

*Policy Justification—Kuwait—Joint
Helmet Mounted Cueing Systems
(JHMCS)*

The Government of Kuwait has requested a possible sale of 43 Joint Helmet Mounted Cueing System Cockpit Units, Single Seat Electronic Units, Helmet Display Units, spare and repair parts, support equipment, tool and test equipment, personnel training and training equipment, publications and technical data, U.S. Government and contractor technical and logistics personnel services and other related elements of program and logistics support. The estimated cost is \$51 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been, and continues to be, an important force for political stability and economic progress in the Middle East.

The Government of Kuwait is modernizing its fighter aircraft fleet to better support its own air defense needs. This proposed sale will contribute to Kuwait's military goal of updating its capability while further enhancing its interoperability with the U.S. and other allies.

The proposed sale of this equipment will not alter the basic military balance in the region.

The principal contractors will be Boeing Aerospace in St. Louis, Missouri. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require travel of U.S. Government or contractor representatives to Kuwait on a temporary basis for program, technical support, and management oversight.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

Notice of Availability of Draft Environmental Impact Statement for the Proposed Sierra Vista Specific Plan Project, in the City of Roseville, Placer County, CA, Corps Permit Application number SPK-2006-01050

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD.

ACTION: Notice of Availability.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA), the U.S. Army Corps of Engineers (USACE), Sacramento District has prepared a Draft Environmental Impact Statement (DEIS) that analyzes the potential effects of implementing the proposed action and alternatives for development of a large-scale, mixed-use, mixed-density master-planned community on the approximately 1,612-acre Sierra Vista Specific Plan area, located in the City of Roseville, Placer County, California. The DEIS documents the existing condition

of environmental resources in and around areas considered for development, and potential impacts on those resources as a result of implementing the alternatives. The alternatives considered in detail are: (a) No Action Alternative (no discharge of dredged and/or fill material into waters of the U.S.); (b) Proposed Action Alternative, the applicant group's preferred alternative; (c) Reduced Footprint/Increased Density Alternative; (d) Reduced Footprint/Same Density Alternative; (e) Focused Avoidance Alternative; and (f) Southwest Site, an off site alternative located in Southwest Placer County.

DATES: All written comments must be postmarked on or before 20 August 2012.

ADDRESSES: Comments may be submitted in writing to: James T. Robb, U.S. Army Corps of Engineers, Sacramento District, Regulatory Division; 1325 J Street, Room 1350, Sacramento, California 95814-2922, or via email to: DLL-CESPK-RD-EIS-Comments@usace.army.mil.

FOR FURTHER INFORMATION CONTACT: James T. Robb, (916) 557-7610.

SUPPLEMENTARY INFORMATION: This Draft Environmental Impact Statement (Draft EIS) analyzes the potential effects of authorizing, via Department of the Army (DA) permits, the discharge of dredged or fill material into Waters of the United States, for the development of the Sierra Vista Specific Plan (Proposed Action). The Proposed Action consists of nine developments and their associated infrastructure integrated under one specific plan. The Proposed Action includes the following uses: 820 acres (332 hectares) of residential uses totaling 6,650 single- and multi-family residential units at buildout, 216 acres (87 hectares) of commercial and office uses, 61 acres (25 hectares) of public/quasi-public uses such as schools, 91 acres (37 hectares) of parks, 234 acres (95 hectares) of open space, and 177 acres (72 hectares) of roadways and paseos. Development under the Proposed Action, if authorized, would fill approximately 24.81 acres (10.04 hectares) of wetlands and other jurisdictional waters of the United States as defined by the CWA. This discharge of fill material requires approval from the U.S. Army Corps of Engineers (USACE) pursuant to Section 404 of the federal Clean Water Act, under which the USACE issues or denies DA permits for activities involving a discharge of dredged or fill materials into the waters of the United States, including wetlands. The USACE

intends to adopt this document to satisfy the requirements of the National Environmental Policy Act (NEPA).

USACE invites full public participation to promote open communication and better decision-making. All persons and organizations that have an interest in this action are urged to participate in the NEPA process.

An electronic version of the DEIS may be viewed at the USACE, Sacramento District Web site: <http://www.spk.usace.army.mil/Missions/Regulatory/Overview/EnvironmentalImpactStatements.aspx>. In addition, a hardcopy of the DEIS may also be reviewed at the following locations:

(1) City of Roseville Permits Center, 311 Vernon Street, Roseville, California 95678.

(2) City of Roseville Public Library, 225 Taylor Street, Roseville, California 95678.

June 25, 2012.

William J. Leady,

Colonel, U.S. Army, District Engineer.

DEPARTMENT OF EDUCATION

Notice of Submission for OMB Review; Office of the Secretary; Race to the Top Annual Performance Report

SUMMARY: The American Recovery and Reinvestment Act provides \$4.3 billion for the Race to the Top Fund (referred to in the statute as the State Incentive Grant Fund). This is a competitive grant program to encourage and reward States that are creating the conditions for education innovation and reform; achieving significant improvement in student outcomes, including making substantial gains in student achievement, closing achievement gaps, improving high school graduation rates, and ensuring student preparation for success in college and careers; and implementing ambitious plans in four core education reform areas: (a) Adopting internationally-benchmarked standards and assessments that prepare students for success in college and in the workplace; (b) building data systems that measure student success and inform teachers and principals in how they can improve their practices; (c) increasing teacher effectiveness and achieving equity in teacher distribution; and (d) turning around our lowest-achieving schools.

DATES: Interested persons are invited to submit comments on or before August 6, 2012.

ADDRESSES: Written comments regarding burden and/or the collection activity requirements should be electronically mailed to ICDocketMgr@ed.gov or mailed to U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Washington, DC 20202-4537. Copies of the proposed information collection request may be accessed from <http://edicsweb.ed.gov>, by selecting the "Browse Pending Collections" link and by clicking on link number 04845. When you access the information collection, click on "Download Attachments" to view. Written requests for information should be addressed to U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Washington, DC 20202-4537. Requests may also be electronically mailed to ICDocketMgr@ed.gov or faxed to 202-401-0920. Please specify the complete title of the information collection and OMB Control Number when making your request.

Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that Federal agencies provide interested parties an early opportunity to comment on information collection requests. The Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management, publishes this notice containing proposed information collection requests at the beginning of the Departmental review of the information collection. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Race to the Top Annual Performance Report.

OMB Control Number: 1894-0012.

Type of Review: Reinstatement.

Total Estimated Number of Annual Responses: 19.

Total Estimated Number of Annual Burden Hours: 1,845.

Abstract: In order to fulfill our responsibilities for programmatic oversight and public reporting, the Department has developed a Race to the Top Annual Performance Report that is tied directly to the Race to the Top selection criteria and priorities previously established and published in the **Federal Register**. The report is grounded in the key performance targets included in grantees' approved Race to the Top plans. Grantees will be required to report on their progress in the four core education reform areas and in Science, Technology, Engineering, and Mathematics. This reporting includes narrative sections on progress and key performance indicators. As was the case in the completion of the Race to the Top applications, grantees will coordinate with local educational agencies to collect and report on school and district-level data elements.

In order to robustly fulfill our programmatic and fiscal oversight responsibilities, it is essential that we gather this data from Race to the Top grantees and subgrantees. In the first year of the grant, the annual performance report (APR) was collected through an emergency clearance approval. In order to allow for a comprehensive assessment of progress for the remaining grant period to both update the public and Congress about Race to the Top and pinpoint areas requiring technical assistance, we are requesting a three-year clearance with this form.

Additionally, through the Department of Defense and Full-Year Continuing Appropriations Act, 2011 (FY 2011 Appropriations Act), the Department made a total of \$200 million in grants to seven additional States in Phase 3 to invest in a portion of their plans from the Phase 2 competition. The Department is requesting these States, who will complete a sub-set of the APR based on their approved plans, be included in the three-year clearance with this form.

Dated: July 2, 2012.

Darrin A. King,

Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.
