Management’s (BLM) Secure Rural Schools Resource Advisory Committees.

FOR FURTHER INFORMATION CONTACT: Allison Sandoval, BLM. Correspondence, International, and Advisory Committee Office, 1849 C Street NW., MS–MIB 5070, Washington, DC 20240; (202) 208–4294.

SUPPLEMENTARY INFORMATION: The purpose of the Committees is to provide recommendations to the Secretary for project funding, as required by the Secure Rural Schools and Community Self-Determination Act of 2000. Public Law 106–393, as amended by Public Law 110–343, Title VI (2008) and Public Law 112–557, Division F (2012).

Certification Statement

I hereby certify that the re-establishment of the Secure Rural Schools Resource Advisory Committees is necessary and in the public interest in connection with the Secretary of the Interior’s responsibilities to manage the lands, resources, and facilities administered by the BLM.

Dated: July 31, 2012.

Ken Salazar,
Secretary of the Interior.

DEPARTMENT OF THE INTERIOR
Bureau of Ocean Energy Management

[DOCKET NO. BOEM–2012–0068]

Notice of Determination of No Competitive Interest

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Notice of Determination of No Competitive Interest for Proposed Right-of-Way Grant Area

SUMMARY: This notice provides BOEM’s determination of no competitive interest (DNCl) for the area requested by the Deepwater Wind Block Island Transmission System, LLC, application for a Right-of-Way (ROW) grant for renewable energy purposes on the Outer Continental Shelf (OCS) off the coast of Rhode Island as described in the May 23, 2012, Notice of Proposed Grant Area and Request for Competitive Interest (RFCI) in the Area of the Deepwater Wind Block Island Transmission System (BITS) Proposal (77 FR 30551).

SUPPLEMENTARY INFORMATION:

Authority

This DNCl is published pursuant to subsection 8(p)(3) of the OCS Lands Act, which was added by section 388 of the Energy Policy Act of 2005 (EPAct) (43 U.S.C. 1337(p)(3)), and the implementing regulations at 30 CFR Part 585. Subsection 8(p)(3) of the OCS Lands Act requires that OCS renewable energy leases, easements, and ROWs be issued “on a competitive basis unless the Secretary determines after public notice of a proposed lease, easement, or ROW that there is no competitive interest.” The authority to make such determinations has been delegated to BOEM.

Determination and Next Steps

This DNCl provides notice to the public that BOEM has determined there is no competitive interest in the proposed ROW grant area, as no indications of competitive interest were submitted in response to the RFCI. In the RFCI, BOEM also solicited public comment on site conditions and multiple uses within the ROW grant area that would be relevant to the proposed project or its impacts. BOEM received public comment submissions from two (2) parties in response. The comments received in response to the RFCI will be used to inform BOEM in subsequent agency decisions. After the publication of this DNCl, BOEM will proceed with the noncompetitive ROW grant process outlined at 30 CFR 585.306(b).

Environmental Review Process

The U.S. Army Corps of Engineers (USACE) New England District and BOEM both have jurisdiction by law for portions of the BITS. The BITS would support Deepwater Wind’s proposed Block Island Wind Farm (BIWF), a proposed 30-megawatt offshore wind energy project located in Rhode Island State waters approximately 2.5 nautical miles southeast of Block Island. Since the majority of the activities and permanent structures related to the BIWF and the BITS will be sited in state waters and on state lands, the USACE will be the lead agency for the National Environmental Policy Act (NEPA) environmental analysis of both projects. The portion of the BITS that would be located on the OCS requires a ROW grant from BOEM, and BOEM will be a cooperating agency in the NEPA process. BOEM will consider all relevant information produced from the NEPA process and, if appropriate, adopt the USACE’s NEPA document prior to the issuance of any ROW grant.

BOEM and the USACE intend to conduct consultations required by Federal law or executive order jointly during the NEPA process. These consultations include, but are not limited to, those required by the Endangered Species Act, the Magnuson-Stevens Fishery Conservation and Management Act, the National Historic Preservation Act, and Executive Order 13175—"Consultation and Coordination with Tribal Governments."

Map of the Area

A map of the area proposed for a ROW grant can be found at the following URL: http://www.boem.gov/Renewable-Energy-Program/State-Activities/Rhode-Island.aspx.

Tommy P. Beaudreau,
Director, Bureau of Ocean Energy Management.

INTERNATIONAL TRADE COMMISSION

[INVESTIGATION NO. 337–TA–772]

Certain Polyimide Films, Products Containing Same, and Related Methods; Notice of Commission Determination to Partially Review and Partially Vacate the Final Initial Determination of the Administrative Law Judge

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to partially review and partially vacate the final initial determination (“final ID” or “ID”) of the presiding administrative law judge (“ALJ”) in the above-captioned investigation under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 (“section 337”). The ALJ found no violation of section 337.

FOR FURTHER INFORMATION CONTACT: James A. Worth, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205–3065. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S.

Having examined the final ID, the petitions for review, the responses thereto, and the relevant portions of the record in this investigation, the Commission has determined to partially review the final ID as follows. With respect to the ’866 patent, the Commission has determined to review the finding that Kaneka does not satisfy the technical prong of the domestic industry requirement. With respect to the ’704 patent, the Commission has determined to review and vacate as moot the ALJ’s alternative findings that the accused products do not infringe, that claim 1 is not invalid for anticipation or obviousness, and that Kaneka does not satisfy the technical prong or the economic prong of the domestic industry requirement. The Commission has determined not to review the ALJ’s conclusion that the asserted claims of the ’704 patent are invalid for indefiniteness. With respect to the ’961 patent, the Commission has determined to review the ALJ’s finding that certain of the accused products infringe and certain of the accused products do not infringe claim 9. The Commission has determined not to review the remainder of the ID.

The parties are requested to brief their positions on only the following questions, with reference to the applicable law and the evidentiary record:

With respect to the ’866 patent, would a complainant satisfy the technical prong of the domestic industry requirement if the products offered to satisfy the requirement met the elements of the asserted claims only intermittently or occasionally? See ID at 302.

[1] With respect to claim 9 of the ’961 patent, would a person of ordinary skill in the art require all replicates to be within the claimed range? Is there any evidence of record to indicate how a person of ordinary skill in the art would use confidence intervals or other statistical methods of working with variance to compare replicates with a claimed range?

The Commission does not request briefing on remedy, the public interest, and bonding at this time.

Written Submissions: The parties to the investigation are requested to file written submissions on the issues under review. The submissions should be concise and thoroughly referenced to the record in this investigation, including references to exhibits and testimony. The written submissions must be filed no later than the close of business on August 15, 2012. Reply submissions must be filed no later than the close of business on August 22, 2012. No further submissions will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must do so in accordance with Commission rule 210.4(f), 19 CFR 210.4(f), which requires electronic filing. The original document and eight true copies thereof must also be filed on or before the deadlines stated above with the Office of the Secretary. Any person desiring to submit a document (or portion thereof) to the Commission in confidence must request confidential treatment unless the information has already been granted such treatment during the proceedings. All such requests should be directed to the Secretary of the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 201.6. Documents for which confidential treatment is granted by the Commission will be treated accordingly. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary.

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and under Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: August 2, 2012.

William R. Bishop,
Assistant Secretary for Administration

DEPARTMENT OF JUSTICE

Agency Information Collection Activities: Collection; Comments Requested; Application for Approval as a Provider of a Personal Financial Management Instructional Course

ACTION: 30-Day notice of application under review.

The Department of Justice, Executive Office for United States Trustees, has submitted the following application to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.).
