Safety Zone; Gilmerton Bridge Center
Span Float-in, Elizabeth River; Norfolk,
Portsmouth, and Chesapeake, VA

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes
establishing a safety zone on the
navigable waters of the Elizabeth River
in Norfolk, Portsmouth, and
Chesapeake, VA. This action is
necessary to provide for the safety of life
on navigable waters during the
Gilmerton Bridge Center Span Float-in
and bridge construction of span
placement. This action is intended to
restrict vessel traffic movement to
protect mariners from the hazards
associated with the float-in and span
placement.

DATES: Comments and related material
must be received by the Coast Guard on
or before August 14, 2012.

ADDRESSES: You may submit comments

A. Public Participation and Request for
Comments

We encourage you to participate in
this rulemaking by submitting
comments and related materials. All
comments received will be posted
without change to http://
www.regulations.gov and will include
any personal information you have
provided.

1. Submitting Comments

If you submit a comment, please
include the docket number for this
rulemaking (USCG–2012–0642),
indicate the specific section of this
document to which each comment
applies, and provide a reason for each
suggestion or recommendation. You
may submit your comments and
material online (via http://
www.regulations.gov) or by fax, mail, or
hand delivery, but please use only one
of these means. If you submit a
comment online via
www.regulations.gov, it will be
considered received by the Coast Guard
when you successfully transmit the
comment. If you fax, hand deliver, or
mail your comment, it will be
considered as having been received by
the Coast Guard when it is received at
the Docket Management Facility. We
recommend that you include your name
and a mailing address, an email address,
or a telephone number in the body of
your document so that we can contact
you if we have questions regarding your
submission.

To submit your comment online, go to
http://www.regulations.gov, type the
docket number USCG–2012–0642 in the
“SEARCH” box and click “SEARCH.”
Click on “Submit a Comment” on the
line associated with this rulemaking.

If you submit your comments by mail
or hand delivery, submit them in an
unbound format, no larger than 8½ by
11 inches, suitable for copying and
electronic filing. If you submit
comments by mail and would like to
know that they reached the Facility,
please enclose a stamped, self-addressed
postcard or envelope. We will consider
all comments and material received
during the comment period and may
change the rule based on your
comments.

2. Viewing Comments and Documents

To view comments, as well as
documents mentioned in this preamble
as being available in the docket, go to

Monday through Friday, except Federal
holidays. We have an agreement with
the Department of Transportation to use
the Docket Management Facility.

3. Privacy Act

Anyone can search the electronic
form of comments received into any of
our dockets by the name of the
individual submitting the comment (or
signing the comment, if submitted on
behalf of an association, business, labor
union, etc.). You may review a Privacy
Act notice regarding our public
dockets in the January 17, 2008, issue of
the Federal Register (73 FR 3316).

4. Public Meeting

We do not now plan to hold a public
meeting. But you may submit a request
for one using one of the four methods
specified under ADDRESSES.

Please explain why you believe a public
meeting would be beneficial. If we
determine that one would aid this
rulemaking, we will hold one at a time
and place announced by a later notice
in the Federal Register.
B. Basis and Purpose

On September 5, 2012 through September 9, 2012 with inclement weather dates of September 10, 2012 through September 14, 2012, PCL Civil Construction, INC will facilitate removal of the existing bascule spans from the Gilmerton Bridge, transport of the new barge and the width of the waterway, facilitating closure of the bridge necessitating closure of the entire down river waterway to the Gilmerton Bridge. Transit is expected to take approximately seven hours. This action is necessary to ensure the safety of PCL Construction and vessels immediately prior to, during, and following the transit of the span.

In addition to the moving safety zone, we propose to establish safety zone at the Gilmerton Bridge spanning the entire down river waterway to the Gilmerton Bridge. Transit is expected to take approximately seven hours. This action is necessary to ensure the safety of PCL Construction and vessels immediately prior to, during, and following the transit of the span.

Due to the need to protect mariners and the public, moving the Elizabeth River from hazards associated with the span move and construction of span placement, the Coast Guard proposes to establish a moving safety zone and an extended waterway closure at the Gilmerton Bridge. Access to this area would be restricted for public safety purposes.

C. Discussion of Proposed Rule

The Coast Guard proposes to establish a temporary moving safety zone around the Gilmerton Bridge Center Span barge, restricting vessels operating in the navigable waters on the Elizabeth River from the Campostella Bridge located in the Eastern Branch of the Elizabeth River to the Gilmerton Bridge beginning. This movement is scheduled to begin at 6 a.m. on September 5, 2012, weather permitting. Because of the size of the barge and the width of the waterway, vessels will not be able to transit around the Barge, necessitating closure of the entire down river waterway to the Gilmerton Bridge. Transit is expected to take approximately seven hours. This action is necessary to ensure the safety of PCL Construction and vessels immediately prior to, during, and following the transit of the span.

Access to this area would be restricted for public safety purposes.

D. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

1. Regulatory Planning and Review

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. The primary impact of these regulations will be on vessels wishing to transit the affected waterways during the moving safety zone accompanying the Gilmerton Bridge Span Barge and the safety zone at the Gilmerton Bridge. Transit is expected to take approximately seven hours. This action is necessary to ensure the safety of PCL Construction and vessels immediately prior to, during, and following the transit of the span.

Due to the need to protect mariners and the public, moving the Elizabeth River from hazards associated with the span move and construction of span placement, the Coast Guard proposes to establish a moving safety zone and an extended waterway closure at the Gilmerton Bridge. Access to this area would be restricted for public safety purposes.

2. Impact Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered the impact of this proposed rule on small entities. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule will not have a significant economic impact on a substantial number of small entities. This proposed rule would affect the following entities, some of which might be small entities: the operators of vessels intending to operate or anchor in portions of the Elizabeth River, in Virginia. The regulations would not have a significant impact on a substantial number of small entities for the following reasons: The restrictions are limited in duration, affect only limited areas, and will be well publicized to allow mariners to make alternative plans for transiting the affected areas.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see ADDRESSES) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact LCDR Hector Cintron, Waterways Management Division Chief, Sector Hampton Roads, Coast Guard; telephone 757–668–5581, email Hector.L.Cintron@uscg.mil. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

4. Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed
this proposed rule under that Order and have determined that it does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

11. Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

13. Technical Standards

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves the establishment of a safety zone. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under ADDRESSES. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

DEPARTMENT OF EDUCATION

34 CFR Chapter III

American Indian Vocational Rehabilitation Services Program; Proposed Waivers and Extensions of the Project Periods

AGENCY: Office of Special Education and Rehabilitative Services, Department of Education.

ACTION: Proposed waivers and extensions.

CFDA Number: 84.250J.

SUMMARY: For 60-month projects initially funded in fiscal year (FY) 2007 under the American Indian Vocational Rehabilitation Services (AIVRS) Program, the Department proposes to waive the regulations that generally limit project periods to 60 months and that restrict project period extensions involving the obligation of additional Federal funds. The Department also proposes to extend the project period until September 30, 2013, for the AIVRS grantees whose awards are scheduled to expire on September 30, 2012. The proposed waivers and extensions would enable the eight AIVRS grantees in the FY 2007 funding cohort to request and continue to receive Federal funding beyond the 60-month limitation contained in the Department’s regulations, so long as the grantees are meeting the AIVRS program and other applicable requirements. Further, if the proposed waivers and extensions are made final, the Department would not announce a new competition in FY 2012 or make new awards in FY 2012.

DATES: We must receive your comments on or before August 24, 2012.

ADDRESSES: Submit all comments on this notice to August Martin, United States Department of Education, 400 Maryland Avenue SW, Room 5049, Potomac Center Plaza (PCP), Washington, DC 20202–7241.

If you prefer to send your comments by email, use the following address: august.martin@ed.gov. You must include the term “Proposed Waivers and Extensions for AIVRS” in the subject line of your message.

FOR FURTHER INFORMATION CONTACT: August Martin. Telephone: (202) 245–7410, or by email: august.martin@ed.gov.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTT), call the Federal Relay Service (FRS), toll free, at 1–800–877–8339.

SUPPLEMENTARY INFORMATION:

Invitation to Comment: We invite you to submit comments regarding this notice. We are particularly interested in comments on the effect these proposed waivers and extensions may have on the AIVRS program and on potential applicants for grant awards under any new AIVRS notice inviting applications, should there be one.

Eligible applicants for AIVRS are the governing bodies of Indian tribes (and consortia of those governing bodies) located on Federal and State reservations.

During and after the comment period, you may inspect all public comments about these proposed waivers and extensions for AIVRS in room 5105, (PCP), 550 12th Street SW., Washington, DC, between the hours of 8:30 a.m. and 4:00 p.m., Washington, DC time, Monday through Friday of each week, except Federal holidays.

Assistance to Individuals with Disabilities in Reviewing the Rulemaking Record: On request we will provide an appropriate accommodation or auxiliary aid to an individual with a disability who needs assistance to review the comments or other documents in the public rulemaking record for this notice of proposed waivers and extensions. If you want to schedule an appointment for this type of aid, please contact the person listed under FOR FURTHER INFORMATION CONTACT.

Background

The eight AIVRS grantees, selected based on the 2007 AIVRS notice inviting applications (2007 NIA) published on March 14, 2007 (72 FR 11851), provide vocational rehabilitation services to American Indians with disabilities who reside on or near Federal or State reservations as authorized by section 121 of the Rehabilitation Act of 1973, as amended (the Act) (29 U.S.C. 741). The project period for the eight AIVRS grantees is scheduled to end September 30, 2012. Section 121(b)(3) of the Act provides that the Department has the authority to make an AIVRS grant effective for more than 60 months, pursuant to prescribed regulations. For these projects, the Department proposes to waive the requirements of 34 CFR 75.250 and 34 CFR 75.261(c)(2), which limit project periods to 60 months and restrict project period extensions that involve the obligation of additional Federal funds. The Department also proposes to extend the project period for the eight AIVRS grantees from October 1, 2012, through September 30, 2013. The proposed waivers and extensions would enable the eight AIVRS grantees to request and continue to receive Federal funds beyond the 60-month limitation set by 34 CFR 75.250.

The Department makes this proposal, consistent with the Department’s commitment to excellence and continuous improvement, because a question was raised by the U.S. Government Accountability Office (GAO) in a report released on May 9, 2012, concerning the Department’s practice for determining eligibility under the AIVRS program. The report is titled Federal Funding for Non-Federally Recognized Tribes, GAO–12–348, and can be found on the GAO Web site at www.gao.gov/products/GAO–12–348.

In the report, the GAO made a finding in which it noted that the Department’s interpretation of reservation used in determining eligibility under the AIVRS program raised substantial questions for GAO about the eligibility of State-recognized tribes that are not located on State reservations, but rather are located on a defined and contiguous area of land where there is a concentration of tribal members and in which the tribe is providing structured activities and services, such as the tribal service areas identified in a tribe’s grant application. The GAO recommended that the Secretary review the Department’s practices with respect to eligibility requirements and take appropriate action with respect to grants made to tribes that do not have Federal or State reservations.

In order to comply with the GAO’s recommendation, we believe it is advisable to maintain funding to existing AIVRS projects during the time period the Department is implementing the GAO recommendation and not to hold a new AIVRS competition in FY 2012. The Department has determined that it is not advisable to announce a new competition under which entities would be expected to have the burden of proceeding through the application process while the Department reviews...
