account, draft a benefit request, and
submit or abandon that request.

System: DHS/USCIS/PIA–042

Electronic Immigration System (ELIS–2)
Account and Case Management.

Component: USCIS.

Date of Approval: May 16, 2012.

USCIS is the component of DHS that
oversees lawful immigration to the
United States. USCIS is transforming its
operations by creating a new electronic
environment known as the USCIS ELIS,
which allows individuals requesting a
USCIS benefit to register online and
submit certain benefit requests through
the online system. This system will
improve customer service; increase
efficiency for processing benefits; better
identify potential national security
concerns, criminality, and fraud; and
create improved access controls and
better auditing capabilities. This PIA
was conducted because USCIS ELIS
collects and uses PII. This new
electronic environment is divided into
three distinct processes: (1) Temporary
Account and Draft Benefit Requests; (2)
Account and Case Management; and (3)
Automated Background Functions. This
PIA addresses the Account and Case
Management process by describing how
USCIS ELIS uses information provided
on initial and subsequent benefit
requests and subsequent collections to
create or update USCIS ELIS accounts;
gather any missing information; manage
workflows; assist USCIS in making a
benefit determination; and provide a
repository of data to assist with future
benefit requests.

System: DHS/USCIS/PIA–043

Electronic Immigration System (ELIS–3)
Automated Background Functions.

Component: USCIS.

Date of Approval: May 16, 2012.

USCIS is the component of DHS that
oversees lawful immigration to the
United States. USCIS is transforming its
operations by creating a new electronic
environment known as the USCIS ELIS,
which allows individuals requesting a
USCIS benefit to register online and
submit certain benefit requests through
the online system. This system will
improve customer service; increase
efficiency for processing benefits; better
identify potential national security
concerns, criminality, and fraud; and
create improved access controls and
better auditing capabilities. This PIA
was conducted because USCIS ELIS
collects and uses PII. This new
electronic environment is divided into
three distinct processes: (1) Temporary
Account and Draft Benefit Requests; (2)
Account and Case Management; and (3)
Automated Background Functions. This
PIA addresses the Automated
Background Functions process, which
includes the actions USCIS ELIS takes
to ensure that serious or complex cases
receive additional scrutiny by detecting
duplicate and related accounts and
identifying potential national security
concerns, criminality, and fraud.

System: DHS/USCIS/PIA–023

Enterprise Coordination and Approval
Processing System (eCAPS).

Component: FEMA.

Date of Approval: May 21, 2012.

FEMA, Office of Response and
Recovery (OR&R) operates the eCAPS
application. Following a Presidentially-
declared disaster, OR&R utilizes eCAPS,
a FEMA intranet-based application, to
collect, use, maintain, and disseminate
PII from federal and state points of
contact (POCs) who request disaster
support from FEMA. eCAPS tracks
action requests, electronic coordination
and approval of internal requisitions for
services and supplies, and mission
assignments. This PIA was conducted
because eCAPS collects, uses,
maintains, and disseminates PII from
federal and state POCs.

Dated: July 16, 2012.

Mary Ellen Callahan,
Chief Privacy Officer, Department of
Homeland Security.
