form to be

used by participants in the pilot program.

SUPPLEMENTARY INFORMATION: *Proposal to renew the following currently approved collection of information:*

Title: Customer Assistance.

OMB Number: 3064-0134.

Form Number: FDIC 6422/04.

Frequency of Response: On occasion.

Affected Public: Individuals, Households, Business or financial institutions.

Estimated Number of Respondents: 15000.

Estimated Time per Response: 0.5 hours.

Total Annual Burden: 7500 hours.

General Description of Collection:

This collection permits the FDIC to collect information from customers of financial institutions who have inquiries or complaints about service. Customers may document their complaints or inquiries to the FDIC using a letter or an optional form (6422/04). The optional form is being revised to facilitate on-line completion and submission of the form and to shorten FDIC response times by making it easier to identify the nature of the complaint and to route the customer inquiry to the appropriate FDIC contact. In addition, a second optional form, the Business Assistance Form, is being added to the collection to distinguish assistance requests submitted by individuals and businesses. Although the information requested on the two forms is identical, the FDIC will be better able to correctly route incoming requests and thereby reduce response times to those seeking assistance. A copy of the revised forms can be accessed via a link directly beneath this notice on the FDIC's **Federal Register** Citations Web page: <http://www.fdic.gov/regulations/laws/federal/notices.html>.
