II. What Rule is being removed?

In the Federal Register of April 27, 2012 (77 FR 25236), EPA issued several direct final SNURs, including SNURs for five chemical substances that are the subject of this removal. These direct final rules were issued pursuant to the procedures in 40 CFR part 721 subpart D. In accordance with §721.160(c)(3)(ii), EPA is removing these rules issued for five chemical substance which were the subject of PMNs P–01–384, P–01–385, P–01–386, P–01–387, and P–01–388 because the Agency received notice of intent to submit adverse comments without sufficient time to respond prior to the effective date of the rule. EPA intends to publish proposed SNURs for these chemical substances under separate notice and comment procedures.

For further information regarding EPA’s expedited process for issuing SNURs, interested parties are directed to the direct final SNURs, including SNURs for these chemical substances under separate notice and comment procedures.

IV. Statutory and Executive Order Reviews

This final rule removes existing regulatory requirements and does not contain any new or amended requirements. As such, the Agency has determined that this removal will not have any adverse impacts, economic or otherwise. The statutory and executive order review requirements applicable to the direct final rule were discussed in the Federal Register of April 27, 2012 (77 FR 25236). Those review requirements do not apply to this action because it is a removal and does not contain any new or amended requirements.

V. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 et seq., generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report to each House of the Congress and the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the Federal Register. This rule is not a “major rule” as defined by 5 U.S.C. 804(2).
