

FS-2300-26a is the same form as FS-2300-26. The difference is the color of the form is different to signify a specific region's use.

FS-2300-30, Visitor's Permit.

Information collected includes the Visitor's name and address, area(s) to be visited, dates of visit, length of stay, location of entry and exit points, method of travel, number of people in the group, and where applicable, the number of pack and saddle stock (that is, the number of animals either carrying people or their gear), the number of dogs, and the number of watercraft and/or vehicles (where allowed).

The Forest Service employee who completes the Visitor's Permit will note on the permit any special restrictions or important information the visitor should know. The visitor receives a copy of the permit and instructions to keep the permit with them for the duration of the visit.

FS-2300-32, Visitor Registration Card. Information collected includes the Visitor's name and address, area(s) to be visited, dates of visit, length of stay, location of entry and exit points, method of travel, number of people in the group, and where applicable, the number of pack and saddle stock (that is, the number of animals either carrying people or their gear) in the group, the number of dogs, and the number of watercraft and/or vehicles (where allowed).

FS-2300-43, Permit for Short-Term, Noncommercial Use of Government-Owned Cabins and Lookouts is used to record contact information including name, address, and telephone number, requested dates of occupancy, party size, and additional items if applicable, such as number of pack animals and/or snowmobiles. If unable to collect this information, national forests would not be able to manage their permit programs or disperse use, protect natural and cultural resources, provide for the health and safety of visitors, allocate capacity, and/or help cover the higher costs of providing specialized services on National Forest System recreational lands.

Estimate of Annual Burden: 3-15 minutes.

Type of Respondents: Individuals.

Estimated Annual Number of Respondents: 2,598,000.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 123,996 hours.

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the

information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the request for Office of Management and Budget approval.

Dated: June 29, 2012.

James M. Peña,

Associate Deputy Chief, National Forest System.

BILLING CODE 3410-11-P

DEPARTMENT OF AGRICULTURE

Forest Service

Information Collection; Forest Industries and Residential Fuelwood and Post Data Collection Systems

AGENCY: Forest Service, USDA.

ACTION: Notice; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Forest Service is seeking comments from all interested individuals and organizations on the renewal of a currently approved information collection, Forest Industries and Residential Fuelwood and Post Data Collection Systems.

DATES: Comments must be received in writing on or before September 4, 2012 to be assured of consideration.

Comments received after that date will be considered to the extent practicable.

ADDRESSES: Comments concerning this notice should be addressed to: USDA, Forest Service, Attn: Ronald Piva, Northern Research Station, Forest Inventory and Analysis, 1992 Folwell Ave., St. Paul, MN 55108.

Comments also may be submitted via facsimile to 651-649-5140 or by email to: rpiva@fs.fed.us.

The public may inspect comments received at the Northern Research Station, 1992 Folwell Ave., Room 513, St. Paul, MN during normal business hours. Visitors are encouraged to call

ahead to 651-649-5150 to facilitate entry to the building.

FOR FURTHER INFORMATION CONTACT:

Ronald Piva, Northern Research Station, at 651-649-5150. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 twenty-four hours a day, every day of the year, including holidays.

SUPPLEMENTARY INFORMATION:

Title: Forest Industries and Residential Fuelwood and Post Data Collection Systems.

OMB Number: 0596-0010.

Expiration Date of Approval: March 31, 2012.

Type of Request: Extension with Revision.

Abstract: The Forest and Range Renewable Resources Planning Act of 1974 and the Forest and Rangeland Renewable Resources Research Act of 1978 require the Forest Service to evaluate trends in the use of logs and wood chips, to forecast anticipated levels of logs and wood chips, and to analyze changes in the harvest of these resources from the Nation's forest resource. To collect this information, Forest Service or State natural resource agency personnel use three questionnaires, which are collected by personal mill visits or phone calls, or which respondents return in self-addressed, postage pre-paid envelopes, or by email.

Pulpwood Received Questionnaire: Forest Service personnel use this questionnaire to collect and evaluate information from pulp and composite panel mills in order to monitor the volume, types, species, sources, and prices of timber products harvested throughout the Nation. The data collected will be used to provide essential information about the current use of the Nation's timber resources for pulpwood industrial products and is not available from other sources.

Logs and Other Roundwood Received Questionnaire: This questionnaire is used by Forest Service or State natural resource agency personnel to collect and evaluate information from the other, non-pulp or composite panel, primary wood-using mills, including small, part-time mills, as well as large corporate entities. Primary wood-using mills are facilities that use harvested wood in log or chip form, such as sawlogs, veneer logs, posts, and poles, to manufacture a secondary product, such as lumber or veneer. Forest Service personnel evaluate the information collected and use it to monitor the volume types, species, sources, and prices of timber products harvested throughout the Nation.

Residential Fuelwood and Post Questionnaire: Forest Service personnel use this questionnaire to collect and evaluate information from residential households and logging contractors in order to monitor the volume, types,

species, sources of fuelwood and posts harvested for residential use, as well as the types of burning facilities in the State. The collected information will enable land managers to determine what timber to sell for use as fuelwood or

fence posts, how well the local forested land will meet the demand for these timber products, and how to project future demands on these renewable natural resources.

	Pulpwood received questionnaire	Logs and other roundwood received questionnaire	Residential fuelwood and post questionnaire
Estimate of Annual Burden Hours	30 minutes (0.5)	50 minutes (0.84)	10 minutes (0.17).
Type of Respondents	Primary users of industrial pulpwood.	Primary users of industrial roundwood products.	Residential households and logging contractors.
Estimated Annual Number of Respondents	157	1,782	500.
Estimated Annual Number of Responses per Respondent	1	1	1.
Estimated Total Annual Burden Hours on Respondents	79 hours	1,497 hours	85 hours.

Comment Is Invited

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission request toward Office of Management and Budget approval.

Dated: June 28, 2012.

Deanna J. Stouder,

Associate Deputy Chief, Research and Development.

BILLING CODE 3410-11-P

DEPARTMENT OF AGRICULTURE

Forest Service

Information Collection; Health Screening Questionnaire

AGENCY: Forest Service, USDA.

ACTION: Notice; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Forest Service is seeking comments from all interested individuals and

organizations on the extension of a currently approved information collection, Health Screening Questionnaire.

DATES: Comments must be received in writing on or before September 4, 2012 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

ADDRESSES: Comments concerning this notice should be addressed to Washington Office—Fire and Aviation Management, National Interagency Fire Center, 3833 S. Development Ave., Boise, ID 83705, Attention: Larry Sutton.

Comments also may be submitted via facsimile to 208-387-5735 or by email to: lsutton@fs.fed.us.

The public may inspect comments received at the National Safety Office, National Interagency Fire Center, Forest Service, USDA, 3833 Development Avenue, Boise, ID, from 8 a.m. to 4:30 p.m. Monday through Friday (Mountain Standard Time). Visitors are encouraged to call ahead to 208-387-5970 to facilitate entry to the building.

FOR FURTHER INFORMATION CONTACT:

Larry Sutton, Forest Service Fire Operations Risk Management Specialist, 208-387-5970. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339, twenty-four hours a day, every day of the year, including holidays.

SUPPLEMENTARY INFORMATION:

Title: Health Screening Questionnaire. *OMB Number:* 0596-0164.

Expiration Date of Approval: January 31, 2013.

Type of Request: Extension with revision of an approved information collection.

Abstract: The Protection Act of 1922 (16 U.S.C. 594) authorizes the Forest Service to fight fires on National Forest System lands. This information

collection is an approved Forest Service collection. The collection covers the USDA Forest Service (FS) and the Department of the Interior (DOI), and contains the information collection activities and burden hours for both agencies.

Wildland firefighters perform long hours of arduous labor in adverse environmental conditions. It is imperative that these firefighters be in sufficient physical condition to avoid injury to themselves or their coworkers. Federal employees and private individuals seeking employment as a firefighter with the FS or DOI complete the Health Screening Questionnaire (HSQ). This information collection covers the forms and burden hours associated with the private individuals who apply for firefighter positions with the aforementioned agencies.

Prospective firefighters must complete form *FS-5100-31, Health Screening Questionnaire*, when seeking employment as a new firefighter with the Forest Service or Department of the Interior. This form collects the following information:

- Name and Unit.
- Medical history.
- Current medical symptoms.
- Other health issues.
- Cardiovascular risk factors.

The information collected pertains to an individual's health status and health history in an effort to determine if any physical conditions exist that might result in injury or death during fitness testing or when fighting a wildfire. If Federal agency officials determine, based on the collected information, that an individual may not be physically able to train for or take a Work Capacity Test, the agency will require the individual to undergo a physical examination by a physician.

Form *FS-5100-30, Work Capacity Test: Informed Consent*, is signed by those deemed to be in sufficient health
