SUPPLEMENTARY INFORMATION: In accordance with the provisions of the Federal Advisory Committee Act (FACA) as amended (5 U.S.C. The Council is a discretionary advisory committee established under the authority of the Secretary of Agriculture, in furtherance of the settlement agreement in *Keepseagle v. Vilsack* that was granted final approval by the District Court for the District of Columbia on April 28, 2011.

The Council will operate under the provisions of the FACA and report to the Secretary of Agriculture. The purpose of the Council is (1) to advise the Secretary of Agriculture on issues related to the participation of Native American farmers and ranchers in USDA farm loan programs; (2) to transmit recommendations concerning any changes to FSA regulations or internal guidance or other measures that would eliminate barriers to program participation for Native American farmers and ranchers; (3) to examine methods of maximizing the number of new farming and ranching opportunities created through the farm loan program through enhanced extension and financial literacy services; (4) to examine methods of encouraging intergovernmental cooperation to mitigate the effects of land tenure and probate issues on the delivery of USDA farm loan programs; (5) to evaluate other methods of creating new farming or ranching opportunities for Native American producers; and (6) to address other related issues as deemed appropriate.

The Secretary of Agriculture selected a diverse group of members representing a broad spectrum of persons interested in providing solutions to the challenges of the aforementioned purposes. Equal opportunity practices were considered in all appointments to the Committee in accordance with USDA policies. The Secretary selected the members in May 2012. Interested persons may present views, orally or in writing, on issues relating to agenda topics before the council.

Written submissions may be submitted to the contact person on or before August 5, 2012. Oral presentations from the public will be
