SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-67386; File No. SR-BX-2012-044]

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify BX's Fee Schedule Governing Order Routing

July 10, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 28, 2012, NASDAQ OMX BX, Inc. ("BX" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") a proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

BX proposes to modify BX's fee schedule governing order routing. BX will implement the proposed change on July 2, 2012. The text of the proposed rule change is available at <http://nasdaqomxbx.cchwallstreet.com/>, at BX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item III below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

BX is making a minor modification to the schedule governing fees for use of its routing services. Effective July 2, 2012, the NASDAQ OMX PSX ("PSX") facility of NASDAQ OMX PHLX LLC ("Phlx") has reduced the fees that it charges for accessing liquidity.³ Accordingly, BX is making a conforming change to the fee that it charges for routing orders to PSX. In making this change, BX is reducing current charges that range as high as \$0.0035 per share executed to a uniform rate of \$0.0005 per share executed in all instances.

2. Statutory Basis

BX believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁴ in general, and with Sections 6(b)(4) and (5) of the Act,⁵ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which BX operates or controls, and is not designed to permit unfair discrimination between customers, issuers, brokers or dealers. All similarly situated members are subject to the same fee structure, and

access to BX is offered on fair and non-discriminatory terms. The change is reasonable because the proposed fee for routing orders to PSX reflects the reduction in the fee that will be charged by PSX to BX with respect to such orders.⁶ The change is consistent with an equitable allocation of fees because it will bring the economic attributes of routing orders to PSX in line with the cost of executing orders there. Finally, the change is not unfairly discriminatory because it solely applies to members that opt to route orders to PSX.

Finally, BX notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, BX must continually adjust its fees to remain competitive with other exchanges and with alternative trading systems that have been exempted from compliance with the statutory standards applicable to exchanges. BX believes that the proposed rule change reflects this competitive environment because it is designed to ensure that the charges for use of the BX routing facility to route to PSX reflect a reduction in the cost of such routing.

B. Self-Regulatory Organization's Statement on Burden on Competition

BX does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Because the market for order execution is extremely competitive, members may readily opt to disfavor BX's routing services if they believe that alternatives offer them better value. The proposed change is designed to ensure that the charges for use of the BX routing facility to route to PSX reflect a reduction in the cost of such routing, thereby allowing it to remain competitive.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

⁶ Depending on volume of routed orders in a month, BX will be charged either \$0.0005 or \$0 per share executed. In a circumstance where the charge was \$0, BX believes that it is nevertheless appropriate to charge a markup above this cost to reflect the additional costs of offering routing services and the value of such services.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁷ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, when stock-option strategy orders are sent to the Exchange, the stock portions are processed and routed manually by brokers to a stock exchange for execution. However, CBOE will soon begin rollout of new functionality to automate the handling of complex orders containing a stock leg through the use of the Complex Order Auction ("COA"), Complex Order Book ("COB"), Automated Improvement Mechanism ("AIM"), Solicitation Auction Mechanism ("SAM"), and the splitting mechanism which is used for certain market orders pursuant to Interpretation .06(d) of CBOE Rule 6.53C (through which, if at the conclusion of COA an eligible market order cannot be filled in whole or in a permissible ratio, then any remaining balance of the option leg(s) will route to the Hybrid System for processing as a simple market order(s) and any remaining balance of the stock leg will route to a designated dealer for processing as a market order). Through this new functionality, the stock portions of stock-option strategy orders will be electronically communicated by the Exchange to a designated broker-dealer, who will then manage the execution of such stock portions.³ As such, the Exchange proposes to adopt a fee of \$0.0010 per share for the processing and routing by the Exchange of the stock portion of stock-option strategy orders executed through those mechanisms. The purpose of the proposed fee is to cover the fees being assessed to the Exchange by the designated broker that will be managing
