DEPARTMENT OF EDUCATION

Applications for New Awards; Innovative Approaches to Literacy Program (CFDA 84.215G); Correction

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Notice; correction.

SUMMARY: On July 11, 2012, we published in the *Federal Register* (77 FR 40866) a notice inviting applications for new awards using fiscal year (FY) 2012 funds for the Innovative Approaches to Literacy Program (2012 notice). The 2012 notice erroneously listed deadline dates for intergovernmental review under Executive Order 12372 and its implementing regulations in 34 CFR

part 79. The Secretary had decided to waive the EO 12372 review of the July 11, 2012 notice, as authorized under part 79, but the notice did not reflect that decision. The Secretary made the decision to waive this review because we would otherwise not be able to make timely grant awards for the Innovative Approaches to Literacy Program for FY 2012. We are correcting the 2012 notice to remove the requirement that applicants submit their applications for intergovernmental review.

2. On page 40870, second column, under the heading "3. Submission Dates and Times," we are removing the last sentence, which reads "Deadline for Intergovernmental Review: October 9, 2012".

3. On page 40870, second column, under the heading "4. Intergovernmental Review", we are removing the second sentence.

Take notice that on July 6, Tennessee Gas Pipeline Company, L.L.C. (Tennessee), 1001 Louisiana Street, Houston, Texas 77002, filed in the above referenced docket an application pursuant to section 7(b) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations, requesting authorization to abandon in place the northern portion of its Line No. 523M-100, and one associated inactive offshore supply pipeline, Line No. 523M-6300 and associated appurtenances located from the Ship Shoal Area in federal waters extending northerly to onshore in Terrebonne Parish, Louisiana. The facilities to be abandoned include approximately 32 miles of 26-inch pipeline, and 5.19 miles of 6-inch pipeline, as well as associated appurtenances, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions concerning this application may be directed to Thomas G. Joyce, Manager, Certificates, Tennessee Gas Pipeline Company, L.L.C. 1001 Louisiana Street, Houston, Texas 77002, or telephone (713) 420-3299, or facsimile (713) 420-1605, or by email at tom_joyce@kindermorgan.com; Susan T. Halbach, Assistant General Counsel, Tennessee Gas Pipeline Company, L.L.C. 1001 Louisiana Street, Houston, Texas 77002, or telephone (713) 420-5751, or by email

susan_halfbach@kindermorgan.com; or Debbie Kalisek, Regulatory Analyst, Tennessee Gas Pipeline Company, L.L.C. 1001 Louisiana Street, Houston, Texas 77002, or telephone at (713) 420-3292, or facsimile at (713) 420-1605, or by email *debbie_kalisek@kindermorgan.com*.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit seven copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be

taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and seven copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

Comment Date: August 7, 2012.

Dated: July 17, 2012.

Kimberly D. Bose,

Secretary.
