**U.S.-Singapore Memorandum of Intent on Cooperation in Environmental Matters**

The United States and Singapore signed the MOI on Cooperation in Environmental Matters, on June 13, 2003. The United States and Singapore negotiated the MOI in parallel with the U.S.—Singapore Free Trade Agreement. In Section 3 of the MOI, the Governments state that they plan to meet at least biennially to review the status of cooperation and to develop and update, as appropriate, a Plan of Action for Environmental Cooperation. The Plan of Action is a tool which identifies and outlines agreed upon environmental cooperation priorities, on-going efforts, and possibilities for future cooperation.

The mutually identified goals of cooperation under the 2011–2012 Plan of Action are: (1) Encouraging the bilateral and regional use of innovative and climate friendly environmental technology and pollution management techniques; (2) participating in regional initiatives on environmentally sustainable cities and sustainable management and trade in sustainably managed resources; and (3) further improving capacity to implement and enforce environmental laws, including further enhancing efforts of countries in the region to combat illegal trade in environmentally sensitive goods through bilateral and regional cooperative activities.

For the 2013–2014 Plan of Action, we anticipate building upon cooperative work initiated under previous Plans of Action. We are requesting suggestions that may be considered for inclusion in the next Plan of Action.
