

limitations on Floor Broker trading, including that Floor Brokers cannot initiate orders on the Floor and in such situations, are acting as agents for their broker-dealer customers, the Exchange believes that the intent is consistent with FAQ 3.23. In addition, the Cross Function will timely capture the transaction terms in an automated system, thereby providing a better audit trail for manually crossed orders. Such an audit trail will facilitate the review of the Floor Brokers' manual crosses to ensure their compliance with Rule 611.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of Section 6(b) of the Act,¹³ in general, and Section 6(b)(5) of the Act,¹⁴ in particular, in that it is designed to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism for a free and open market and a national market system and, in general, to protect investors and the public interest.

In particular, the Exchange believes that the proposed Cross Function and proposed amendment to Rule 76 remove impediments to and perfect the mechanism for a free and open market because the Cross Function will assist Floor brokers' ability to meet both their Rule 611 obligations and existing Rule 76 requirements with respect to crossed orders. Additionally, the Exchange believes the proposal removes impediments to and perfects the mechanism for a free and open market because Floor Brokers will have automated tools to enable their compliance with Rule 611 of Regulation NMS and efficiently execute the cross transactions. Furthermore, the Exchange believes the proposal will generate a better audit trail for purposes of Rule 611 of the crossed transactions.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

A. By order approve or disapprove such proposed rule change; or

B. Institute proceedings to determine whether the proposed rule change should be disapproved.
