

and use of mail, landline telephone, and internet modes. The 2013 Alternative Contact Strategy Test is the first test to support this research.

The Census Bureau will test alternate contact information through a self-response test. Telephone numbers obtained from commercial vendors will be used to contact 40,000 households. Information on the household's communication and contact modes will be collected. The information will be analyzed to inform future contact strategies for 2020 Research and Testing Project tests and design options for the 2020 Census.

II. Method of Collection

The Census Bureau will conduct the 2013 Alternative Contact Strategy Test with a national sample of 40,000 households, utilizing Computer Assisted Telephone Interviews. The Census Bureau estimates the response rate to be 65 percent. Interviewers will call households to confirm and collect contact information such as address, telephone, cell, and email.

The Census Bureau plans to conduct the 2013 Alternative Contact Strategy Test data collection in early winter of 2013. The specific data collection start and end dates along with the duration of the data collection period are still under consideration. The Census Bureau, however, expects that the duration of the data collection period will be about a month.

Diamond Sawblades and Parts Thereof From the People's Republic of China: Rescission of Antidumping Duty Administrative Review in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On December 28, 2010, the Department initiated an administrative review of the antidumping duty order on diamond sawblades and parts thereof (diamond sawblades) from the People's Republic of China (the PRC). The period of review is January 23, 2009, through October 31, 2010. The Department is rescinding this review in part.

DATES: *Effective Date:* August 8, 2012.

FOR FURTHER INFORMATION CONTACT: Yang Jin Chun, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-5760.

SUPPLEMENTARY INFORMATION:

Rescission of Administrative Review in Part

On December 28, 2010, based on timely requests for an administrative review, the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on diamond sawblades from the PRC.¹ In accordance

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 75 FR 81565 (December 28, 2010).

with 19 CFR 351.213(d)(1), the Department will rescind an administrative review "if a party that requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review." On March 28, 2011, the petitioner, Diamond Sawblades Manufacturers Coalition, withdrew its request for review of sales of subject merchandise with respect to Hebei Jikai Industrial Group Co., Ltd. (Hebei Jikai) and Jiangyin Likn Industry Co., Ltd. (Jiangyin Likn). These two companies have separate rates from a prior segment of this proceeding.² In *Diamond Sawblades and Parts Thereof from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review and Intent to Rescind Review in Part*, 76 FR 76135 (December 6, 2011), we inadvertently assigned the PRC-wide rate to these companies. However, it is the Department's practice to rescind an administrative review with respect to a company that has a separate rate from a prior segment of the proceeding where the only party that requested a review timely withdrew its request.³

On June 4, 2012, the Department deferred issuing the final results of this administrative review in order to investigate further serious allegations of fraud in the concurrent administrative review of diamond sawblades and parts thereof from Korea.⁴ These allegations involve Korean affiliates of a Chinese mandatory respondent (Weihai Xiangguang Mechanical Industrial Co., Ltd.) and a Chinese separate-rate company (Qingdao Shinhan Diamond Industrial Co., Ltd.). That said, because we received letters withdrawing the requests for review of Hebei Jikai and Jiangyin Likn within the 90-day time limit, and we received no other requests for review of these companies, the Department is rescinding this review with respect to diamond sawblades from the PRC exported by these two companies in accordance with 19 CFR 351.213(d)(1). The Department will issue appropriate assessment instructions to U.S. Customs and Border

Notification to Importer

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice is published in accordance with section 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: August 2, 2012.

Senior Advisor for Antidumping and Countervailing Duty Operations.

Narrow Woven Ribbons With Woven Selvedge From the People's Republic of China: Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to requests from interested parties, the Department of Commerce ("the Department") is conducting an administrative review of the antidumping duty order on narrow woven ribbons with woven selvedge ("Ribbons") from the People's Republic of China ("PRC"). The period of review ("POR") is September 1, 2010, through August 31, 2011.

As discussed below, the Department preliminarily determines that the PRC-wide entity made sales in the United States at prices below normal value ("NV"). If the preliminary results are adopted in our final results of administrative review, we will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on all appropriate entries. Interested parties are invited to comment on the preliminary results.

We invite interested parties to comment on these preliminary results. Parties who submit comments are

requested to submit with each argument a summary of the argument. We intend to issue the final results no later than 120 days from the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act").

DATES: *Effective Date:* August 8, 2012.

FOR FURTHER INFORMATION CONTACT: Karine Gziryan or Robert Bolling, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4081 and (202) 482-3434 respectively.

SUPPLEMENTARY INFORMATION:

Background

On September 1, 2010, the Department published in the **Federal Register** an antidumping duty order on NWR from the PRC.¹ On September 23, 2011, the Department published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on NWR from the PRC for the period September 1, 2010, through August 31, 2011.² On September 21, 29th, and 30th, 2011, the Department received timely requests in accordance with 19 CFR 351.213(b)(2) for an administrative review from Weifang Dongfang Ribbon Weaving Co., Ltd. ("Weifang Dongfang"), Stribbons (Guangzhou) Ltd. ("Stribbons Guangzhou"), Stribbons (Nanyang) MNC, Ltd. ("Stribbons MNC"), Yangzhou Bestpak Gifts & Crafts Co., Ltd. ("Bestpak"), and Precious Planet Ribbons & Bows Co., Ltd. ("Precious Planet"). On September 30, 2011, the Department also received a timely request from Berwick Offray LLC and its wholly-owned subsidiary Lion Ribbon Company, Inc. (collectively, "Petitioners"), in accordance with 19 CFR 351.213(b)(1), for an administrative review of the antidumping duty order on NWR from the PRC for ten companies: Yama Ribbons and Bows Co., Ltd. ("Yama Ribbons"), Hubschercorp (Canada), Apex Ribbon (Canada), Pacific Imports (Canada), Supreme Laces Inc. (Canada), Multicolor Inc. (Canada), Apex

Trimblings (Canada), Papillon Ribbon & Bow (Canada), FinerRibbon.com (Canada), and Intercontinental Skyline (Canada).

On October 31, 2011, the Department published a notice of initiation of an antidumping duty administrative review on NWR from the PRC, in which it initiated a review of Hubschercorp, Apex Ribbon, Pacific Imports, Supreme Laces Inc., Multicolor Inc., Apex Trimblings, Papillon Ribbon & Bow (Canada), FinerRibbon.com., Intercontinental Skyline, Weifang Dongfang, Stribbons Guangzhou, Stribbons MNC, Bestpak, Precious Planet, and Yama Ribbons.³

On November 16, 2011, the Department placed on the record CBP import data for certain Harmonized Tariff Schedule of the United States ("HTSUS") subheadings. On November 23, 2011, the Department received comments from Stribbons (Guangzhou) Ltd., Stribbons (Nanyang) MNC, Ltd., Bestpak and Petitioners. After examining the CBP data and the comments from the interested parties, the Department concluded that the import data was reported using inconsistent units of measurement. The Department was, therefore, unable to select mandatory respondents based solely on this data.

On December 6, 2011, to clarify the import data on the record, the Department issued quantity and value ("Q&V") questionnaires to exporters who allegedly had imports of NWR during the POR according to the CBP import data on the record. The Department requested that the companies report the Q&V of their POR exports and/or shipments of NWR to the United States using specified units of measurement. The Department also received Q&V submissions from Hubscher Ribbon Corp., Ltd. ("Hubschercorp") and Precious Planet on December 20, 2011.⁴

Because the PRC is a non-market economy ("NME"), companies wishing to receive a separate antidumping rate for purposes of this administrative review were required to file a timely separate rate application or separate rate certification. The separate rate application and/or certification in this case were due within 60 days from the initiation of the antidumping administrative review,⁵ no later than
