

EIS held in Fresno, Hanford, and Bakersfield on September 20, September 21, and September 22, 2011 respectively to collect public comments.

Based on substantive comments received during the public and agency review of the Draft EIS, the Authority and FRA decided to reintroduce alignment alternatives west of Hanford. In response to concerns raised by stakeholders in metropolitan Bakersfield, the Authority and FRA also decided to evaluate another alternative in Bakersfield (Bakersfield Hybrid Alternative) in an effort to minimize impacts to residential and community facilities. The Authority and FRA determined that the introduction of these new alternatives and other refinements being considered for existing Fresno to Bakersfield route alternatives required preparation of a Supplemental Draft EIS under NEPA and a Revised Draft EIS under CEQA.

Consistent with the provisions of NEPA Section 102(2)(c) (42 U.S.C. 4321 *et seq.*), the Council on Environmental Quality (CEQ) regulations implementing NEPA (40 CFR parts 1500 *et seq.*), and FRA's Procedures for Considering Environmental Impacts (64 FR 28545, May 26, 1999), the Supplemental Draft EIS describes the Project's purpose and need, identifies the reasonable range of alternatives including the no action alternative, evaluates the potential environmental effects associated with those alternatives, and identifies mitigation measures to minimize potential environmental effects.

Copies of the Supplemental Draft EIS are available online at FRA's Web site: www.fra.dot.gov; the Authority's Web site: www.cahighspeedrail.ca.gov; and are also available for viewing at the following locations near the planned rail system:

Intent To Prepare an Environmental Impact Statement for Proposed Transit Improvements to the North Red and Purple Lines, Cook County, IL

AGENCY: Federal Transit Administration, U.S. Department of Transportation.

ACTION: Supplemental Notice of Intent to Prepare an Environmental Impact Statement.

SUMMARY: On January 3, 2011, the Federal Transit Administration (FTA), as the lead federal agency, and the Chicago Transit Authority (CTA) published a Notice of Intent (NOI) to prepare an Environmental Impact Statement (EIS) for the North Red and Purple Line Modernization (RPM) Project in Cook County, Illinois. The purpose of this supplemental NOI is to inform interested parties that the EIS will no longer be a Tier 1 EIS as originally proposed. The methodology and format will now be a standard project-level EIS. All other aspects (Location, Purpose and Need, Alternatives, Scoping, and Possible Effects) of the original NOI remain unchanged. Activities conducted to date pursuant to the original NOI will not be impacted or reexamined. The proposed project, described more completely in the January 3, 2011 NOI, would bring the North Red and Purple lines up to a state of good repair from the track structure immediately north of Belmont Station in Chicago to the Linden terminal in Wilmette, Illinois. Materials describing the project purpose and need and the alternatives proposed for analysis are available on the CTA Web site www.transitchicago.com/rpmproject. The CTA operates the rapid transit system in metropolitan Chicago, Illinois.

ADDRESSES: Questions regarding this updated notice or the project may be sent to Mr. Steve Hands, Strategic Planning and Policy, Chicago Transit Authority, 567 W Lake Street, Chicago, IL 60661, or via email at RPM@transitchicago.com.
