DEPARTMENT OF TRANSPORTATION
Pipeline and Hazardous Materials Safety Administration

[Docket ID PHMSA–2012–0175]

Notice of Availability of Draft Environmental Assessment for Public Comment for the Longhorn Pipeline Reversal Project

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Notice of Availability of Draft Environmental Assessment for Public Comment for the Longhorn Pipeline Reversal Project.

SUMMARY: In accordance with the National Environmental Policy Act (NEPA), 42 U.S.C. 4321–4347, and the Council on Environmental Quality NEPA implementing regulations, 40 CFR Parts 1500–1508, the Pipeline and Hazardous Materials Safety Administration (PHMSA) is announcing the availability of and requesting comments on the Draft Environmental Assessment (Draft EA) for the Longhorn Pipeline Reversal Project (Proposed Project).

DATES: Submit any comments regarding the Draft EA no later than September 14, 2012.

ADDRESSES: Comments should reference the docket number PHMSA–2012–0175 at the beginning of the comment. Comments are posted without changes or edits to http://www.regulations.gov, including any personal information provided. There is a privacy statement published on http://www.regulations.gov. Comments may be submitted in the following ways:

E-Gov Web Site: http://www.regulations.gov. This site allows the public to enter comments on any Federal Register notice issued by any agency.

Mail: Docket Management System: U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590. If you submit your comments by mail, please submit two copies. To receive confirmation that PHMSA has received your comments, please include a self-addressed stamped postcard.

Hand Delivery: Docket Management System: U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590 between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays.

The Draft EA is also available for inspection at the following public libraries:

• Austin Public Library—Twin Oaks Branch, 1800 South 5th Street, Austin, TX 78704, 512–974–9980.
• Collier Regional Library, 6200 Pinemont Drive, Houston, TX, 77092, 832–393–1740.
• Abilene Public Library—South Branch, 1401 South Danville Drive, Abilene, TX 79605, 325–698–7565.
• El Paso Main Library, 501 North Oregon Street, El Paso, TX, 79901, 915–543–5433.
• Ector County Public Library, 321 West 5th Street, Odessa, TX 79761, 432–332–0633.

FOR FURTHER INFORMATION CONTACT: Amelia Samaras, Attorney, Pipeline and Hazardous Materials Safety Administration, Office of the Chief Counsel, 1200 New Jersey Avenue SE., Washington, DC 20590; by phone at 202–366–4362; or email at amelia.samaras@dot.gov.

SUPPLEMENTARY INFORMATION: The Longhorn Pipeline runs from El Paso, Texas to Houston, Texas and is owned and operated by Magellan Pipeline Company, L.P. (Magellan). The Longhorn Pipeline currently transports refined petroleum products from east to west (Houston to El Paso). The Proposed Project would convert the segment of the Longhorn Pipeline from Crane, Texas to East Houston, Texas to crude oil service and reverse the flow so that crude oil would flow from west to east (Crane to Houston). At Crane, refined products would enter the pipeline and move west to El Paso. The refined products would enter the Longhorn Pipeline via an existing pipeline segment that connects the Longhorn Pipeline to the existing Orion West Pipeline located to the north of the Longhorn Pipeline. The Orion West Pipeline runs from Frost, Texas to El Paso and is also owned and operated by Magellan.

PHMSA is responsible for regulating the transportation of hazardous liquids via pipeline. PHMSA issues and enforces pipeline safety regulations that dictate requirements for construction, design, testing, operation, and maintenance of natural gas and hazardous liquid (including crude oil, petroleum products, and anhydrous ammonia) pipelines. PHMSA does not typically serve as lead agency for pipeline construction projects, as it has no authority over pipeline sitting and does not issue any approval or authorization to commence a pipeline construction project. However, a settlement agreement specific to this action titled “The Longhorn Mitigation Plan” (LMP) resulted from litigation associated with changes to the Longhorn Pipeline in 1999. The LMP provides PHMSA with broader responsibility and oversight of the Longhorn Pipeline.

The Proposed Project would require upgrades to the pipeline and would include construction of a six-mile pipeline segment in El Paso and a 2.5-mile pipeline segment in Houston. Modifications and upgrades to existing infrastructure to facilitate reversal and increased capacity, such as new pump stations and terminals, would occur at various locations along the Longhorn and Orion Pipelines’ right-of-ways. Although not originally included in the LMP, activities along the Orion West Pipeline and the segment from Odessa to Crane that would take place as a result of the Proposed Project are analyzed in this Draft EA as connected actions.

This Draft EA analyzes the changes that would take place as a result of the Proposed Project and how the changes could impact the human environment during construction, normal operations, and in the unlikely event of a release. PHMSA has also analyzed the condition of the Longhorn Pipeline and how the change in product and direction would affect the pipeline.
PHMSA is issuing an advisory bulletin to alert all pipeline owners and operators of the circumstances of the Cherry Valley, Illinois derailment and remind them of the importance of assuring that pipeline facilities have not been damaged either during a railroad accident or other event occurring in the right-of-way. Further, the advisory bulletin reminds pipeline owners and operators of the importance of providing pertinent information to rail operators and emergency response officials during an incident. This information should include the presence, depth and location of the pipelines so that the movement of heavy equipment and debris on the right-of-way does not damage or rupture the pipeline or otherwise pose a hazard to people working on or around the accident location. The advisory also encourages pipeline owners and operators to inform rail operators and emergency response officials of the benefits of using the 811 “Call Before You Dig” program to identify and notify underground utilities that an incident has occurred in the vicinity of their buried facilities.

FOR FURTHER INFORMATION CONTACT:
David Appelbaum by phone at 202–366–1419 or by email at david.appelbaum@dot.gov. Information about PHMSA may be found at http://phmsa.dot.gov.

SUMMARY:
PHMSA is issuing an advisory bulletin to alert all pipeline owners and operators of the circumstances of the Cherry Valley, Illinois derailment and remind them of the importance of assuring that pipeline facilities have not been damaged either during a railroad accident or other event occurring in the right-of-way. Further, the advisory bulletin reminds pipeline owners and operators of the importance of providing pertinent information to rail operators and emergency response officials during an incident. This information should include the presence, depth and location of the pipelines so that the movement of heavy equipment and debris on the right-of-way does not damage or rupture the pipeline or otherwise pose a hazard to people working on or around the accident location. The advisory also encourages pipeline owners and operators to inform rail operators and emergency response officials of the benefits of using the 811 “Call Before You Dig” program to identify and notify underground utilities that an incident has occurred in the vicinity of their buried facilities.

DEPARTMENT OF THE TREASURY
Internal Revenue Service

Proposed Collection; Comment Request for Form 14145

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice and request for comments.

SUMMARY: The Department of the Treasury, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on the proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104–13 (44 U.S.C. 3506(c)(2)(A)). Currently, the IRS is soliciting comments concerning Form 14145, IRS Applicant Contact Card.

DATES: Written comments should be received on or before October 1, 2012 to be assured of consideration.

ADDRESSES: Direct all written comments to Yvette Lawrence, Internal Revenue Service, room 6129, 1111 Constitution Avenue NW., Washington, DC 20224.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the form and instructions should be directed to R. Joseph Durba, (202) 622–3634, at Internal Revenue Service, room 6129, 1111 Constitution Avenue NW., Washington, DC 20224, or through the Internet at RJoseph.Durba@irs.gov.

SUPPLEMENTARY INFORMATION: Title: IRS Applicant Contact Card.

OMB Number: 1545–XXXX.
