inoperative. Reports, at a minimum, are required semiannually.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 419 hours per response. “Burden” means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose and provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Owners or operators of integrated iron and steel manufacturing facilities.

Estimated Number of Respondents: 18.

Frequency of Response: Initially, occasionally, and semiannually.

Estimated Total Annual Hour Burden: 18,421.

Estimated Total Annual Cost: $1,832,122, which includes $1,765,120 in labor costs, no capital/startup costs, and $67,002 in operation and maintenance (O&M) costs.

Changes in the Estimates: There is no change in the labor hours in this ICR compared to the previous ICR. This is due to two considerations: (1) The regulations have not changed over the past three years and are not anticipated to change over the next three years; and (2) the growth rate for the industry is very low, negative or non-existent, so there is no significant change in the overall burden. However, there is an increase in the total labor and Agency costs as currently identified in the OMB Inventory of Approved Burdens. This increase is not due to any program changes. The change in cost estimates reflects updated labor rates available from the Bureau of Labor Statistics.

John Moses,
Director, Collection Strategies Division.

ENVIRONMENTAL PROTECTION AGENCY

Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; Diesel Emissions Reduction Act (DERA) Rebate Program (New Collection); EPA ICR No. 2461.01

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 et seq.), this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request for a new collection. The ICR, which is abstracted below, describes the nature of the information collection and its estimated burden and cost.

DATES: Additional comments may be submitted on or before September 5, 2012.

ADDRESSES: Submit your comments, referencing Docket ID No. EPA–HQ–OAR–2012–0103, to (1) EPA online using www.regulations.gov (our preferred method), by email to a-and-r-docket@epa.gov, or by mail to: Environmental Protection Agency, EPA Docket Center (EPA/DC), Air and Radiation Docket and Information Center, Mail Code 221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460, and (2) OMB by mail to: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Julie Henning, Office of Transportation and Air Quality, National Vehicle and Fuel Emissions Laboratory, Environmental Protection Agency, 2000 Traverwood Drive, Ann Arbor, MI 48105; telephone number: 734–214–4442; fax number: 734–214–4958; email address: henning.julie@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On February 29, 2012 (77 FR 12284), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received one set of comments during the comment period, which are addressed in the ICR. Any additional comments on this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA has established a public docket for this ICR under Docket ID No. EPA–HQ–OAR–2012–0103, which is available for online viewing at http://www.regulations.gov, or in person viewing at the Air and Radiation Docket in the EPA Docket Center (EPA/DC), EPA West Building, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The EPA/DC Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202–566–1744, and the telephone number for the Air and Radiation Docket is 202–566–1742.

Use EPA’s electronic docket and comment system at www.regulations.gov, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select “docket search,” then key in the docket ID number identified above. Please note that EPA’s policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at www.regulations.gov as EPA receives them and without change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to www.regulations.gov.

Title: Diesel Emissions Reduction Act (DERA) Rebate Program (New Collection).

ICR Numbers: EPA ICR No. 2461.01, OMB Control No. 2060–NEW.

ICR Status: This ICR is for a new information collection activity. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA’s regulations in title 40 of the CFR, after appearing in the Federal Register when approved, are listed in 40 CFR part 9. They are displayed either in publication in the Federal Register or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This is a new Information Collection Request (ICR) for the Diesel Emission Reduction Act program (DERA) authorized by Title VII, Subtitle (Sections 791 to 797) of the Energy Policy Act of 2005 (Pub. L. 109–58), as amended by the Diesel Emissions...
Reduction Act of 2010 (Pub. L. 111–364), codified at 42 U.S.C. 16131 et seq. DERA provides the Environmental Protection Agency (EPA) with the authority to award grants, rebates or low-cost revolving loans on a competitive basis to eligible entities to fund the costs of a retrofit technology that significantly reduces diesel emissions from mobile sources through implementation of a certified engine configuration, verified technology, or emerging technology. Eligible mobile sources include buses (including school buses), medium heavy-duty or heavy heavy-duty diesel trucks, marine engines, locomotives, or nonroad engines or diesel vehicles or equipment used in construction, handling of cargo (including at port or airport), agriculture, mining, or energy production. In addition, eligible entities may also use funds awarded for programs or projects to reduce long-duration idling using verified technology involving a vehicle or equipment described above. The objective of the assistance under this program is to achieve significant reductions in diesel emissions in terms of tons of pollution produced and reductions in diesel emissions exposure, particularly from fleets operating in areas designated by the Administrator as poor air quality areas.

EPA uses approved procedures and forms to collect necessary information to operate a grant program, and has been providing grants under DERA since Fiscal Year 2008. EPA is requesting approval through this ICR for forms needed to collect necessary information to operate a rebate program as authorized by Congress under the DERA program.

EPA will collect information from applicants who wish to apply for a rebate under the DERA rebate program. Information collected from applicants will ensure that they are eligible to receive funds under DERA, that funds are provided for eligible activities, and to calculate estimated and actual emissions benefits that result from activities funded with rebates as required in DERA’s authorizing legislation.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 4 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Entities potentially affected by this action are those interested in applying for a rebate under EPA’s Diesel Emission Reduction Act (DERA) Rebate Program and include but are not limited to the following NAICS (North American Industry Classification System) codes: 23 Construction; 482 Rail Transportation; 483 Water Transportation; 484 Truck Transportation; 485 Transit and Ground Passenger Transportation; 48831 Port and Harbor Operations; 61111 Elementary and Secondary Schools; 61131 Colleges, Universities, and Professional Schools; 813212 Voluntary Health Organizations; 813219 Other Grantmaking and Giving Services; 813312 Environment, Conservation, and Wildlife Organizations; 813910 Business Associations; 813920 Professional Organizations; 9211 Executive, Legislative, and Other Government Support; and 9221 Justice, Public Order, and Safety Activities.

Estimated Number of Respondents: 120.
Frequency of Response: Voluntarily as needed.
Estimated Total Annual Hour Burden: 894 hours
Estimated Total Annual Cost: $44,548. This includes an estimated labor burden cost of $44,548 and an estimated cost of $0 for capital investment or maintenance and operational costs.

ENVIRONMENTAL PROTECTION AGENCY
[FRL–9710–6]
Notification of a Public Meeting of the Clean Air Scientific Advisory Committee (CASAC) Ozone Review Panel
AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

DATES: The CASAC Ozone Review Panel meeting will be held on Tuesday, September 11, 2012 from 9 a.m. to 5:30 p.m. (Eastern Time), Wednesday, September 12 from 8:30 a.m. to 5:30 p.m. (Eastern Time) and on Thursday, September 13, 2012 from 8:30 a.m. to 1 p.m. (Eastern Time).

ADDRESSES: The public meeting will be held at the Raleigh Marriott City Center, 500 Fayetteville Street, Raleigh, North Carolina 27601.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wants further information concerning the public meeting may contact Dr. Holly Stallworth, Designated Federal Officer (DFO), via telephone at (202) 564–2073 or email at stallworth.holly@epa.gov. General information concerning the CASAC can be found on the EPA Web site at http://www.epa.gov/casac.

SUPPLEMENTARY INFORMATION: The CASAC was established pursuant to the Clean Air Act (CAA) Amendments of 1977, codified at 42 U.S.C. 7409D(d)(2), to provide advice, information, and recommendations to the Administrator on the scientific and technical aspects of issues related to the criteria for air quality standards, research related to air quality, sources of air pollution, and the strategies to attain and maintain air quality standards and to prevent significant deterioration of air quality. The CASAC is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. Pursuant to FACA and EPA policy, notice is hereby given that the chartered CASAC augmented with additional experts, known as the CASAC Ozone Review Panel, will hold a public meeting to peer review EPA’s third external review draft of the Integrated Science Assessment for Ozone and Related Photochemical Oxidants (June 2012), Health Risk and Exposure Assessment for Ozone—First External Review Draft (July 2012),
