Disclosure and Public Comment

The Department will disclose the calculations used in our analysis to parties in this review within five days of the date of publication of this notice. Interested parties, who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Import Administration, U.S. Department of Commerce, filed electronically using Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). An electronically filed document must be received successfully in its entirety by the Department’s electronic record system, IA ACCESS, by 5 p.m. Eastern Time within 30 days after the date of publication of this notice. Requests should contain the party’s name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, the Department will inform parties of the scheduled date for the hearing which will be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and location to be determined. Parties should confirm by telephone the date, time, and location of the hearing. Interested parties are invited to comment on the preliminary results of this review. The Department will consider case briefs filed by interested parties within 30 days after the date of publication of this notice in the Federal Register. Interested parties may file rebuttal briefs, limited to issues raised in the case briefs. The Department will consider rebuttal briefs filed not later than five days after the time limit for filing case briefs. Parties who submit arguments are requested to submit with each argument a statement of the issue, a brief summary of the argument, and a table of authorities cited. The Department intends to issue the final results of this administrative review, including the results of our analysis of issues raised in the written comments, within 120 days of publication of these preliminary results in the Federal Register.

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. For any individually examined respondent whose weighted-average dumping margin is above de minimis (i.e., 0.50 percent) in the final results of this review, the Department will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer’s examined sales and the total entered value of sales, in accordance with 19 CFR 351.212(b)(1). In these preliminary results, the Department applied the assessment rate calculation method adopted in Final Modification for Reviews, i.e., on the basis of monthly average-to-average comparisons using only the transactions associated with that importer with offsets being provided for non-dumped comparisons.

Where the Department calculates a weighted-average dumping margin by dividing the total amount of dumping for reviewed sales to that party by the total sales quantity associated with those transactions, the Department will direct CBP to assess importer-specific assessment rates based on the resulting per-unit rates. Where an importer-(or customer-) specific ad valorem or per-unit rate is greater than de minimis, the Department will instruct CBP to collect the appropriate duties at the time of liquidation. Where an importer-(or customer-) specific ad valorem or per-unit rate is zero or de minimis, the Department will instruct CBP to liquidate appropriate entries without regard to antidumping duties.

Docket Number: 12–024. Applicant: Department of Mechanical Engineering, Texas A&M University, College Station, TX 77843–3123. Instrument: Arc melting system. Manufacturer: Edmund Beuhler GmbH, Germany. Intended Use: See notice at 77 FR 32942, June 4, 2012. Comments: None received. Decision: Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as this instrument is intended to be used, is being manufactured in the United States at the time of its order. Reasons: The unique features of this instrument include the capability of suction casting and ceramic powder feed-through for the addition of oxide nanoparticles during the melting of metals. Suction casting is required to achieve nanocrystalline grains, and ceramic powder feed-through will be used to mix ceramic powders with melted metals to achieve metal based nanocomposites.

Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles From the People’s Republic of China: Notice of Court Decision Not in Harmony and Notice of Amended Final Results

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On June 14, 2012, the United States Court of International Trade (the Court) issued final judgment in Tianjin Machinery Imp. & Exp. Corp. and Shandong Huarong Machinery Co., Ltd. v. United States, sustaining the Department of Commerce’s (the Department) Second Remand Results.

Consistent with the decision of the United States Court of Appeals for the Federal Circuit (Federal Circuit) in Timken Co., v. United States, 893 F.2d 337 (Fed. Cir. 1990) (Timken), as clarified by Diamond Sawblades Mfrs. Coalition v. United States, 626 F.3d 1374 (Fed. Cir. 2010) (Diamond Sawblades), the Department is notifying the public that the final judgment in this case is not in harmony with the Department’s final results and is amending the final results of the antidumping duty review on heavy forged hand tools, finished or unfinished, with or without handles from the People’s Republic of China (PRC) with respect to the margins assigned to Shandong Huarong Machinery Co., Ltd. (Huarong) and Tianjin Machinery Import & Export Co.’s (TMC) covering the period February 1, 2003 through January 30, 2004.

DATES: Effective Date: June 25, 2012.

FOR FURTHER INFORMATION CONTACT: Matthew Renkey, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–2312.

SUPPLEMENTARY INFORMATION: The Department published the Final Results on September 19, 2005. On August 28, 2007, the Court remanded the Final Results, and instructed the Department to either explain or reconsider its determination of the adverse facts available (AFA) rate applied to TMC’s and Huarong’s sales of bars/wedges, and the AFA rate applied to TMC’s sales of picks/mattocks. On March 11, 2008, the Department filed its First Remand Results pursuant to the Court’s August 28, 2007 order. On January 4, 2011, the Court sustained in part, and remanded, in part, the Department’s First Remand Results. Specifically, the Court remanded the AFA rates applied to Huarong’s bars/wedges, and to TMC’s pick/mattocks. On May 4, 2011, the Department filed the Second Remand Results, in which the Department recalculated the AFA rates applied to Huarong and TMC. As a result, the Department revised the antidumping margin for Huarong’s sales of bars/ wedges to 47.88 percent, and revised the antidumping margin for TMC’s sales of picks/mattocks to 32.15 percent.
