5. Statement of Reclamation Action—31 CFR 210—0960–0734. Regulations governing the Federal Government Participation in the Automated Clearing House (1) allow SSA to send Social Security payments to Canada and (2) mandate the reclamation of funds paid erroneously to a Canadian bank or financial institution after the death of a Social Security beneficiary. SSA uses Form SSA–1713, Notice of Reclamation Action, to determine if, how, and when the Canadian bank or financial institution will return erroneous payments after the death of a Social Security beneficiary who elected to have payments sent to Canada. Form SSA–1712 (or SSA–1712 CN), Notice of Reclamation—Canada Payment Made in the United States, is the cover sheet SSA prepares to request return of the payment. The respondents are Canadian banks and financial institutions who erroneously received Social Security payments.

Type of Request: Revision of an OMB-approved information collection.

6. Electronic Records Express (Third Parties)—20 CFR 404.1700–404.1715—0960–0767. Electronic Records Express (ERE) is an online system that enables medical providers and various third-party representatives to download and submit disability claimant information electronically to SSA as part of the disability application process. To ensure only authorized people access ERE, SSA requires third parties to complete a unique registration process if they wish to use this system. This Information Collection Request (ICR) includes the third-party registration process; the burden for submitting evidence to SSA is part of other, various ICRs. The respondents are third-party representatives of disability applicants or recipients who want to use ERE to electronically access clients’ disability files online and submit information to SSA.
