The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 by establishing Class E airspace extending upward from 700 feet above the surface at Swinton Smith Field at Reidsville Municipal Airport (formerly Reidsville Airport), Reidsville, GA, to accommodate the separation of existing Class E airspace surrounding Vidalia Regional Airport (formerly Vidalia Municipal Airport), Vidalia, GA. Geographic coordinates for both airports also would be adjusted to be in concert with the FAA’s aeronautical database.

Class E airspace designations are published in Paragraph 6005 of FAA Order 7400.9V, dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would amend Class E airspace at Vidalia, GA and establish Class E airspace at Reidsville, GA.

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

**Proposed Legal Interpretation**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Proposed interpretation; correction.

**SUMMARY:** On June 1, 2012 at 77 FR 32441, the FAA published a proposed legal interpretation in which the agency considered clarifying prior legal interpretations regarding pilot in command discretion under 14 CFR...
121.547(a)(3) and (a)(4). The agency inadvertently assigned an incorrect docket number to the proposed legal interpretation. This document corrects the docket number. Any comments submitted to docket number FAA–2011–0045 regarding the proposed legal interpretation published at 77 FR 32441 will be moved to the correct docket, FAA–2012–0670.
