*Needs and Uses:* The Commission will submit this information collection to the Office of Management and Budget (OMB) as a revision after this comment period to obtain the three year clearance from them.

The Commission is modifying the FCC Form 655 to collect information that is relevant to the newly effective provision of the rule and to clarify and streamline existing fields. Specifically, manufacturers and service providers will be asked to provide new or different responses on the FCC Form 655 in the following areas:

(1) The FCC Form 655 currently collects information on which version of the ANSI standard was used to test the handsets offered during a reporting period. The 2011 ANSI standard will be added as an option on the Handset Model Information portion of FCC Form 655. In addition, the order of the questions has been changed so that manufacturers will only have to specify once what version of the ANSI standard was used for each handset.

(2) The *de minimis* exception section will be expanded by adding questions necessary to determine whether a filer is eligible under the new version of the exception that becomes effective on September 8, 2012. These questions will address whether a filer is a small entity

and how long it has been offering handsets. In addition, the text of the existing question will be modified to make clear that manufacturers must report all handsets that they offer in the United States.

(3) The Air Interfaces and Frequency Bands fields on the Handset Model Information portion of FCC Form 655 will be expanded to add "LTE", "Wi-Fi", "WiMax", "2.4 GHz", and "2.5 GHz". In addition, the question whether the handset operates over additional air interfaces and frequency bands will be eliminated as no longer necessary.

(4) A new question will be added to the Handset Model Information portion of FCC Form 655 asking whether the handset meets the criteria for a M3 rating for operations over GSM at 1900 MHz by enabling the user optionally to reduce the maximum power at which the handset will operate by no more than 2.5 decibels, except for emergency calls to 911. This information will help the Commission ensure that such handsets are counted correctly, as well as to monitor compliance with related disclosure requirements.

(5) In order to determine whether a filer is fully in compliance with the disclosure requirements, the Product Labeling portion of FCC Form 655 will be expanded. New questions will be added to determine whether appropriate disclosure/labeling was met for any handsets that let the consumer reduce maximum transmit power for GSM operations in the 1900 MHz band by up to 2.5 decibels, any handsets that a manufacturer may have tested under the 2011 version of the ANSI standard and found not to meet hearing aid compatibility criteria for those operations, and any handsets that were certified for inductive coupling under the 2011 ANSI standard without testing VoLTE transmissions.

Re: Notice of Debarment, File No. EB-12-IH-0400

Dear Ms. Harper: The Federal Communications Commission (Commission)

hereby notifies you that, pursuant to § 54.8 of its rules, you are prohibited from participating in the schools and libraries universal service support mechanism (E-Rate program) for three years from either the date of your receipt of this Notice of Debarment, or of its publication in the **Federal Register**, whichever is earlier in time (Debarment Date).<sup>1</sup>

On March 22, 2012, the Commission's Enforcement Bureau (Bureau) sent you a Notice of Suspension and Initiation of Debarment Proceeding (Notice of Suspension)<sup>2</sup> that was published in the **Federal Register** on April 23, 2012.<sup>3</sup> The Notice of Suspension suspended you from participating in activities associated with or relating to the E-Rate program. It also described the basis for initiating debarment proceedings against you, the applicable debarment procedures, and the effect of debarment.

As discussed in the Notice of Suspension, in June 2011 you pled guilty to conspiring with others to fraudulently obtain \$4.5

million in E-Rate contracts through your companies, Computer Training and Associates and Global Networking Technologies.<sup>4</sup> In addition, you admitted to bribing school officials in exchange for control of the E-Rate application and competitive bidding process.<sup>5</sup> Your fraudulent scheme adversely affected 20 schools and school districts located throughout six states.<sup>6</sup> Pursuant to § 54.8(c) of the Commission's rules, your conviction of criminal conduct in connection with the E-Rate program is the basis for this debarment.<sup>7</sup>

In accordance with the Commission's debarment rules, you were required to file with the Commission any opposition to your suspension or its scope, or to your proposed debarment or its scope, no later than 30 calendar days from either the date of your receipt of the Notice of Suspension or of its publication in the **Federal Register**, whichever date occurred first.<sup>8</sup> The Commission did not receive any such opposition.

For the foregoing reasons, you are debarred from participating in the E-Rate program for three years from the Debarment Date.<sup>9</sup> During this period, you are excluded from participating in any activities associated with or related to the E-Rate program, including the receipt of funds or discounted services through the E-Rate program, or consulting with, assisting, or advising applicants or service providers regarding the E-Rate program.<sup>10</sup>

Sincerely,  
Theresa Z. Cavanaugh,
