

The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through www.regulations.gov. You may use www.regulations.gov to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select "search".

It is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at www.regulations.gov without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

B. How and to whom do I submit comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment and with any disk or CD-ROM you submit. This ensures that you can be identified as the submitter of the comment and allows

EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the www.regulations.gov Web site to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (email) system is not an "anonymous access" system. If you send an email comment directly to the Docket without going through www.regulations.gov, your email address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

Applicants may request such dismissal by filing a letter with the Commission ("Dismissal Letter") identifying the applications they wish to be dismissed. In the event that an applicant does not timely comply with these dismissal procedures, the Commission staff will first apply the national cap, retaining on file the first 50 filed applications and dismissing those that were subsequently filed. Estimated Time per Response: 2 hours.

Total Annual Burden: 2,600 hours.

Total Annual Costs: None.

Needs and Uses: On March 19, 2012, the Commission adopted a Fourth Report and Order and Third Order on Reconsideration ("Fourth Report and Order"), FCC 12-29. It adopts the market-based dismissal policy proposed in the Third Further Notice, FCC 11-105, with certain modifications. Among other things, it gives all translator applicants a limited opportunity to amend their proposals. It holds that translator applicants in "spectrum available" markets may modify their proposals so long as they do not preclude any LPFM channel/point combination identified in the Bureau's study ("Spectrum Available Amendments"). It further holds that translator applicants with proposals in "spectrum limited" markets will be allowed to modify their proposals to eliminate their preclusive impact on any of the LPFM point/channel combinations that would be available within the grid if all translator window applications in that market were dismissed ("Spectrum Limited Amendments") ("Spectrum Available Amendments" and "Spectrum Limited Amendments" are collectively referred to herein as, "Amendments"). In addition, any translator applicant in any top 50 spectrum limited market must demonstrate that its out-of-grid proposal would not preclude the only LPFM station licensing opportunity at that location ("Top 50 Market Preclusion

Showing"). Specifically, it needs to demonstrate either that no LPFM station could be licensed at the proposed transmitter site or, if an LPFM station could be licensed at the site, that an additional channel remains available for a future LPFM station at the same site.

Federal Communications Commission.

Deputy Manager, Office of the Secretary,
