Forms of molybdenum include, but are not limited to, items falling under the following eight-digit HS numbers, as identified in the 2012 Tariff Implementation Program: 26131000, 26139000, 28257000, 28417010, 28417090, 72027000, 81021000, 81029400 and 81029700. Forms of molybdenum also include, but are not limited to, items falling under the following 10-digit CCC Codes, as identified in the 2012 Export Licensing Management Commodity List:

2613100000, 2613900000, 2825700000, 2841701000, 2841709000, 7202700000, 8102100000, 8102940000 and 8102970000.

USTR believes that these export restraints and China’s administration of and manner of imposing these export restraints are inconsistent with China’s obligations under Articles X and XI of the General Agreement on Tariffs and Trade 1994; paragraphs 2(A)2, 5.1 and 11.3 of Part I of the Protocol on the Accession of the People’s Republic of China (“Accession Protocol”); and the provisions of paragraph 1.2 of Part I of the Accession Protocol (which incorporates commitments in paragraphs 83, 84, 162 and 165 of the Report of the Working Party on the Accession of China).

Public Comment: Requirements for Submissions

Interested persons are invited to submit written comments concerning the issues raised in this dispute. Persons may submit public comments electronically to www.regulations.gov docket number USTR–2012–0005. If you are unable to provide submissions by www.regulations.gov, please contact Sandy McKinzy at (202) 395–9483 to arrange for an alternative method of transmission.

To submit comments via www.regulations.gov, enter docket number USTR–2012–0005 on the home page and click “search”. The site will provide a search-results page listing all documents associated with this docket. Find a reference to this notice by selecting “Notice” under “Document Type” on the left side of the search-results page, and click on the link entitled “Submit a Comment.” (For further information on using the www.regulations.gov Web site, please consult the resources provided on the Web site by clicking on “How to Use This Site” on the left side of the home page.)

The www.regulations.gov site provides the option of providing comments by filling in a “Type Comments” field, or by attaching a document using an “upload file” field. It is expected that most comments will be provided in an attached document. If a document is attached, it is sufficient to type “See attached” in the “Type Comments” field.

A person requesting that information contained in a comment submitted by that person be treated as confidential business information must certify that such information is business confidential and would not customarily be released to the public by the submitter. Confidential business information must be clearly designated as such and the submission must be marked “BUSINESS CONFIDENTIAL” at the top and bottom of the cover page and each succeeding page. Any comment containing business confidential information must be submitted by fax to Sandy McKinzy at (202) 395–3640. A non-confidential summary of the confidential information must be submitted to www.regulations.gov. The non-confidential summary will be placed in the docket and open to public inspection.

Information or advice contained in a comment submitted, other than business confidential information, may be determined by USTR to be confidential in accordance with section 135(g)(2) of the Trade Act of 1974 (19 U.S.C. 2155(g)(2)). If the submitter believes that information or advice may qualify as such, the submitter B must clearly mark the material as “SUBMITTED IN CONFIDENCE” at the top and bottom of the cover page and each succeeding page; and (3) Must provide a non-confidential summary of the information or advice. Any comment containing confidential information must be submitted by fax. A non-confidential summary of the confidential information must be submitted to www.regulations.gov. The non-confidential summary will be placed in the docket and open to public inspection.

Pursuant to section 127(e) of the Uruguay Round Agreements Act (19 U.S.C. 3573(e)), USTR will maintain a docket on this dispute settlement proceeding accessible to the public at www.regulations.gov, docket number USTR–2012–0005. The public file will include non-confidential comments received by USTR from the public with respect to the dispute. If a dispute settlement panel is convened or in the event of an appeal from such a panel, the U.S. submissions, any non-confidential submissions, or non-confidential summaries of submissions, received from other participants in the dispute, will be made available to the public on USTR’s Web site at www.ustr.gov, and the report of the panel, and, if applicable, the report of the Appellate Body, will be available on the Web site of the World Trade Organization, www.wto.org. Comments open to public inspection may be viewed on the www.regulations.gov Web site.

Federal Aviation Administration

Commercial Space Transportation Advisory Committee—Public Teleconference

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of Commercial Space Transportation Advisory Committee Teleconference.

SUMMARY: Pursuant to Section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463, 5 U.S.C. App. 2), notice is hereby given of three teleconferences of the Systems Working Group of the Commercial Space Transportation Advisory Committee (COMSTAC). The teleconferences will take place on: Tuesday August 14, 2012, Tuesday September 18, 2012, and Tuesday October 23, 2012. All teleconferences will begin at 1:00 p.m. Eastern Daylight Time and will last approximately one hour. Individuals who plan to participate should contact Susan Lender, Designated Federal Officer (DFO), (the Contact Person listed below) by phone or email for the teleconference call in number.

The purpose of these three teleconferences is to assist the FAA early in its development of regulations to protect occupants of commercial suborbital and orbital space craft. Although the FAA has not yet targeted a date for proposing regulations to protect the health and safety of crew and space flight participants, the FAA believes that the development of sound and appropriate regulations for human space flight can only be achieved with a deliberate, multi-year effort. Moreover, the FAA believes that early industry input into this regulatory effort before any formal proposal by the FAA is critical. Thus, the FAA would like to engage with COMSTAC on a periodic basis,
approximately once per month, on specific topics. The topics for the first three teleconferences are as follows:

1. **What Level of Safety Should FAA Target?** We will discuss whether the FAA should regulate to one or multiple levels of space flight safety, what level or levels of safety the FAA should attempt to achieve, and whether the level or levels of safety should be quantified. We will also discuss what level of care, short of a fatality, the FAA should be concerned with.

2. **What Should FAA Oversight Look Like?** Aircraft-like certification is not feasible at this time, due to current technology and the FAA’s statutory mandate only to pursue minimal regulations that take into consideration the evolving standards of safety in the commercial space flight industry. 51 U.S.C. 50905(c)(3). We will discuss what a licensing process should look like in terms of FAA oversight, whether such oversight could or should be called a “certification,” and for how long informed consent should remain in effect.

3. **What Types of Requirements and Associated Guidance Material Should FAA Develop?** In general, the FAA favors space transportation regulations that are performance or process based. We will discuss the level of empirical or analytical data necessary to justify any performance-based human space flight regulation, the possible use of Advisory Circulars to add clarity to regulations, and what place government and industry standards should have in FAA licensing.

Interested members of the public may submit relevant written statements for the COMSTAC working group members to consider under the advisory process. Statements may concern the issues and agenda items mentioned above or additional issues that may be relevant for the U.S. commercial space transportation industry. Interested parties wishing to submit written statements should contact Susan Lender, DFO, (the Contact Person listed below) in writing (mail or email) by August 7, 2012, for the August 14 teleconference, September 11, 2012, for the September 18 teleconference, and October 16, 2012, for the October 23 teleconference. This way the information can be made available to COMSTAC members for their review and consideration before each teleconference. Written statements should be supplied in the following formats: one hard copy with original signature or one electronic copy via email. The FAA may schedule up to 10 more teleconferences in the coming months to allow the U.S. commercial space transportation industry to share views with the FAA on a number of specific topics related to commercial human space flight safety.

An agenda will be posted on the FAA Web site at http://www.faa.gov/go/ast. Individuals who plan to participate and need special assistance should inform the Contact Person listed below in advance of the meeting.

**FOR FURTHER INFORMATION CONTACT:** Susan Lender (AST–5), Office of Commercial Space Transportation (AST), 800 Independence Avenue SW., Room 331, Washington, DC 20591, telephone (202) 267–8029; Email susan.lender@faa.gov. Complete information regarding COMSTAC is available on the FAA Web site at: http://www.faa.gov/about/office_org/headquarters_offices/ast/advisory_committee/

### DEPARTMENT OF TRANSPORTATION

**Federal Motor Carrier Safety Administration**

[Docket No. FMCSA–2012–0106]

**Qualification of Drivers; Exemption Applications; Vision**

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of final disposition.

**SUMMARY:** FMCSA announces its decision to exempt 12 individuals from the vision requirement in the Federal Motor Carrier Safety Regulations (FMCSRs). They are unable to meet the vision requirement in one eye for various reasons. The exemptions will enable these individuals to operate commercial motor vehicles (CMVs) in interstate commerce without meeting the prescribed vision requirement in one eye. The Agency has concluded that granting these exemptions will provide a level of safety that is equivalent to or greater than the level of safety maintained without the exemptions for these CMV drivers.

**DATES:** The exemptions are effective July 30, 2012. The exemptions expire on July 30, 2014.

**FOR FURTHER INFORMATION CONTACT:** Elaine M. Papp, Chief, Medical Program Division, (202)–366–4001, fmcsamedical@dot.gov, FMCSA, Department of Transportation, 1200 New Jersey Avenue SE., Room W64–224, Washington, DC 20590–0001. Office hours are from 8:30 a.m. to 5 p.m. Monday through Friday, except Federal holidays.

**SUPPLEMENTARY INFORMATION:**

**Electronic Access**

You may see all the comments online through the Federal Document Management System (FDMS) at http://www.regulations.gov.

**Docket:** For access to the docket to read background documents or comments, go to http://www.regulations.gov at any time or Room W12–140 on the ground level of the West Building, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The FDMS is available 24 hours each day, 365 days each year. If you want acknowledgement that we received your comments, please include a self-addressed, stamped envelope or postcard or print the acknowledgement page that appears after submitting comments on-line.

**Privacy Act:** Anyone may search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or of the person signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT’s Privacy Act Statement for the FDMS published in the Federal Register on January 17, 2008 (73 FR 3316), or you may visit http://edocket.access.gpo.gov/2008/pdf/ E8–785.pdf.

**Background**

On June 4, 2012, FMCSA published a notice of receipt of exemption applications from certain individuals, and requested comments from the public (77 FR 33017). That notice listed 12 applicants’ case histories. The 12 individuals applied for exemptions from the vision requirement in 49 CFR 391.41(b)(10), for drivers who operate CMVs in interstate commerce.

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption for a 2-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.” The statute also allows the Agency to renew exemptions at the end of the 2-year period. Accordingly, FMCSA has evaluated the 12 applications on their merits and made a determination to grant exemptions to each of them.
