

**ENVIRONMENTAL PROTECTION AGENCY**

[FRL-9701-4]

**Announcement of the Board of Trustees for the National Environmental Education Foundation**

**AGENCY:** Environmental Protection Agency; Office of External Affairs and Environmental Education.

**ACTION:** Notice.

**SUMMARY:** The National Environmental Education Foundation (NEEF) was created by Section 10 of Public Law 101-619, the National Environmental Education Act of 1990. It is a private 501(c)(3) non-profit organization established to promote and support education and training as necessary tools to further environmental protection and sustainable, environmentally sound development. It provides the common ground upon which leaders from business and industry, all levels of government, public interest groups, and others can work cooperatively to expand the reach of environmental education and training programs beyond the traditional classroom. The Foundation supports a grant program that promotes innovative environmental education and training programs; it also develops partnerships with government and other organizations to administer projects that promote the development of an environmentally literate public. The Administrator of the U.S. Environmental Protection Agency, as required by the terms of the Act, announces the following appointment to the National Environmental Education Foundation Board of Trustees. The appointee is Wonya Lucas, Chief Executive Officer and President of TV One, LLC.

**FOR FURTHER INFORMATION CONTACT:** For information regarding this Notice of Appointment, please contact Mrs. Stephanie Owens, Deputy Associate Administrator, Office of External Affairs and Environmental Education (1701A) U.S. EPA, 1200 Pennsylvania Ave. NW., Washington, DC 20460. General information concerning NEEF can be found on their Web site at: <http://www.neefusa.org>.

**SUPPLEMENTARY INFORMATION:**

*Additional Considerations:* Great care has been taken to assure that this new appointee not only has the highest degree of expertise and commitment, but also brings to the Board diverse points of view relating to environmental education. This appointment is a four-year term which may be renewed once

for an additional four years pending successful re-election by the NEEF nominating committee.

This appointee will join the current Board members which include:

- Decker Anstrom, Former CEO, The Weather Channel Companies
- JL Armstrong (NEEF Vice Chair), National Manger, Toyota Motor Sales, USA, Inc.
- Raymond Ban, Executive Vice President, The Weather Channel
- Holly Cannon, Principal, Beveridge and Diamond, P.C.
- Phillipe Cousteau, Co-Founder and CEO, EarthEcho International
- Manuel Alberto Diaz, Partner, Lydecker Diaz, L.L.P.
- Arthur Gibson (NEEF Chair), Vice President, Environment, Health and Safety, Baxter Healthcare Corporation
- Kenneth Olden, Chairman, Avon Foundation Scientific Advisory Board
- Trish Silber, President, Aliniad Consulting Partners, Inc.
- Bradley Smith, Dean, Huxley College of the Environment, Western Washington University
- Kenneth Strassner (NEEF Treasurer), Vice President, Global Environment, Safety, Regulatory and Scientific Affairs, Kimberly-Clark Corporation
- Diane Wood (NEEF Secretary), President, National Environmental Education Foundation

*Background:* Section 10(a) of the National Environmental Education Act of 1990 mandates a National Environmental Education Foundation. The Foundation is established in order to extend the contribution of environmental education and training to meeting critical environmental protection needs, both in this country and internationally; to facilitate the cooperation, coordination, and contribution of public and private resources to create an environmentally advanced educational system; and to foster an open and effective partnership among Federal, State, and local government, business, industry, academic institutions, community based environmental groups, and international organizations.

The Foundation is a charitable and nonprofit corporation whose income is exempt from tax, and donations to which are tax deductible to the same extent as those organizations listed pursuant to section 501(c) of the Internal Revenue Code of 1986. The Foundation is not an agency or establishment of the United States. The purposes of the Foundation are—

(A) Subject to the limitation contained in the final sentence of subsection (d) herein, to encourage, accept, leverage,

and administer private gifts for the benefit of, or in connection with, the environmental education and training activities and services of the United States Environmental Protection Agency;

(B) To conduct such other environmental education activities as will further the development of an environmentally conscious and responsible public, a well-trained and environmentally literate workforce, and an environmentally advanced educational system;

(C) To participate with foreign entities and individuals in the conduct and coordination of activities that will further opportunities for environmental education and training to address environmental issues and problems involving the United States and Canada or Mexico.

The Foundation develops, supports, and/or operates programs and projects to educate and train educational and environmental professionals, and to assist them in the development and delivery of environmental education and training programs and studies.

The Foundation has a governing Board of Directors (hereafter referred to in this section as ‘the Board’), which consists of 13 directors, each of whom shall be knowledgeable or experienced in the environment, education and/or training. The Board oversees the activities of the Foundation and assures that the activities of the Foundation are consistent with the environmental and education goals and policies of the Environmental Protection Agency and with the intents and purposes of the Act. The membership of the Board, to the extent practicable, represents diverse points of view relating to environmental education and training. Members of the Board are appointed by the Administrator of the Environmental Protection Agency.

Within 90 days of the date of the enactment of the National Environmental Education Act, and as appropriate thereafter, the Administrator will publish in the **Federal Register** an announcement of appointments of Directors of the Board. Such appointments become final and effective 90 days after publication in the **Federal Register**. The directors are appointed for terms of 4 years. The term may be renewed once for an additional four years, pending successful re-election by the NEEF nominating committee. The Administrator shall appoint an individual to serve as a director in the event of a vacancy on the Board within 60 days of said vacancy in the manner in which the original appointment was made. No individual

may serve more than 2 consecutive terms as a director.

Dated: June 28, 2012.

**Lisa P. Jackson,**  
Administrator.

## ENVIRONMENTAL PROTECTION AGENCY

[Petition IV-2010-9; FRL-9700-9]

### Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for Kentucky Syngas, LLC; Muhlenberg County, KY

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of final order on petition to object to a state operating permit.

**SUMMARY:** Pursuant to Clean Air Act (CAA) the EPA Administrator signed an Order, dated June 22, 2012, partially granting and partially denying a petition to object to a CAA merged prevention of significant deterioration and title V operating permit issued by the Kentucky Division for Air Quality (KDAQ) to Kentucky Syngas, LLC (KSG) for its facility located near Central City in Muhlenberg County, Kentucky. This Order constitutes a final action on the petition submitted by Environmental Policy & Law Center on behalf of Sierra Club and Valley Watch (Petitioners) and received by EPA on October 27, 2010. A petition for judicial review of those parts of the Order that deny issues in the petition may be filed in the United States Court of Appeals for the appropriate circuit within 60 days from the date this notice is published in the **Federal Register**.

**DATES:** September 17, 2012.

**ADDRESSES:** Copies of the Order, the petition, and all pertinent information relating thereto are on file at the following location: EPA Region 4; Air, Pesticides and Toxics Management Division; 61 Forsyth Street SW.; Atlanta, Georgia 30303-8960. The Order is also available electronically at the following address: [http://www.epa.gov/region07/air/title5/petitiondb/petitions/kentuckysyngas\\_response2010.pdf](http://www.epa.gov/region07/air/title5/petitiondb/petitions/kentuckysyngas_response2010.pdf).

**FOR FURTHER INFORMATION CONTACT:** Art Hofmeister, Air Permits Section, EPA Region 4, at (404) 562-9115 or [hofmeister.art@epa.gov](mailto:hofmeister.art@epa.gov).

**SUPPLEMENTARY INFORMATION:** The CAA affords EPA a 45-day period to review

and, as appropriate, the authority to object to operating permits proposed by state permitting authorities under title V of the CAA, 42 U.S.C. 7661-7661f. Section 505(b)(2) of the CAA and 40 CFR 70.8(d) authorize any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of EPA's 45-day review period if EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or the grounds for the issues arose after this period.

Petitioners submitted a petition regarding KSG (received by EPA on October 27, 2010), requesting that EPA object to the CAA title V operating permit (#V-09-001). Petitioners alleged that the permit was not consistent with the CAA because: (1) KDAQ failed to provide an opportunity for meaningful public participation; (2) KDAQ failed to consider and respond to comments on alternatives; (3) KDAQ's decision to permit the KSG facility and the Thoroughbred Mine separately was arbitrary and capricious; (4) the best available control technology (BACT) analyses omitted consideration of clean fuels and processes; (5) emissions estimates from the flare and BACT for the flare were in error; (6) the permit failed to meet certain requirements for hazardous air pollutants; (7) KDAQ failed to accurately account for all emissions of volatile organic compounds in the potential-to-emit calculation; (8) the permit's monitoring requirements for a variety of different units and pollutants were inadequate; (9) KSG failed to accurately estimate, sufficiently control and adequately model particulate matter; (10) KDAQ failed to demonstrate that the proposed facility will not cause or contribute to violations of the ozone national ambient air quality standard; and (11) the permit lacked the necessary PM<sub>2.5</sub> limit.

On June 22, 2012, the Administrator issued an Order partially granting and partially denying the petition. The Order explains EPA's rationale for partially granting and partially denying the petition.

Dated: July 6, 2012.
