BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Changes in Permissible Stage 2 Airplane Operations

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. This information will be used to issue special flight authorizations for non-revenue transports and non-transport jet operations of Stage 2 airplanes at U.S. airports. Only a minimal amount of data is requested to identify the affected parties and determine whether the purpose for the flight is one of those enumerated by law.

DATES: Written comments should be submitted by September 7, 2012.

FOR FURTHER INFORMATION CONTACT: Kathy DePaepe at (405) 954-9362, or by email at: Kathy.A.DePaepe@faa.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 2120-0652.

Title: Changes in Permissible Stage 2 Airplane Operations.

Form Numbers: There are no FAA forms associated with this collection.

Type of Review: Renewal of an information collection.

Background: This collection is required under the Airport Noise and Capacity Act of 1990 (as amended by Pub. L. 106-113) and the FAA Modernization and Reform Act of 2012. This information is used by the FAA to issue special flight authorizations for nonrevenue operations of transports and non-transport jet Stage 2 airplanes at U.S. airports. Only minimal amount of data is requested to identify the affected parties and determine whether the purpose for the flight is one of the ones enumerated in the law.

Respondents: 50 applicants.

Frequency: Information is collected on occasion.

Estimated Average Burden per Response: 15 minutes.

Estimated Total Annual Burden: 12.5 hours.

ADDRESSES: Send comments to the FAA at the following address: Ms. Kathy DePaepe, Room 126B, Federal Aviation Administration, AES-200, 6500 S. MacArthur Blvd., Oklahoma City, OK 73169.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Issued in Washington, DC, on July 2, 2012.

Albert R. Spence,

FAA Assistant Information Collection Clearance Officer, IT Enterprises Business Services Division, AES-200.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of a Non-Aeronautical Land-Use Change Effecting the Quitclaim Deed and Federal Grant Assurance Obligations at Delano Municipal Airport, Delano, CA

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of a Non-Aeronautical Land-Use Change.

SUMMARY: The Federal Aviation Administration (FAA) proposes to rule and invites public comment on the application for a non-aeronautical land-use change for approximately 38 acres of airport property at Delano Municipal Airport, Delano, California, from the aeronautical use provisions of the Quitclaim Deed and Grant Agreement Assurances since the land is not needed for aeronautical purposes. The property will be leased for its fair market value and the rental proceeds deposited in the airport account for airport use. The reuse of the land for a solar farm and the non-aeronautical use of an old administrative building represent compatible land uses that will not

interfere with the airport or its operation, thereby protecting the interests of civil aviation and contributing to the self-sustainability of the airport.

DATES: Comments must be received on or before August 8, 2012.

FOR FURTHER INFORMATION CONTACT: Comments on the request may be mailed or delivered to the FAA at the following address: Tony Garcia, Airports Compliance Program Manager, Federal Aviation Administration, Airports Division, Federal Register Comment, P.O. Box 92007, Los Angeles, CA 90009-2007. In addition, one copy of the comment submitted to the FAA must be mailed or delivered to Mr. Roman Dowling, Public Works Director, City of Delano, 1015 Eleventh Avenue, P.O. Box 3010, Delano, CA 93216-3010.

SUPPLEMENTARY INFORMATION: In accordance with the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (AIR 21), Public Law 10-181 (Apr. 5, 2000; 114 Stat. 61), this notice must be published in the **Federal Register** 30 days before the Secretary may waive any condition imposed on a federally obligated airport by surplus property conveyance deeds or grant agreements.

The following is a brief overview of the request:

The City of Delano requested a modification of the conditions in the Quitclaim Deed and Grant Agreement Assurances to permit non-aeronautical use of approximately 38 acres of land at Delano Municipal Airport. The subject property is located east of the airfield and a small building is situated on the western edge of the airport. The land is presently undeveloped. A large tract of land will be redeveloped for a solar farm and a small building will be used for a non-aeronautical business. The City of Delano proposes to lease the property under the terms of a long-term lease for a solar farm since the land is not needed for aeronautical purposes. Reuse of the land for a solar farm will not impede future development of the airport. In addition, the City of Delano will lease a small vacant office building on the western edge of the airport in an undeveloped area to be used for a non-aviation business. The lease rate for both uses will be based on the appraised market value and the lease proceeds will be deposited in the airport account and used for airport purposes. The use of the property for a solar farm and a non-aviation business represents uses that are not incompatible and will not interfere with airport operations. The land will become revenue-producing property, which will enhance the self-

sustainability of the airport and, thereby, serve the interests of civil aviation.

Issued in Hawthorne, California, on June 28, 2012.

Brian Armstrong,

*Manager, Safety and Standards Branch,
Airports Division, Western-Pacific Region.*

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Cancellation of Supplemental Environmental Impact Statement (SEIS); Travis County, TX

AGENCY: Federal Highway Administration, DOT.

ACTION: Cancellation of Notice of Intent to Prepare a SEIS.

SUMMARY: The Federal Highway Administration (FHWA) and Texas Department of Transportation (TxDOT) are issuing this notice to advise the public that the Notice of Intent (NOI) to prepare a Supplemental Environmental Impact Statement (SEIS) for proposed improvements to U.S. Highway 290 (US 290)/State Highway (SH) 71 West through Oak Hill, in Travis County, Texas, is being rescinded.

FOR FURTHER INFORMATION CONTACT: Mr. Salvador Deocampo, District Engineer, District A, Federal Highway Administration (FHWA), Texas Division, 300 East 8th Street, Rm 826, Austin, Texas 78701, Telephone 512-536-5950.

SUPPLEMENTARY INFORMATION: On August 15, 2008, TxDOT, in cooperation with the FHWA, announced its intent to prepare a limited-scope SEIS pursuant to 40 CFR 1508.22 and 43 TAC Sec. 2.5(e)(2) for proposed improvement of US 290/SH 71 West through Oak Hill, in Travis County, Texas. The improvements proposed between Ranch-to-Market Road (RM) 1826 and Joe Tanner Lane were originally considered in a Final Environmental Impact Statement (FEIS) covering improvements to SH 71/US 290 from Ranch-to-Market Road (RM) 1826 to FM 973. A Record of Decision (ROD) was issued by FHWA on August 22, 1988. The mid-section of the original project limits, between Joe Tanner Lane and Riverside Drive, has been constructed. The limited-scope SEIS would have evaluated potential impacts resulting from changes in funding mechanisms, changes in adjacent land use, State and Federal listing of the Barton Springs salamander as endangered, public input,

and proposed design modifications since the issuance of the SH 71/US 290 ROD along the unconstructed western portion of the original FEIS, between RM 1826 and Joe Tanner Lane.

TxDOT and FHWA have decided to rescind the NOI to prepare a SEIS for US 290/SH 71 West through Oak Hill from RM 1826 to Joe Tanner Lane. The project was placed on hold in 2008 due to the limited availability of funds and local planning priorities. The SEIS was in the preliminary stages of development. Recently, the FHWA has determined that a SEIS would no longer be applicable to the project and a full environmental impact statement (EIS) would be required to evaluate potential impacts. Therefore, the decision to rescind the NOI was due to limited availability of funds, local planning priorities and the determination that an EIS would be required.

Issued on: June 25, 2012.

Salvador Deocampo,

District Engineer.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statements: National Summary of Rescinded Notices of Intent

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice.

SUMMARY: The FHWA is issuing this notice to advise the public that 8 States have rescinded Notices of Intent (NOIs) to prepare 14 Environmental Impact Statements (EISs) for proposed highway projects. The FHWA Division Offices, in consultation with the State departments of transportation (State DOTs), determined that six projects were no longer viable and have formally cancelled the projects. No further Federal resources will be expended on these projects; the environmental review process has been terminated. Four projects have been reduced in scope or found not to have significant impacts and now meet the criteria for an Environmental Assessment (EA) or a Categorical Exclusion (CE). Two projects will be constructed using solely State funds, so EISs will not be required. One project will be divided into two future projects and NOIs will be issued as needed. Finally, one project is being significantly rescoped and required a new NOI, which has already been issued.

FOR FURTHER INFORMATION CONTACT: Bill Ostrum, Office of Project Development and Environmental Review, (202) 366-4651; Janet Myers, Office of the Chief Counsel, (202) 366-2019; Federal Highway Administration, 1200 New Jersey Avenue SE., Washington, DC 20590.

SUPPLEMENTARY INFORMATION:

Electronic Access

An electronic copy of this document may be downloaded by accessing the **Federal Register's** home page at: <http://www.archives.gov> and the Government Printing Office's Web page at <http://www.gpoaccess.gov/nara>.

Background

The FHWA, as lead Federal agency under the National Environmental Policy Act (NEPA) and in furtherance of its oversight and stewardship responsibilities under the Federal-aid highway program, periodically requests that its Division Offices review, with the State DOTs, the status of all EISs and place those projects that are not actively progressing in a timely manner in an inactive project status. The FHWA maintains lists of active and inactive EIS projects on its Web site at <http://www.environment.fhwa.dot.gov/>. The FHWA has determined that inactive projects that are no longer a priority or that lack financial resources should be rescinded with a **Federal Register** notice notifying the public that project activity has been terminated. This notice covers the time period since the last summary was issued on May 23, 2011, and published in the **Federal Register** at 76 FR 31676 (June 1, 2011). As always, FHWA encourages State DOTs to work with their FHWA Division Office to determine when it is most prudent to initiate an EIS in order to best balance available resources as well as the expectations of the public.

The FHWA is issuing this notice to advise the public that 8 States (California, Idaho, Mississippi, Nebraska, New York, North Carolina, Ohio, and Texas) have recently rescinded previously issued NOIs for 14 EISs for proposed highway projects. A listing of these projects, general location, original NOI date of publication in the **Federal Register**, and the date that the NOI was formally rescinded by notice published in the **Federal Register**, is provided below.

The FHWA Division Offices, in consultation with the State DOTs, determined that six of these projects were no longer viable and have formally cancelled those projects. The projects are: State Route 101 in
