SUPPLEMENTARY INFORMATION:

I. Abstract

This information collection is associated with regulations implementing the Migratory Bird Treaty Act (MBTA) (16 U.S.C. 703 et seq.). Under the MBTA, it is unlawful to take, possess, import, export, transport, sell, purchase, barter, or offer for sale, purchase, or barter, migratory birds or their parts, nests, or eggs, except as authorized by regulations implementing the MBTA.

The regulations in the Code of Federal Regulations (CFR) at 50 CFR 21.47 (Aquaculture Depredation Order) authorize aquaculture producers and the U.S. Department of Agriculture (APHIS-Wildlife Services) in 13 States to take double-crested cormorants when the birds are found committing or about to

commit depredations on commercial freshwater aquaculture stocks. The regulations at 50 CFR 21.48 (Public Resource Depredation Order) authorize State fish and wildlife agencies, APHIS-Wildlife Services, and federally recognized tribes in 24 States to take double-crested cormorants to prevent depredations on the public resources of fish, wildlife, plants, and their habitats.

Both 50 CFR 21.47 and 21.48 impose reporting and recordkeeping requirements on those operating under the depredation orders. We use the information collected to:

- Help assess the impact of the depredation orders on double-crested cormorant populations.
- Protect nontarget migratory birds or other species.
- Ensure that agencies and individuals are operating in accordance with the terms, conditions, and purpose of the orders.
- Help gauge the effectiveness of the orders at mitigating cormorant-related damages.
