Major Issues Raised by the United States

On June 27, 2012, the United States requested the establishment of a panel regarding China’s restraints on the export from China of various forms of rare earths, tungsten and molybdenum (collectively, the “materials”). These export restraints include export duties on the materials; quantitative restrictions such as quotas on the export of the materials; and additional requirements that impose restrictions on the trading rights of enterprises seeking to export various forms of rare earths and molybdenum, such as prior export performance and minimum registered capital requirements. In addition, China administers these export quotas on the materials in a manner that is not uniform, impartial, or reasonable, such as by the use of criteria in the application and allocation process that lack definition or do not contain sufficient guidelines or standards in how they should be applied.

Forms of rare earths include, but are not limited to, items falling under the following eight-digit HS numbers identified in the *Announcement No. 27 Issuing the 2012 Tariff Implementation Program* (State Council Customs Tariff Commission, shuiweihui, No. 27, issued December 9, 2011, effective January 1, 2012) (hereinafter, the “*2012 Tariff Implementation Program*”): 25309020, 26122000, 28053011, 28053012, 28053013, 28053014, 28053015, 28053016, 28053017, 28053019, 28053021, 28053029, 28461010, 28461020, 28461030, 28461090, 28469011, 28469012, 28469013, 28469014, 28469015, 28469016, 28469017, 28469019, 28469021,

Forms of tungsten also include, but are not limited to, items falling under the following 10-digit CCC Codes, as identified in the *2012 Export Licensing Management Commodities List*: 2611000000, 2620991000, 2825901100, 2825901200, 2825901910, 2841801000, 2841802000, 2841803000, 2841804000, 2849902000, 8101100010, 8101100090, 8101940000 and 8101970000.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Commercial Space Transportation Advisory Committee—Public Teleconference

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of Commercial Space Transportation Advisory Committee Teleconference.

SUMMARY: Pursuant to Section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463, 5 U.S.C. App. 2), notice is hereby given of three teleconferences of the Systems Working Group of the Commercial Space Transportation Advisory Committee (COMSTAC). The teleconferences will take place on: Tuesday August 14, 2012, Tuesday September 18, 2012, and Tuesday October 23, 2012. All teleconferences will begin at 1:00 p.m. Eastern Daylight Time and will last approximately one hour. Individuals who plan to participate should contact Susan Lender, Designated Federal Officer (DFO), (the Contact Person listed below) by phone or email for the teleconference call in number.

The purpose of these three teleconferences is to assist the FAA early in its development of regulations to protect occupants of commercial suborbital and orbital spacecraft. Although the FAA has not yet targeted a date for proposing regulations to protect the health and safety of crew and space flight participants, the FAA believes that the development of sound and appropriate regulations for human space flight can only be achieved with a deliberate, multi-year effort. Moreover, the FAA believes that early industry input into this regulatory effort before any formal proposal by the FAA is critical.

Thus, the FAA would like to engage with COMSTAC on a periodic basis,
