

believes would incentivize ETP Holders to submit Retail Orders to the Exchange in order to qualify for the applicable credit of \$0.0032 per share. The Exchange notes that certain other existing pricing Tiers within the Fee Schedule make credits available to ETP Holders that are also based on the ETP Holder's level of activity as a percentage of CADV. These existing percentage thresholds, depending on other related factors and the level of the corresponding credits, are both higher and lower than the 0.40% proposed herein.⁶ Moreover, like existing pricing on the Exchange that is tied to ETP Holder volume levels as a percentage of CADV, the proposed Retail Order Tier credit is equitable and not unfairly discriminatory because it would be available for all ETP Holders, including Market Makers, on an equal and non-discriminatory basis. Furthermore, the Exchange notes that the proposed Retail Order Tier would be optional for ETP holders.

The Exchange believes that excluding an ETP Holder that qualifies for the Retail Order Tier from the Tape A, Tape B and Tape C Step Up Tier rates and the Tape C Step Up Tier 2 rate is reasonable, equitable and not unfairly discriminatory because such orders would already receive a higher credit for such executions that provide liquidity on the Exchange.

Finally, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and credits to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

⁶ For example, Investor Tier 1 requires, in part, that an ETP Holder provide liquidity of 0.45% or more of CADV in order to qualify for a credit of \$0.0033 per share for orders that provide liquidity on the Exchange. Similarly, Investor Tier 2 requires, in part, that an ETP Holder provide liquidity of 0.60% or more of CADV in order to qualify for a credit of \$0.0032 per share for orders that provide liquidity on the Exchange. Additionally, Investor Tier 3 requires, in part, that an ETP Holder provide liquidity of between 0.30% and 0.45% of CADV in order to qualify for a credit of \$0.0030 per share for orders that provide liquidity on the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁷ of the Act and subparagraph (f)(2) of Rule 19b-4⁸ thereunder, because it establishes a due, fee, or other charge imposed by the NYSE Arca.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On September 10, 2010, the Commission approved, for a pilot period to end December 10, 2010, a proposed rule change submitted by the Exchange, together with related rule changes of the BATS Exchange, Inc., NASDAQ OMX BX, Inc., Chicago Board Options Exchange, Incorporated, Chicago Stock Exchange, Inc., EDGA Exchange, Inc., EDGX Exchange, Inc., International Securities Exchange LLC, New York Stock Exchange LLC, NYSE MKT LLC (formerly, NYSE Amex LLC), NYSE Arca, Inc., and National Stock Exchange, Inc., to amend certain of their respective rules to set forth clearer standards and curtail discretion with

respect to breaking erroneous trades.³ The changes were adopted to address concerns that the lack of clear guidelines for dealing with clearly erroneous transactions may have added to the confusion and uncertainty faced by investors on May 6, 2010. On December 7, 2010, the Exchange filed an immediately effective filing to extend the existing pilot program for four months, so that the pilot would expire on April 11, 2011.⁴ On March 31, 2011, the Exchange filed an immediately effective filing to extend the existing pilot program for four months, so that the pilot would expire on the earlier of August 11, 2011 or the date on which a limit up/limit down mechanism to address extraordinary market volatility, if adopted, applies.⁵ On August 5, 2011, the Exchange filed an immediately effective filing removed language from the rule that tied the expiration of the pilot to the adoption of a limit up/limit down mechanism to address extraordinary market volatility, and further extended the pilot period, so that the pilot would expire on January 31, 2012.⁶ On August 8, 2011, the Exchange filed an immediately effective filing to amend Rule 11890 so that it would continue to operate in the same manner after changes to the single stock trading pause process became effective.⁷ On January 12, 2012, the Exchange filed an immediately effective filing that extended the pilot to July 31, 2012.⁸

On May 31, 2012, the Commission approved, on a pilot basis, the National Market System Plan to Address Extraordinary Market Volatility.⁹ This plan creates a market-wide limit up-limit down mechanism that is intended to address extraordinary market volatility in NMS Stocks, which will be implemented on February 4, 2013. Once implemented, the plan will prevent execution of trades outside of certain trading bands, thus eliminating clearly erroneous transactions. The Exchange believes that the pilot program has been

successful in providing greater transparency and certainty to the process of breaking erroneous trades. The Exchange also believes that an additional extension of the pilot is warranted so that it may continue to monitor the effects of the pilot on the markets and investors, and consider appropriate adjustments, as necessary. Extending the pilot to February 4, 2013, the implementation date of the market-wide limit up-limit down mechanism will permit the Exchange to continue to provide clear standards and curtail discretion with respect to breaking erroneous trades until the limit up/limit down mechanism, which is designed to prevent clearly erroneous transactions from occurring, is implemented.

Accordingly, the Exchange is filing to further extend the pilot program until February 4, 2012.

2. Statutory Basis

The statutory basis for the proposed rule change is Section 6(b)(5) of the Securities Exchange Act of 1934 (the “Act”),¹⁰ which requires the rules of an exchange to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The proposed rule change also is designed to support the principles of Section 11A(a)(1)¹¹ of the Act in that it seeks to assure fair competition among brokers and dealers and among exchange markets. The Exchange believes that the proposed rule meets these requirements in that it promotes transparency and uniformity across markets concerning decisions to break erroneous trades. In addition, the Exchange believes extending the pilot to February 4, 2013 is consistent with the requirement to protect investors because it will permit the pilot to continue to provide clearer standards and curtail discretion with respect to breaking erroneous trades until the limit up/limit down mechanism is implemented, thus eliminating need for the pilot.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁴ and Rule 19b-4(f)(6)(iii) thereunder.¹⁵

A proposed rule change filed under Rule 19b-4(f)(6)¹⁶ normally does not become operative for 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6)(iii)¹⁷ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing.

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the pilot program to continue uninterrupted, thereby avoiding the investor confusion that could result from a temporary interruption in the pilot program. For this reason, the Commission designates the proposed rule change to be operative upon filing.¹⁸

¹⁴ 15 U.S.C. 78s(b)(3)(A).

¹⁵ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁷ 17 CFR 240.19b-4(f)(6)(iii).

¹⁸ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments
